The website will then display your uniform needs specifically for your child's grade.

Please note that for each product displayed, the website informs you whether the item is Required, Meets Requirement or is an Optional purchase as determined by your school's administrative team. This feature greatly streamlines and simplifies your shopping experience.

Required: You are required to purchase this particular style (you may have a choice of colors/logo may be required)

Meets Requirement: Your school is offering a choice of product styles, but at least one is required (For example, you may be offered the choice between two approved styles of polo shirts.)

Optional: You are not required to purchase this particular item, but your school has approved the item for classroom wear.

4. Once you have identified a product for purchase, select your color, size, logo, and quantity. Then click, ADD TO CART. You will be prompted to either check out or to continue shopping. (The website will also inform you which products require a school logo.)
5. If you have questions about sizing, click on the SIZE CHART link. If you still have questions after using our size chart, please call the toll free customer service number below. Our customer service team will be happy to assist.
