

## **Staff Member Set Up Directions**

The following serving items need to be put on the stainless steel table (found in the Blackhawk gym) and wheeled to Mr. Diekmann's Classroom.

Items are found in the concession stand closet. Several items are in the tubs. All the supplies are on the shelves located behind the door in the closet. You can load the items on the stainless steel table.

1. Extension cords and power strips
2. Tubs with Plates, Napkins, Nacho Trays, Food Boats, Gloves
3. A box of Chips
4. Jar of Pickles
5. Tub with utensils
6. Red Sanitizer bucket and rag (sometimes on the bottom of the roly cart with ovens)
7. Cart that holds the pizza ovens and microwave (found in the loading dock room in the back of the kitchen.)
8. If Pizza is being served, put the pizza warmer on the stainless steel table also.

Please start the Nacho cheese in the warmer. Take paper off the can of nacho cheese. The can opener should be in the tub of utensils. Put water in the bottom of the nacho cheese warmer machine (about 1 inches - not above the tray that the can sits on). Turn the warmer on low.
