Vallivue School District #139

It is the intent of the board of trustees of this district that the district takes reasonable actions to protect the educational process by providing a safe environment. While the board encourages students, parents, and patrons to take an interest in the district’s educational programs, the board has an obligation to maintain an atmosphere of respect, order, and professionalism on district premises.

PROHIBITION

Any conduct including, but not limited to, distracting staff members from meeting contractual obligations, interrupting instructional time in the classroom, interrupting teacher planning time during the contract day (i.e. to discuss personal issues or inappropriate topics), contacting other parents about confidential student issues, using inappropriate language throughout the school environment or verbally and/or physically assaulting another individual on district premises that is determined by school officials to be disruptive to the educational process or detrimental to the morals, health, safety, academic learning, or discipline of students is prohibited.

Additionally, all persons, while on school grounds, are prohibited from willfully threatening, by word or act, to use a firearm or other deadly or dangerous weapon to do violence to any other person on school grounds. Such threats, if known to school personnel, will be immediately reported to law enforcement. For purposes of this policy, “school grounds” means any district-owned property or vehicle, or location where a school-sponsored event is occurring.

DENIAL OF ENTRY

The superintendent or designee has the authority to determine if an individual’s conduct violates this policy. In the event such disruption or detrimental conduct is determined to have occurred or is occurring, the individual(s) causing the disruption will be notified in writing, or verbally, to immediately leave the district premises. The superintendent or designee may determine that such individuals will be denied entry to any school grounds, upon giving notice to the individual.

In the event the individual(s) refuse to leave or, without permission or invitation, return and enter the district premises, it will be deemed to be trespassing and may be referred to law enforcement.

In the event a student or staff member causes the disruption or detrimental conduct, other appropriate disciplinary action may also be imposed.

In addition, this policy applies to all school sponsored events and this district adopts the sportsmanship standards imposed by the Idaho High School Activities Association (IHSAA). Individuals attending events sponsored by the district and/or IHSAA are expected to demonstrate respect, order, and good sportsmanship.
