

North Kingstown High School

Parent Newsletter

May 3, 2019

An important announcement was sent home via Aspen on Wednesday regarding the release of PSAT10 and SATSD school day scores. A copy of the email is attached in case the original message did not reach you.

The Next Generation Science Standards (NGSS) test will be administered on May 21st to all 11th-grade students. Please read the related article below.

Important dates:

Friday, May 3: First grade update posting for Quarter 4
May 6 - 17: Advanced Placement course testing
May 7: School Committee Meeting
May 16: Senior Project Presentations
May 23: Senior Athlete Night
May 29: Senior breakfast
May 31: Class Day
June 3: Honors Night

NGSS State Testing

This annual test for our 11th-grade students measures proficiency on the science standards learned in grades 9 - 11. This is the first year that the scores will be released and measured on the accountability standards for our school. We will be analyzing the scores to determine the alignment to our curriculum and student placement in Success Academy, College Prep, and Honors courses as well as recommendation for Advanced Placement science. Please communicate to your students, as we have, that their best effort is needed so that we are making decisions based on accurate data.

RIC GenCyber 2019 – A Rhode Island College Beginner’s Cybersecurity Camp

Sponsored by NSA and NSF

Date: July 8-12, 2019 Place: Rhode Island College Campus, 600 Mount Pleasant Ave, Providence, RI 02908

Who should apply: If you are a rising high school Junior or Senior interested in learning about cybersecurity, we want to hear from you! No experience necessary.

RIC GenCyber is the first and only GenCyber camp in Rhode Island. Since it is fully sponsored by the NSA and NSF, it is free of charge. We will meet between 8:30-4:30 on July 8-12, 2019. To attend the camp, you must commit to being on campus during this time. Campers must provide their own transportation to and from camp and must commit to being on-time. Bus tickets are also available free of charge. Breakfast, lunch and other goodies will be provided. This year we have chosen the following topics:

- Staying Safe Online/Cyberbullying
 - Cryptography
 - Steganography
 - Virtual Environments
 - Building Raspberry Pis
 - Learning Python
 - Binary/Hexidecimal
-

Each lesson has something for everyone. We offer a combination of individual, pair/small group and whole class instruction. We offer a combination of hands-on activities and unplugged computer activities that students enjoy.

Application Process

The application process is easy. It consists of a set of questions, a short essay and a teacher recommendation. You will supply us with a teacher's name and email address as part of the application process. We will contact the teacher directly.

To access the application, please click [HERE](#).

The application must be submitted by May 20, 2019 for full consideration.

Questions? If you have questions or need more information, contact Suzanne Mello-Stark at smellostark@ric.edu.

ACN COURSES:

The RIDE Advanced Course Network (ACN) has opened up registration for summer and fall courses. Registration is now open and will close on May 31st. Registration information can be found at <https://ride.gosignmeup.com/Public/Course/Browse>. Once you register for a course on ACN, Mrs. Normand will follow up with you. Please note the following:

1. Registration will remain first-come-first-serve so please register as soon as possible if you are interested in taking a course.
2. Students will be eligible to take one course over the summer and no more than two courses for the fall semester.
3. Students will receive dual credit (typically one credit for NKHS and either 3 or 4 college credits).
4. Students in the class of 2019 are not eligible to take an ACN course this summer or next fall.

Please consider taking a course as these courses help students get a hard start on post-secondary success, master the skills required of a lifelong learner and be prepared for jobs in sectors critical to Rhode Island's future prosperity.

Mrs. Normand

Exploring College Options

Duke, Georgetown, Harvard, Penn and Stanford admission officers will be in Providence on the evening of Tuesday, May 21st for an informational session. To register, please visit

https://uapply.georgetown.edu/register/ProvidenceECO2019#_ga=2.126740173.1328853434.1556889826-78138956.1556889826

MUSIC DEPARTMENT

ITS AWARDS SEASON!

This past weekend, the Symphonic Band went to an International Band Competition in New York City and tied for 1st Place Gold in their category. Congratulations to the 85 students who performed.

Congratulations also go to the Choirs and Orchestras who competed at a regional festival in Agawam, Massachusetts on Saturday. First Place wins went to The Women's Choir, The Concert Choir and the Orchestra. NorthMusic's Concert Choir won Best Overall Choir of the Day with Molly Atkin receiving an award for Best Vocal Soloist.

