

Mira Costa High School ☺ Student Registration Information ☺ See Dates Below!!

The staff members of Mira Costa High School are working diligently to serve the needs of our students. We have developed a registration calendar that will allow students to register online for classes and download a copy of their schedule from their Aeries portal before the first day of school. Should a schedule change be necessary, students will have the opportunity to submit a schedule change request form for an adjustment on registration day. It is our goal that all students will be in class with a correct schedule on the first day of school.

What can students do to help?

It is always best practice to think carefully and select the correct courses that students would like to see in their schedule during the online course selection process in April. Don't wait until the fall to make schedule changes. If students wait, chances are slim that changes can be made to their schedule. If a schedule change is needed, students must complete a schedule change request form during registration. Appointments are not necessary.

What can parents do to help?

Be aware that the counselors will not be able to make schedule changes on the phone or through email. Parents can make sure that their student submits a schedule change request form, if needed, on their registration day. Forms will be available at the times listed below.

Prior to registration, it is MANDATORY that parents complete the online *Aeries Parent Data Confirmation Process*. MCHS will email parents in July with details about how to complete this process. Parents will need to print out the registration verification form that is provided upon completion. Parents must send the printout with their student on their registration day. **STUDENTS WILL NOT BE ALLOWED TO REGISTER WITHOUT THE PRINTED REGISTRATION VERIFICATION FORM.**
