Dear AP Human Geography Student:

This summer you will be required to complete some assignments in preparation for this class. ***Please follow the instructions carefully.***

### **Assignment # 1**

1. Complete K-I-M style vocab notes (instructions will be on website) for the “General Terms” and “Geographic Terms” as the first part of “VO-MAP” on the back of these instructions.
2. Use the attached map to label and identify the list of “Cities, Countries, Land & Water Features.”
  - a. *There will be a map test over them on the first day of class, so be prepared!*

### **Assignment # 2**

**Complete the online PowerPoint slides and accompanying notes.** There will be 5 presentations placed online and a note sheet that corresponds with each for you to record information on and organize into your notebook. These outline the most basic concepts in this class and will help us “hit the ground running.” You will be responsible for all the information online by the first day of school. The topics online are the following:

- 01 – Intro to Human Geography
- 02 – 5 Themes of Geography
- 03 – ATR Thematic Maps
- 04 – Thematic Maps
- 05 – Map Projections ATR

*\*If you do not have PowerPoint you can still view the info by downloading the files and opening the files using Google Slides (It will convert them into viewable files for free if you have a Google Account ☺).*

The website where the files can be found is: <http://duluthaphumangeo.weebly.com/>

All assignments are **due on the first day of class.**

We look forward to meeting you. Please feel free to contact us with questions or concerns. We are going to have a great year!

Sincerely,

Melissa Margulis & Jordan White

# AP HUMAN GEOGRAPHY= SUMMER ASSIGNMENT RIVERBEND HIGH SCHOOL

The purpose of the summer assignment for the AP Human Geography course is to introduce students to terms and places that are studied during the school year. The assessment for the summer assignment is a vocab/map identification **test on the first day of school.**

Thanks and see you in August!

***Mrs. Margulis & Mr. White***

~~~~~

## VOCAB AND MAP= “VO-MAP” LIST

- ☑ VOCAB= Define the listed terms with relevant definitions. Use an appropriate dictionary. Flash cards are a great help.
- MAP= Locate and identify the listed places on the world map attached. Use any atlas, encyclopedia, or the Internet. If you don't want to study a printed atlas, try printing the outline maps and fill them in on your own. Makes a great study trick!

### GENERAL TERMS:

Alliance  
Attribute (noun)  
Defect (verb)  
Disperse  
Disseminate  
Iconic  
Impede  
Innovation  
Marginalized  
Perpetual  
Perspective  
Predominant  
Redundant  
Sparse  
Susceptible

### GEOGRAPHIC TERMS:

Alpine  
Arid  
-centric (suffix)  
Confluence  
Continental  
Density  
Distortion  
Infrastructure  
Landscape  
Latitude vs. Longitude  
Mental Mapping  
Morphology  
Orogeny  
Scarcity  
Scale  
Sub- (prefix)  
Tectonics  
Weather v Climate

### ON A WORLD MAP:

#### CITIES AND COUNTRIES

Baghdad, Iraq  
Beijing, China  
Berlin, Germany  
Buenos Aires, Argentina  
Cairo, Egypt  
Cape Town, South Africa  
Chicago, IL  
Hong Kong, China  
Islamabad, Pakistan  
Jakarta, Indonesia  
Lagos, Nigeria  
London, England, UK  
Los Angeles, CA  
Madrid, Spain  
Mexico City, Mexico  
Moscow, Russia  
New Delhi, India  
New Orleans, LA  
New York City, NY  
Ottawa, Canada  
Paris, France  
Rio de Janeiro, Brazil  
Rome, Italy  
Seoul, South Korea  
Shanghai, China  
Sydney, Australia  
Tehran, Iran  
Tokyo, Japan  
Washington DC

#### LAND FEATURES
