Principal's Message

Ramblewood Elementary School is a California Distinguished School. Since its first day as a school, the K-6 campus has provided a safe, nurturing, academic environment where students are well-behaved, mannerly and experience the highest of academic standards. The California Common Core State Standards are the foundation of student learning, and all students are expected to achieve at their highest potential.

The mission of Ramblewood Elementary School is that of the Franklin-McKinley School District: Ramblewood will ensure that all eighth grade student graduates have the skills and knowledge to be ready for a college preparatory curriculum in high school. Students will all have the ability to pursue a program preparing them for university and/or careers and lifelong learning. Ramblewood's function as a school is to prepare all children to be global learners in the 21st Century, by promoting high aspirations for all students and staff . Ramblewood staff members successfully achieve a multiple range of student outcomes, which include learning how to learn, respecting individual and cultural diversity, and by preparing all students for a knowledge-based world. This is all accomplished by adhering to Ramblewood's core values of student focus, partnership, integrity, respect, innovation and teamwork.

Ramblewood Elementary School Mission & Vision

Mission: Ramblewood will ensure that all students will have the skills and knowledge to be ready for middle school and high school. They will have the ability to pursue a program preparing them for careers, universities and lifelong learning.

Vision: Ramblewood promotes high aspirations for all students and staff. We successfully achieve a multiple range of student outcomes, which include learning how to learn, respecting others, being responsible and preparing all students for a knowledge-based world.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Textbook and instructional Materials: The local governing board of the Franklin-McKinley School District has certified that each pupil in the District, in kindergarten through eighth grade, has been provided with standards-aligned textbooks and/or instructional materials in each of the following areas: reading/language arts, mathematics, science and history/social studies. Health is included in the science curriculum. All District textbook adoptions are within the scope of the most recent State Board of Education adoptions and comply with California Education Code provisions.

In accordance with the California Education Code and the Williams Settlement mandates, procedures, monitoring processes and reporting practices by principals and District departments have ensured that all students have access to the current, standards-based textbooks and instructional materials.

In order to comply with the mandates to provide students with the most recent state-approved adoptions in the core areas of Reading/Language Arts, Mathematics, Science and History/Social Studies (Health is included in the Science curriculum), a textbook inventory was conducted at every school by September 2018. Each principal was responsible for ensuring that every student was provided with the necessary textbooks and instructional materials. In addition, the updated inventory count was also verified by each site for every classroom in September 2018. In addition, principals were responsible for the replenishment of needed textbooks at every grade level (K-8). All ordering and delivery materials are through an established set of procedures with the District Service Center. As part of the monitoring of sufficiency of textbooks and instructional materials, principals submit a school wide and an individual classroom report to the Curriculum, Instruction and Assessment Department annually.

As a result of the inventories, the Franklin-McKinley Board of Education certified that each student in grades K-8, inclusive, including English learners, have been furnished a complete set of core instructional materials and textbooks that meet the requirements of the California Education Code. A public hearing regarding the sufficiency of said materials that are consistent with state-adopted frameworks was held on September 11, 2018. A Resolution on Sufficiency of Materials, according to the Williams Act mandates, was passed at a public hearing on September 25, 2018.

School Facility Conditions and Planned Improvements (Most Recent Year)
This school has 17 classrooms, a multi -purpose room, a library and an administration building. The main campus was built in 2005.

The site has two custodians, who clean the site on a daily basis. The morning custodian is on site from 6:00 a.m. – 2:30 p.m., and the evening custodian's hours is on site 3:00 – 7:00 p.m.
- Completed in 2015/16 replacement of play structure surfaces (3) with pour in place rubber surfaces.

In Spring of 2018 the three play structures will get shade structures. Plus a new all inclusive playground will be installed with a 50/50 match of a grant from County of Santa Clara.

B. Pupil Outcomes

State Priority: Pupil Achievement
The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Subject	2017-18 CAASPP Results for All Students					
	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	48.0	56.0	47.0	48.0	48.0	50.0
Math	53.0	58.0	42.0	43.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes
The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

C. Engagement

State Priority: Parental Involvement
The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):
• Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)
Parents are integral to the success of Ramblewood Elementary School. Parents are welcome and encouraged to be involved on our campus. They are invited to visit and take part in parent organizations. The following groups and events are available for parent involvement: School Site Council, Back-to-School Night, Book Fairs, Coffee with the Principal, English Learners Advisory Council (ELAC), Parent Teacher group and fundraising activities. Parents are encouraged to volunteer in the classrooms, attend field trips and most importantly, support their child's education at home.

