January 15, 2019

Dear ASOY community.

In recent meetings, the ASOY School Board discussed the budget for SY2019/2020. The board has stressed the importance of pursuing our goal of becoming an IB World Continuum School offering the Primary Years Programme(PYP), Middle Years Programme(MYP) and Diploma Programme(DP). The board has also stressed the importance of recruiting and retaining experienced IB teachers.

To do this, the board identified significant areas which include; across-the-board professional development training for faculty and staff, annual dues and expenses related to the three IB Programmes. ASOY is also hiring new staff, as we continue to expand program offerings in the elementary school and high school.

The board was also able to provide for inflation. This decision was necessary to assist the Director to securely run the operations of SY2019-2020 to the end.

The board also approved the recommendations of the School Director; which include and are not limited to; providing students with all classroom materials with the exception of big-ticket items like graphing calculators and student computers.

To keep up with these improvements, the School Board has approved a 2% (two percent) increase in tuition fees for the next SY2019/2020.

We are confident that you will be pleased with many of the changes and improvements that our school will witness in the next school year as we grow into an IB World Continuum School. After listening to many of you, the board remains committed that ASOY offers the best and becomes the school of choice in this region.

Bradley Bell
Director.
ASOY.

Elsara Badri
President
ASOY School Board.
