

2019-2020 Yearbook

Dear Parents,

Welcome back to a new school year! We hope you will consider purchasing a yearbook which will document all of the wonderful things we have ahead of us this year. We are once again using TreeRing as our yearbook company. You can only purchase the yearbook through their website. Please plan on doing this as soon as possible to receive a discounted price.

One of the most exciting features of TreeRing is that you can **customize** each child's yearbook by designing two pages that include your own pictures of your child from throughout the year. What a great way to document your child's school year and what a great memento! You will receive reminders about customizing through the year, but watch out because these emails may go to your spam.

The program also allows you to share photos with other families in our school community easily. We encourage you to upload photos throughout the school year.

Please note:

- Each yearbook costs \$20.00
- You'll need to purchase by April, but there are discounts for early orders.
- Yearbooks **must be purchased online** through the TreeRing website.

Get started by visiting: <http://www.treering.com/purchase>