NKHS will be hosting RIMEA's Solo & Ensemble event on Saturday, May 18th. 800 students from RI will participate in this festival.

Our final concerts will be May 21st (Choirs & Orchestra) and May 22nd (Bands & Jazz Band). We hope to see you then.

District Art Show

Join Us in Celebration our of 2nd Annual District Show

[Wickford Art Gallery](#)

Exhibit: [May 3-12](#)

Reception, [Friday, May 3rd 5-7 PM](#)

[36 Beach St, North Kingstown, RI 02852](#)

Free to the public & refreshments provided.

The NKHS Art Gallery will be opened again for student viewing during all three lunches on **Thursday, May 9th**. Student artists are once again asked to bring in a small snack for the reception for the show titled "Down to Bare Bones:

 [NKHS_Gallery-postcard-04-02-19.pdf](#)

The Annual Wickford Art Association Gallery Student Art Show is hosting an opening reception this **Friday, May 3rd from 5-7:30 PM**. There will be over 60 high school pieces on display at this K-12 show.

 [2019-NKK_12ExhibitPoster.pdf](#)

Priya Atiyolil, Olivia Henriques, Jonah Ellis, and Alexis Romano will be recognized at an awards ceremony, on **Sunday, May 5, 2019 from 1 p.m. to 3 p.m. at the Warwick Mall (in the area in front of Nordstrom Rack)** where the winner and runners-up will be announced at the ceremony. The first place winner will be invited to Washington, D.C., in June, to attend an award reception and ribbon-cutting ceremony and have their artwork featured on my Congressional website. Also, all winning pieces of artwork from each congressional district will hang in a pedestrian walkway in the United States Capitol for one year.

Emila Cormier will be recognized at the Right Whale Festival and Awards Ceremony on at the Harbor View Terrance Tent, New England Aquarium, Boston, MA this **Sunday, May 5th** to celebrate her accomplishment as a notable winner in the Healthy Whale, Healthy Ocean Challenge.

Training Opportunity for Electric Boat Jobs

NKHS has an exciting new partnership with Electric Boat that will combine skill training at New England Technical Institute, coursework at NKHS, and internships at Electric Boat for welding skills and computer integrated manufacturing. The goal is to provide job training in the summer between 11th and 12th grade with employment opportunities upon graduation from NKHS. Students who are interested should contact Dr.

Morse, Assistant Principal for Teaching and Learning, at Barbara_Morse@nksd.net. A field trip for later this month is being planned for interested students.

Community Health

Chantal Abbott is the new Community Health worker through the Office of Family Learning. Together with Cindy Bowe, she has developed a community needs assessment tool in hopes to identify the needs of northern North Kingstown residents. Please look for future announcements about the upcoming assessment.

Nominate a Teacher

The Boston Red Sox are trying to get the word out to all schools in New England, that we are expanding our Most Valuable Educator Program to all of New England.

This exciting program has students nominate teachers, principals, librarians, coaches etc (any education worker) to be a Most Valuable Educator. We honor an educator at every Saturday home game. If selected, the educator and the nominating student will each receive 2 tickets to the game, and the educator will be honored on the field during our pregame ceremonies.

Nomination is easy, just fill out the attached nomination form or download it from our website below, and send it to the address on top of the form!

Please share this information with your students! Let me know if you have any questions! We hope to hear from many kids throughout New England.

<https://www.mlb.com/redsox/community/programs/most-valuable-educator>

Thank you for the help getting the word out! Feel free to share with other schools as well!

2019 YEARBOOKS

Yearbook is looking for pictures of the following ASAP: Students with their pets, students with their parents who are teachers at NKHS (this pic can come from students or teachers), students at their jobs, students who are twins, triplets, etc., pictures from spring sports that may have started practices already, and any other awesome photos you may have taken this year and would like to see in the book. Pictures can be sent to teacher Jessica_Grant@nkhs.net

Parents, if you had a concern about how your student's name was spelled on their id or portraits, please contact jessica_grant@nksd.net with the appropriate spelling. These pages will be submitted for the yearbook next week and we want to ensure that everyone has the opportunity to correct misspelled names.

Parents who are unsure whether they ordered a yearbook or not, please check with Josten's customer service as all sales are handled through their [website](#) . The yearbook adviser does not have immediate access to this information.

SO MANY MEMORIES

SO FEW YEARBOOKS

North Kingstown High School has ordered a limited number of extra yearbooks for late purchases.

