For too many children, the end of the school year means an end to the regularly scheduled, healthy meals available to them while at school. Many families are struggling to put food on the table and this program is designed to help feed children dealing with difficult financial situations. Children may go on summer break, but hunger doesn't. Summer feeding programs bridge the summer hunger gap and lets our children know that the community cares about their well-being all year long.

Please call the Mitchell County School Nutrition office at 229-336-2100, ext.1016 if you have a question about a site. We welcome individual walk-ons at all sites.
