## California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

 Principal, Planada Elementary

### About Our School

Welcome to Planada Elementary School. We are excited to welcome you to the "Tiger Family". The teachers and staff of PES maintain high academic expectations for all of our students. Our teachers collaborate on a regular basis to ensure a rigorous curriculum for all students.

We strive to maintain a positive and inclusive family oriented culture at PES. We believe that all students deserve to develop in a safe environment that promotes and supports student achievement.

At PES, we want our students to have a great educational experience while they attend our school. During these important years, we want to provide our students with opportunities to develop a love for learning in all content areas, reading, writing and math, to explore new interests, and to expand skills while discovering personal strengths.

We encourage you to be an active participant in your child's education. Please ask questions, make comments, and share any concerns that arise throughout the school year. Please feel free to visit PES, contact your child's teacher, our office staff, or myself. Our goal is that every child has a rewarding, positive, and successful experience at Planada Elementary School!

Idefonso Nava  
Principal

## School Description and Mission Statement (School Year 2017-18)

**Mission** The mission of Planada Elementary School is to help students to become: • High academic achievers • Respectful and responsible individuals • Cooperative and independent learners • Critical thinkers and problem-solvers  
**Vision** Together with family and community, all students at Planada Elementary School will reach their highest academic potential and become responsible, productive citizens in a multicultural, global society.

PES will provide a positive and safe learning environment where all students will be given equal opportunity to achieve maximum growth academically, socially and physically according to state and district guidelines. It is our belief that every child can be successful and the goal of the faculty and staff is to prepare our students for middle school and beyond. We work hard to help our students achieve and we believe in celebrating the cultural diversity of our students. The goals we have established to achieve our vision are: 1) keeping students as our main focus, 2) school staff working collaboratively to support student learning and success and 3) involving parents in the education process for the success of their students.

The Planada School District is located in the unincorporated city of Planada, California. It is a small rural community with a population of about 4,000. Planada is located 9 miles east of the city of Merced on State Highway 140, a primary route for tourist heading to Yosemite National Park and the Sierra Nevada. It is noncontiguous with any of the neighboring communities and surrounded by fields of tomatoes, corn, figs, almonds and peaches. Planada Elementary School is one of two schools in the Planada Elementary School District. Teachers and staff are dedicated to ensuring the academic success of every student and providing a safe and productive learning experience. Planada Elementary school has developed educational programs designed to provide the skills and tools necessary for student to explore their creativity while developing a strong educational base. During the 2016-17 school year 553 students were enrolled at the Planada Elementary School in the grades Kindergarten through fifth.

The student population consists of 3% students with disabilities, 62% English Language Learners, and 92% socioeconomically disadvantaged. Planada Elementary offers a free breakfast and lunch program. Additional student data is available on the proceeding pages. Our elementary school students feed into our middle school Cesar E. Chavez. All of our students will eventually attend Le Grand High School which is located approximately 6 miles south of Planada. Our hope is that our students will leave Planada Elementary with the skills needed to continue their academic success at the middle school. Our ultimate academic goal for all of our students is to ensure they have the needed skills to attend Merced Jr. College, which is located Merced and/or the new UC Merced campus which is located 15 miles to the east.

PES currently employs 5 instructional aides to assist the TK/Kindergarten classrooms in reading instruction and facilitate tutoring to under-performing students. PES also employs additional aides that assist in the Special Day Class and the Resource classroom. Through the assistance from the county of Merced, we also have outside services provided to PES student's through the Migrant Program. Several of our teachers also assist students after school by providing a tutorial class in the afternoon twice a week. PES will be offering an after school tutorial for all students that are not proficient in the areas of language arts and mathematics.

In an effort to improve student achievement and close the achievement for all students, we used the data from the state's CAASSP and also the CELDT (California English Language Development Test.) We also used the site benchmark's test data to focus on state standards. The site uses the iReady Assessment program and has developed various site benchmarks in grades 1 -5 to track student progress. Teachers have been trained to scan these reports and focus on target areas in which students are showing difficulty. Also, Kindergarten uses the Brigance assessments to show improvement. We also assessed all students in K-5th with the writing assessment.

Additionally, all students in K-5 are assessed with the DIBELS Literacy Assessment. These assessments are conducted three times a year. Teachers take the data from DIBELS and to focus on the areas that students need to master.

