## International Walk To School Day comes to Fullerton

On Wednesday, Oct. 10, Fullerton School families hit the sidewalks for International Walk to School Day. Addison police officers and Fullerton staff members were at the street corners near students' homes to make sure walkers arrived safely at school. Physical Education teacher Karen Coffinbargar registered the school on [walkbiketoschool.org](http://walkbiketoschool.org) to become one of more than 5,000 schools in the US that participated in the health-focused event.
