

## **CHILD FIND NOTICE TO PARENTS**

The Cluster V Special Education Cooperative, through the Department of Special Education, provides comprehensive special education services to eligible students with disabilities in accordance with current federal and state policies and the guidelines regarding the education of the disabled.

### **SPECIAL EDUCATION**

Special Education is the provision of a continuum of child-centered educational and supportive services in combination with those provided in the general school program to meet the needs of students who are disabled.

### **STUDENTS WITH DISABILITIES**

Students with disabilities are students between the ages of three and 21, inclusive, with educational disabilities (physical disability, intellectual disability, emotionally disturbed, learning disabled, speech disability, autistic, or multiple disabilities); and students between birth and age 22, inclusive, who are hearing or visually impaired, whose disabilities are so limiting as to require the provision of special services in place of or in addition to instruction in the regular classroom. All private/home school children with disabilities that reside in your local school district will be considered for participation in special education and related services upon request.

For further information, you may contact the school district where the child resides.
