# School Accountability Report Card Reported Using Data from the 2017—18 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2018—19)

Freedom Home School is founded on the belief that all students can succeed in school when provided education that fits their life. The educational program is designed to provide each student with personalized educational opportunities needed for academic growth and preparation for postsecondary education and/or the world of work. A standards-based curriculum and strategies that maximize the use of each student learning modalities form the basis for the educational program described in the student's Individual Learning Plan (ILP).

The overriding goal of the Freedom Home School is to provide expanded choices for students and parents in the types of educational opportunities that are available within a flexible and individualized learning environment. Freedom Home School is based on a belief that each student can succeed and deserves an education that is rigorous, relevant and well defined. At the same time, Freedom Home School's Independent Study Program recognizes that each individual is unique and, therefore, is entitled to an education that is meaningful and sensitive to his or her varied and often changing needs. This is especially true for at-risk students who may not respond to traditional teaching and evaluation method as well as for highly gifted students whose educational abilities and needs may surpass or differ from their counterparts in a traditional public school system.

Freedom Home School is located in Madera, California, and is part of Golden Valley Unified School District. Freedom Home School currently serves students in and around Madera County and students are primarily referred to us by our comprehensive high school located in the Madera Ranchos community.

Freedom Home School currently has 18 students in grades 9-12, having just opened to high school in August of 2017. Our students receive their instructional support and mentoring at our facility located within Golden Valley Unified School District. Our students receive their instruction through online curriculum at the location of their choice, most often at home or in the Freedom Home School classroom.

The main source of income in the region is predominantly the agricultural industry as the Central Valley has rich fertile soil and vast, open land perfect for various crops and ranching. However, there has been a shift in recent years due to significant drought conditions and increasing populations causing urban sprawl. Government services employ a large number of individuals in our community to include: police officers, teachers, forestry, firefighters and the support personnel for these agencies.

We have a significantly stable community with minimal transiency and high school attendance rates averaging 96%. Our rural community and limited housing development over the years has stabilized our population. According to the US Census Bureau in 2016, the estimated population of Madera Ranchos was 8,569 and the city of Madera was 61,416. However, we are anticipating significant growth over the next 5 years as a large housing development has begun within our school district, which will greatly increase our student enrollment and the need for increased options for student educational settings

### Vision Statement

Freedom Home School provides personalized education to empower students to pursue their limitless potential. Through rigorous, standards-based curriculum, enrichment opportunities, technology, and personal support by a highly skilled teacher, Freedom Home School students will establish themselves as the leaders of personal success and academic achievement within and beyond Golden Valley Unified School District.

### Mission Statement

The mission of Freedom Home School is to provide a rigorous, standards-based education which meets the personalized educational needs of K-8 students within and surrounding the Golden Valley Unified School District.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2016—17	School 2017—18	District 2016—17	District 2017—18	State 2016—17	State 2017—18
English Language Arts / Literacy (grades 3-8 and 11)	43.0%	56.0%	59.0%	60.0%	48.0%	50.0%
Mathematics (grades 3-8 and 11)	19.0%	28.0%	45.0%	48.0%	37.0%	38.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2018—19)

Parental and community involvement is a very important component of the Freedom Home School program. The students and staff at Freedom Home School are very fortunate to have strong support from parents who serve in many ways. Parents provide input on the instructional program and advice on the use of categorical funding. Volunteers are readily available to support ongoing school activities. Principal Round-tables are held regularly to allow parents and community members to visit with the principal, ask questions or voice concerns that they might have.

For more information on how to get involved at Freedom Home School, please contact Mrs. Chelan Shepherd at 645- 3590.

# State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

## Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

## School Safety Plan (School Year 2018—19)

Freedom Home School has a Safe School Plan that will be reviewed and updated annually. Plans will be reviewed with staff annually often at the beginning of each School Year. Our School Site Council (SSC) approves our Safe School Plan. Emergency drills are conducted to prepare students and staff in the event of an emergency. We strive to maintain a safe, clean, respectful and orderly school campus that encourages positive attitudes in students and staff. A joint effort between students and staff help keep the campus clean and litter free. Site maintenance staff surveys their campus as the first order of business each day. They insure the campus is clean, any vandalism is corrected, and that the campus is presentable and representative of the priority Golden Valley Unified School Board sets on safety and appearance. Freedom Home School's comprehensive safety plan was reviewed and updated in September of 2018 by the FHS faculty. The plan with any changes is approved by the Golden Valley Unified School District Board of Trustees annually.

**Professional Development**

FHS Staff participate in district initiated professional development opportunities throughout the school year. Additional professional development is focused on student achievement on standards based curriculum, compliance with Independent Study operations, and best practices for learning through the independent study model. This is accomplished by attendance at the California Consortium for Independent Study Annual Conference and through weekly staff meetings to discuss student progress and needed program changes based on student data, to provide the optimal learning experience for all Freedom Home School students.
