Honor Cords

The Honor cord program was designed to give the student a more in-depth educational experience in one or more specific interest areas. Each Honor Cord will have specific academic and experiential requirements that will deepen the students learning. As part of the experiential learning component students may be required to participate certain extracurricular groups, clubs, fairs or contests, complete an activity or athletic letter, create a project or complete an internship. The student will need to be aware of the requirements in each specific Honor Cord area because all Honor Cord areas have both academic and experiential requirements. Students can earn an Honor Cord in any category. Honor Cords are a Copper Hills High recognitions so only classes taken grades 10, 11, 12 will be counted towards this recognition.