## School Facility Conditions and Planned Improvements

The district's governing board has adopted cleaning standards for the schools in the district. A summary of these standards used are available at the school or district office. The principal works daily with custodial staff to develop cleaning schedules to ensure a clean and safe school.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working orders are completed in a timely manner. A work order is used to ensure efficient service and that emergency repairs are given the highest priority. A copy of the results of the most recent William's Facility Inspection conducted in August by members of the Merced County Office of Education are available upon request.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Test Results in ELA and Mathematics for All Students

##### Grades Three through Eight and Grade Eleven (School Year 2016-17)

Students Receiving Migrant Education Services	27	26	96.30%	19.23%
Foster Youth				

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

# State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

### Opportunities for Parental Involvement (School Year 2017-18)

The Planada Elementary School District receives tremendous amount of parent and community support. The district and sites have done an excellent job in providing parents with multiple opportunities to engage in conversations about the Local Control Funding Formula and Local Control Accountability Plan. The district conducted meetings at the various sites to seek parental/stakeholder input.

Additionally, the Planada Elementary School Booster Club is very active in volunteer work, parent education and child advocacy. The School Site Council (SSC) meets monthly and reviews/updates the Single Plan for Student Achievement, as needed, to reflect that funds are maximized to best meet the needs of all school programs. The English Learner Advisory Committee (ELAC) meets at least quarterly to bring suggestions to the SSC to ensure that the needs of English Learners are met.

The Booster Club, School Site Council, and the English Language Advisory Council ensure school funding, decision making, and resources are in place to enhance the school and its programs. The school site acknowledges that parents play an integral part in the success of all students and the school, and continually provides parents with information as to how best support student learning and success.

The school district also works collaboratively with the Human Services Agency and the Merced County Office of Education to provide additional parent support/training on using positive behavior techniques at home. The school sends out messages, on the school's outreach system or notices, in regards to upcoming events so that parents are informed of the various activities taking place at the school site.

## School Safety Plan (School Year 2017-18)

Built in 1951, Planada Elementary School offers a safe and secure campus for students, staff, and visitors. Currently Planada Elementary School consist of 38 classrooms, a library, a computer lab, a multipurpose room/cafeteria, a staff room, three playgrounds, ball fields and a track, all which are enclosed. The district and county of Merced continue to create a safe route to school. In the past, work was done to re-configuring the front area of the school campus to make walking to and from school much safer for all students and parents. These changes included a drop-off/ pick-up area for students, a four-way stop and several pedestrian crossings along the front of the school.

A comprehensive school safety plan is in place to ensure a secure, peaceful and clean environment for the school community. The plan is reviewed annually in the fall by the Safety Committee, which consists of parents, teachers, administrators and maintenance and operations personnel. It is in place to ensure a secure, peaceful and clean environment for the school community. Key elements to the Safety Plan are emergency procedures, campus security, and visitor policies.

The school's disaster preparedness plan identifies procedures to follow during emergencies and natural disasters. Emergency drills, including fire and earthquake, are conducted monthly. LockDowns are conducted at the site and we practice the various levels of the LockDowns- green, yellow and red. The staff and students are trained on various Lock Down procedures throughout the school year. We ensure that all staff and students are familiar with the Lock Down procedures by conducting Lock Down drills throughout the year.

At Planada Elementary School every effort is made to ensure students are monitored while on campus. Throughout the school day, teachers, administration, and lunch duty supervisors are responsible for supervising students before and after school, at recess and during lunch. All visitors and volunteers are required to sign in/out at the school office and state their reason for being on campus. All visitors must wear a visitor's badge at all times.

**Professional Development**

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

The Planada Elementary School District allotted 3 days as non-instructional days for the last 3 school years. These 3 days are used to provide all staff with professional development on various topics. These topics included: Common Core State Standards, Technology, Lesson and Unit Design, Best Teaching Practices, English Learner Strategies, Smarter Balance Assessment, Writing By Design, DIBELS, Renaissance Learning Programs, and aligning current school adoptions to Common Core.

Additionally, the Planada Elementary School allocates every Wednesday as an early release day. These Wednesdays are used for additional Professional Development training and for teacher collaboration, lesson/unit planning, reviewing student data or other site-specific PD centered on student/school improvement. Also, the school provides release time for staff to participate in professional development events during the school year.

All of the Professional Development training and events are centered on providing teachers with additional resources which will lead to improved student achievement and closing the achievement gap. As we continue to fully transition to Common Core State Standards and the Smarter Balanced Assessment Consortium, teachers are provided with on-going professional development.

The district remains committed to providing all staff with the PD and support to ease the transition to the Common Core, providing all students with access to technology, providing teachers with support to embed technology into their teaching and providing ALL students with a rigorous academic program that will prepare them with the tools necessary to succeed.