For more information on how to be involved, please contact us at (408) 283-6275, or contact your child's teacher.

State Priority: School Climate
The SARC provides the following information relevant to the State priority: School Climate (Priority 6):
• Pupil suspension rates;
• Pupil expulsion rates; and
• Other local measures on the sense of safety.

School Safety Plan

All schools in the Franklin-McKinley School District has a very detailed, comprehensive safety plan designed to ensure both the health and security of all students and staff. The safety plan consists of a wide variety of site drills designed to meet a number of emergency situations that might arise. All school sites within Franklin-McKinley School District practice fire, drop and cover (earthquake), and intruder drills. There are established committees at all sites and levels to review safety procedures, correct any problems that may exist and expand FMSD's capacity to deliver services when and where needed. In addition, all required drills are calendared, completed, and evaluated with the results being communicated to all staff and parents in the medium of the school website and via email from an administrator. The School Safety Plan as reviewed, updated, and discussed with the school faculty and approved by the Board of Trustees each year before March 1.

Professional Development provided for Teachers

Franklin – McKinley School District sponsors multiple professional staff development sessions during the course of the school year, which includes two days before school starts in August and four, minimum day sessions scheduled throughout the year for a total of six days of district sponsored professional development. These district wide sessions are scheduled to meet grade level and content specific needs. FMSD has prioritized Early Literacy using guided reading for grades TK-3, English Language Learner educational needs and continual focus on data analysis to support improvement. The District Early Learning initiative has provided TK and Kindergarten teachers with training in socio-emotional learning. FMSD also provides support to staff and principals to ensure a positive school climate through training regarding socio-emotional early learning, positive behavior supports, parent involvement, and restorative practices. Professional development includes coaching and professional support from district coaches and consultants; our teachers and other staff are also encouraged and take advantage of, extensive training opportunities within the district and on their own.

2017-18 professional learning focus areas are:
- Social emotional learning
- Guided reading and balanced literacy (grade 1-3 teachers)
- Next Generation Science Standards implementation (middle school science teachers)
- Math: Content and standards for mathematical practice implementation and increasing student engagement (middle school math teachers)
- Social studies content standards
- Health and safety trainings (middle school physical education teachers)
- Suicide awareness and prevention and gender equity

District coaches also build teacher capacity with the overall goal to improve student learning. Some ways instructional coaches support teacher practice include the following:
- Social Emotional Learning in grades TK-1st grade
- Focusing on student learning
- Improving teaching practices and teacher efficacy
- Working together as professionals
- Developing a deep cycle of learning or a quick learning experience
- Co-planning, co-teaching, reflecting
- Planning effective and rigorous standards- based aligned lessons
- Assessment-driven instruction
- Guided reading and balanced literacy components
- English 3D implementation support grades 4-8
- Engaging in focused observation and feedback cycles both in teachers own classrooms as well as classrooms of experienced and expert teachers
- Sobrato Early Learning Academic Language Development (SEAL Project at McKinley, Santee, Los Arboles and Dahl)
- Using Assessment Tools and Technology

Finally, teachers work with one another during collaboration periods during the school week. This collaborative work is very instrumental in sharing best practices with one another. Teacher collaboration is key to focus to improve student learning. Teachers meet in site or department teams to focus on student learning, including data-analysis and analyzing at student work.

Types of Services Funded

The following is a list of Federal and State funded programs that are provided to students at Franklin-McKinley School District:

- Title I (Basic Grant) funded intervention programs, supplemental instructional materials, professional development and parent engagement activities.
- Title II (Teacher & Principal Training and Recruiting) funds Teacher Induction and mentoring for new teachers
- Title III (for Limited English Proficient Students) funds support interpretation and translation services and parent engagement activities for parents of EL students.
- After School Education and Safety Program (ASES)
- Hourly Programs (extended day/year education)
- Local Control Funding Formula (LCFF) funded services include instructional materials, staffing, academic and social emotional support, school site supplemental services for identified students and professional development
- Starting Smart and Strong Grant
- National School Lunch Program

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
