Dear Parents/Guardians/Sports Fans

Over the summer, new ADA compliant bleachers were installed at Parker High School's new gym. The bleachers will be made of plastic, have hand rails, and will have smaller steps to allow our fans the opportunity to sit anywhere to enjoy the sport they love. In addition to the new bleachers, the wood floor has been sanded, repainted, and sealed for the upcoming sports season. These upgrades do come at a cost to Parker High School.

Parker Unified School District, in conjunction with Parker High School, is requesting that no food or drinks, other than water in a clear plastic water bottle, be allowed in the gymnasiums at Parker High School. Soda and sports drinks contain a high amount of sugar and when spilled tend to get into the gears of the drive mechanism of the bleachers causing them to malfunction or possibly wrecking them. By not allowing food or sugary drinks in the seating area, there is no chance of accidental spills that could possibly ruin the new bleachers at PHS.

To accommodate our fans and their hunger or thirst, Parker High School is having an outdoor patio area installed to consume these items. Our athletic workers have been asked to strictly enforce the no food or drinks policy in the gymnasiums. We ask for your cooperation in this matter. By working together, the community of Parker can have a gymnasium that all fans can take pride in.

Sincerely,

A handwritten signature in black ink that reads 'Brad Sale'.

Brad Sale
Superintendent
