CLASSIFIED RETIREMENT

GEM Award

Mr. Hernandez, Assistant Superintendent of Business spoke about Giving Children Hope the Going the Extra Mile recipient.

GEM AWARD

8 visitors signed the Visitors Record Book

VISITORS

Board Member Reports and Comments

Comments of Mrs. Dabbs

Mrs. Dabbs thanked the guests for being at the meeting. Spoke about how thankful she is to the principals and teachers for opening their doors and schools to her during her classroom visits. It was fun to visit Ceres, East Whittier Middle and Scott Avenue. As a new school board member, she would like to make sure she is visiting classrooms, talking with teachers, talking with children and maybe even connecting with parents so she can get a good read as a new school board member about the amazing things that are going on in the District. She also thanked the ESS team for meeting with her. It was wonderful to get insights into everything they are doing in the District. She attended the Evergreen Read Across America event. It was a lot of fun and she really enjoyed it. Thanked Trustee Aparicio for the reminder of the open invitation to go to the Whittier Pony League opening day. She and her husband attended and said it was beautiful to see the kids involved in the sport. It filled her heart to see how many of our kids are in that organization.

BOARD REPORTS AND COMMENTS

Comments of Mrs. Chacon Kennedy

Mrs. Chacon Kennedy went on several school visits. Appreciates the schools and their generosity they showed her. It has been delightful to visit the schools, because she has never been an educator so when she is in the classroom it is amazing to see the learning going on. Has a much better appreciation for the teachers, the principals and the entire staff. Participated in the Evergreen Read Across America. It is nice to be retired and able to attend the schools and events across the District.

Comments of Mr. Aparicio

Mr. Aparicio spoke about how much he appreciates these kinds of Board meetings with the recognition of students. Congratulated all the students who were reclassified and the hard work the students, teachers, learning specialists and parents put in.

Attended Ocean View Friday morning assembly. It was nice to see all the energy at the elementary level. Attended the Jog a Thon assemblies. Mrs. Songer did a great job energizing all the kids and inspiring them to the point where they have already raised \$15,000 of the \$20,000 goal just with the online donations. Thanked everyone for their involvement. The event is on March 22nd at Ocean View Elementary. Thanked CSEA, Ivan and Michelle for inviting him to their chapter meeting this past week. It was nice to attend the meeting along with Mr. Elbling and talk with the association. Attended the Whittier Pony Baseball opening day and it was a great event. There are about 650 kids and at least half of those kids belong to our school district. It is nice to see our kids participating and being active and having the parent involvement. Thanked Whittier Pony for reaching out and inviting the Board.

Comments of Mr. Elbling

Mr. Elbling visited Murphy Ranch for Read Across America and on the same day visited Laurel and East Whittier. Was impressed by the good stuff going on. Attended the CSEA meeting along with Mr. Aparicio. Received information from a colleague about a group that's forming through CCEE which is a group that gave the Board the manuals on LCAP and LCFF. It is a community engagement program that is starting up not advocating, but saying do we have an interest in doing something along those lines.

Comments of Mr. Urteaga

Mr. Urteaga spoke about how nice it was to recognize the students being reclassified. This was the first time since he has been on the board that the group was recognized at a Board meeting. Congratulated the students and the teachers who got them to that point and the parents who dedicated their time to help them meet the criteria to reclassify. Congratulated the Employees of the Month from Murphy Ranch and Leffingwell. Open Houses are coming up along with Spring Break and testing will be coming after. Is excited to see how well the students are prepared and how well they do. Will be attending the National School Board Association. It is nice to be able to nationally represent along with other school board members throughout the country and to hear the different things that are happening in the other states. When others see Board members coming from California, especially the Los Angeles area, their perspective of them is eye opening to a lot of small school districts. It is nice to see the perspective of other areas in the state. Is looking forward to that.

CSEA COMMENTS

Comments of EWEA

Missy Michaud, EWEA President spoke about Tech. The association's concern is not that Tech is being bought. Everyone is excited, the concern is the maintenance of it. She spoke with Superintendent Patterson, and the Board knows that the District does not have a strong history of maintaining and taking care of the great things we start with. Their concern is that these are great Technological tools and they get used to them, but then do not get them anymore, so having the new tech is fantastic, but they do want to make sure it doesn't disappear in a year or two. What happened in the past is the District is great and gives the tech to the schools, but when it comes to maintaining and replacing, that is dumped on the school site budget and that is why there are classrooms all over the District with Smartboards that don't work. It is because they get pushed off onto the site budget and the sites cannot afford to maintain this type of thing when they are trying to pay for lunch aides and such. Teachers are very concerned about things being maintained. Kids computers speaking of maintenance. They are concerned the kids are not taking care of them so as the grownups they have to take care of them. With state testing coming up it is a big concern for them. EWEA still has a concern regarding class sizes dealing with push ins. They have seen that negotiations have been talked about in closed session for the last few board meetings. They have submitted their sunshine as per the contract and are guessing that the Board is being presented with comp salaries from local areas. What they do ask is that the Board also please get the comp benefit packages that go along with those salaries and for fun get the management salaries that go along with those.

EWEA COMMENTS

Comments of the Superintendent**Marc Patterson**

Mr. Patterson attended Chapman University 20th annual Holocaust award ceremony for 4 of our students from Hillview who were finalists in a writing competition. It was great to see our students competing. Mr. Patterson spoke about the WASA finalist from Ocean View and his receiving his award at the WASA award ceremony. It was great to see Mr. Orona celebrated for everything that he does. We are putting the finishing touches on our Engage East Whittier business partnership event. We have joined the

SUPERINTENDENT COMMENTS

Whittier Chamber of Commerce to make sure we are making those connections. We will be talking about ways to become involved with the Chamber, especially by attending the Wake Up Whittier in order to promote what we are doing as a District and also bring in the community partnership. We are really excited to be working with them to continue to find ways to have a community understanding of what we can do for them as well as what they can do for us.

Citizen Communication Period

Missy Michaud spoke about Robotics and Technology
