

ST. ANTHONY CATHOLIC HIGH SCHOOL

SAN ANTONIO, TX

St. Anthony Catholic High School prepares young men and women for positions of responsibility and leadership through a college preparatory curriculum based on Catholic values and traditions. Within a comprehensive array of demanding academic courses, athletics, and extracurricular activities, students develop the mental, physical, and spiritual well being needed to make choices consistent with their academic and career goal and reflecting the spirit of Catholic education.

The St. Anthony Catholic High School Athletic Handbook is designed to provide Athletic Department guidelines and policies for all parties involved. This is not completely inclusive as all situations cannot be listed in a single document. Issues that arise that are not covered in this handbook will be decided by the school administration. All written policies and areas of concern covered in the Athletic Handbook are subject to clarification and/or change by the school administration.

MISSION, VISION, AND PHILOSOPHY

Mission Statement

St. Anthony Catholic High School prepares young men and women for positions of responsibility and leadership through a college preparatory curriculum based on Catholic values and traditions. Within a comprehensive array of demanding academic courses, athletics, and extra-curricular activities, students develop the mental, physical, and spiritual well-being needed to make choices consistent with their academic and career goal and reflecting the spirit of Catholic education.

Vision Statement

St. Anthony Catholic High School is a premier co-educational institution founded on Catholic values and traditions which are the basis for a comprehensive college preparatory curriculum designed to promote scholarship and spiritual growth and appreciation for the power of service.

Philosophy

To accomplish our mission, SACHS offers a wide variety of academic, athletic, and other life experiences guiding students to assess critically their own values and those of the culture in an effort to promote issues of justice and peace in our world. The school challenges the students to participate in the total program of the school with an integration of academic, athletics, Christian service, community activities, and spirituality.

It is expected that students will accept the challenge to prepare themselves for a life of Christian service by their active involvement in all aspects of the school program. Through this active involvement, students will truly find a community life experience which will better prepare them for the challenges of the future and for their place of service in the Church and the world.