Act fast as these will go quickly.

The link is still active on the school website.

New England Institute of Technology Scholarships

Students who take Project Lead the Way courses at North Kingstown may be eligible for course credit at New England Institute of Technology and a \$3000 scholarship. Please check the link for more information: <https://www.neit.edu/Admissions/Programs-for-High-School-Students-Educators/Earn-College-Credit-in-High-School/Project-Lead-The-Way>

Student Recognition

Gabriella Nieves has placed 1st in this year's Annual Donate Life Rhode Island High School Art Competition. Her work was selected by a panel of judges based on criteria of originality, artistic merit, and effective use of theme. Gabriella will be recognized at the Donate Life Month Celebration at the Rhode Island State House coming up on Monday, April 1st at 11:00 AM and will receive a \$100.00 Amazon gift card for her positive and accurate messaging about organ and tissue donation. This is Gabriella's second consecutive win in this contest, last year placing second.

PTSO NEWS

Find the donation link on the NKHS PTSO [webpage](#) or on the PDF attached.

Smile – You're on Amazon!

If you shop with Amazon.com please consider logging in with Amazon Smile and selecting the North Kingstown High School PTSO as the organization, you will support with your purchases. To learn more and to sign up, click [here](#).

If you have any questions or need further information about any of the above, please contact your PTSO - NKHSPTSO1901@gmail.com

FINE ARTS Department

Student ART Contests & Competitions - Information below are in chronological order according to due dates

2019 Ocean Awareness Contest: Presence of Future

Create a piece about a coastal/marine species, place, or system that will be threatened, altered, or lost due to climate change.

Contest [information](#) or click [here](#)

Theme: Presence of Future

Awards: Gold Award: **\$1,500**, Silver Award: \$1,000, Bronze Award: \$500, Honorable Mention: \$250

Making Waves Award: The Making Waves Award will be awarded to one submission in each age division that demonstrates a powerful, engaging, and original voice of ocean activism. Winners receive a \$250 cash prize.

Additional Awards Available in 2019: Over the course of the Contest, other awards may become available and will be listed on bowseat.org/contest. The winners of these awards will be chosen and announced at the same time as the category awards.

Deadline **June 17**, 2019

Guidance Information

AP Testing begins Monday morning, May 6th and continues through Friday, May 17th. Late exams will be administered the following week to those students with known scheduling conflicts. The schedule of exams, along with time and location is attached to this newsletter. Please note that we must follow procedures set by College Board. All exams must begin at either 8:00 AM or 12:00 noon. In order to meet that time-frame we ask all students to arrive a half-hour before their exam start time.

Career Speakers

The NKHS Guidance Department is sponsoring a career speaker series that will take place during the last week of March through the end of May. Various community members will be visiting our high school to discuss their profession. Please take a look at the attached document that lists the speakers that will be here during the month of May. If you are interested in attending a session, please come to guidance to sign up. A pass will be given to you during advisory, however, you must have permission to miss advisory/class from your teacher. You are responsible for all missed work. These sessions will last approximately 30 minutes.

Scheduling

Counselors met with students in grades 9-11 one on one during the first three weeks of March to review teacher recommendations, answer scheduling questions, and to input course requests. Please note you will not be able to see the elective choices until we publish again which will be in the mid-April time frame. This is the first step in the scheduling process. Elective courses are tentative until the master schedule is finalized in June. Override forms are due in the Guidance Office by April 5th.

Cap and Gown Orders

An email is being sent to all seniors regarding the options for purchasing a graduation cap and gown for the June ceremony. There are many options for “extras”, but students should be aware that all that is required is the basic \$40 for the cap, gown, and tassel. You will find this option at the bottom of the order form for individual items that is attached to the email. The extra tassel in the \$52.50 package is a nice souvenir but students will not be allowed to wear them on graduation day. Some parents have asked about reusing recent (within the past five years) cap and gowns. Please be cautious about reuse as the gowns are ordered based on height and weight, therefore you do not want your student to stand out because their gown is too short or too

Scholarships

Please refer to the Guidance Website and The Class of 2019 Google Classroom for updated lists of scholarships for seniors.

