Recommendations \_\_\_\_\_

I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, a physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).

New Jersey state law requires a written statement from a physician when a student needs to take a prescription or over the counter Medication during school hours. **Medication orders are only effective for the current school year.** Medications must be in the original prescription container labeled by the pharmacy or in the original over the counter container.

**MEDICATION CANNOT BE DISPENSED IN SCHOOL UNTIL A WRITTEN ORDER IS RECEIVED FROM YOUR CHILD'S PHYSICIAN.**

## Policy Regarding Self-Administration of Medication

Only those students who have *asthma and other potentially life threatening illnesses* are permitted to carry and self-administer inhaled or injectable medication for the treatment/prevention of symptoms. They must be sufficiently responsible and properly educated by their physician and parent/guardian.

After self-medicating with an inhaler for symptomatic wheezing/shortness of breath, the student is strongly encouraged to report to the School Nurse to have an assessment to determine effectiveness of the medication.

Students self-medicating with an Epi-Pen must report to the School Nurse.

**Students with food allergies must submit a separate Allergy Action Plan from their physician.**

## Asthma Action Plan and Emergency Asthma Policy

A separate Asthma Action Plan should only be submitted if the physician does not agree.

- If a student presents with wheezing/shortness of breath, prescribed medication will be given.
- Students showing marked improvement after 10 min. post-treatment observation will be permitted to return to class.
- If a student DOES NOT show marked improvement after one dose of medication, parent will be called to pick up Student and seek physician care.
- Up to two (2) additional treatments will be given at 20 minute intervals while awaiting arrival of parent.
- If condition worsens, 911 will be called.
