Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Our district receives only Title I and Title II funds in smaller amounts. The strategy for use of federal funds is to improve basic programs operated by the district. Regarding Title I funds, we have a small but significant need support our English learners. These funds allow us to create lower class sizes that facilitate a more intensive and focused learning environment. Regarding Title II, ongoing, targeted professional development is needed for all teachers to met the needs of all students: implementation of state standards, effective use of technology in order to improve student and parent communication with teachers and the use of instructional strategies (ex. AVID) that emphasize writing-to-learn, inquiry, collaboration, organization and reading for comprehension. This allows college preparatory classes to be accessible to all students.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

Title I - These funds will help facilitate three sheltered English instruction for our students, aligning with LCAP goals for pupil engagement and course access for our English Learners.

Title II - These funds facilitate professional development training for all teachers. This includes such expenditures a stipend for the district Instructional Leadership Team, and AVID and AP summer training. Science teachers also attended off-site conferences to support the NGSS roll-out.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed**, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.