Final Exam Schedules

Final exams are held the last four to five days of the school year, and students are expected to be present. Please remember to leave plenty of time for calendar adjustments for snow days. As a reminder, family vacations, or other activities that could have been scheduled for after the exam times, are not excused

absences. Weddings, graduations or other special occasions over which families have little control in scheduling will be considered, but please make your request for excusal as soon as possible. For students who do have excused absences for final exams, make ups will be provided during the summer months by appointment. There will be no provision for early exams, and all exams must be make up by August 1st in order to update the transcript in time for the new school year.

Please log in to your Aspen Family Portal/Aspen Student Portal to review your child's course requests for the 2019-2020 school year. This report includes teacher recommendations for core classes, electives your child requested and alternates he/she chose. If your child does not see a class he/she signed up for, the class was likely cancelled due to under enrollment. As a reminder, this is not your child's schedule as the master schedule is in the process of being built. Please keep in mind that students do not receive credit for Personalized Learning Time (PLT).

This report can be found on the Pages top tab in the area of the page called Published Reports. Information regarding course descriptions and graduation requirements can be found in the Program of Studies under the "academics" tab on the high school website.

FAQ:

1. How many credits should I see on my child's course request sheet?

7 credits if they are requesting 2 PLTs (one per semester), 7.5 credits if they are requesting 1 PLT or 8 credits if they are not requesting any PLTs. Please keep in mind that underclassmen may be assigned a PLT if there are not any seats in one of their chosen electives. Rising seniors can request 6 or 6.5 credits, however, he/she must have approval from administration in order to fall below 7 credits.

1. My rising senior has requested off-role (arriving after first period or leaving at the end of third period), however, I do not see this on his/her course requests.

Student needs to complete an off-role application which requires parent approval. The form is turned in to Mrs. Sweet's office for consideration. Once student is approved, counselor will drop PLT(s) and add off-role to student course requests.

1. What do the Y and N signify in the recommended column?

Y means they were recommended for course by his/her teacher, N means he/she elected to request the course. One exception is if teacher submitted a level teacher change request form for a core subject.

1. What do the Y and N signify in the alternate column? Y means this is an alternate elective your child chose in case he/she does not get his/her first choice.

2. **My child submitted an override form to change levels, however, I do not see this on his/her course requests sheet.** All overrides will be addressed once final grades are computed which will be in late June. Guidance counselors will notify student if he/she is able to move up level(s).
3. **Will the courses I see on my child's course request sheet be the courses that will be on his/her schedule for 2019-2020 school year?** The master schedule has not been built as of yet, therefore there is no guarantee this will be your child's schedule. However, all students will be guaranteed a seat in their core subjects (Math, English, Science and History).
4. **What does SA, CP, H, and AP stand for?** NKHS offers various levels based on a student's ability. SA stands for Success Academy, CP is College Prep, H is honors and AP is Advanced Placement.
5. **What if my child fails a core subject for the 2018-2019 school year?** If your child is eligible to go to summer school (English and Math only) and successfully completes the summer school course, he/she will be placed in the next sequential course. If your child is not eligible to go to summer school and/or fails History, Science or World Language, your child's schedule will change.

9. I have questions about my child's course requests. Who should I contact? If your question is regarding elective choices, please contact your child's guidance counselor. If your question is regarding level placement in one of the core subject areas, please contact your child's teacher.

CTE

From our Student Services Office

SURVEYWORKS!

Attention all parents, on Monday January 14th, our SURVEYWORKS! Window was opened across the district for parents to give feedback to each school. We value this information to help make informed decisions about programming and culture at our school.

Please take a few minutes to give us feedback at NKHS, we will also follow up with a personal email next week. Here is the sign in for the window that opened on January 14th;

[SURVEYWORKS!](#) The code to log in is: [23108family](#)

Thank you in advance!

Change in semester 2 protocols for students

Starting in the second semester (January 28th) students will no longer be able to have backpacks and coats in their last period classes. We have altered our schedule slightly to give students two additional minutes at the end of the day before buses leave to get their items. This time will not impact instructional time.

Students are asked to get all of their items at the end of the school day. We will hold buses for the first few days as students get use to the new pattern.

The other change in protocol is that students will only be allowed in one of three entrances at the start of the school day. Students can access the Main Office doors for bus drop off, the rear set of doors near the Senior Lot and drop off zone in the back of the school and by the Weight Room for those students coming up from the Junior Lot. All other entrances will be locked.

Attendance Counts:

NKHS was VERY pleased to be given a 5 STAR rating on RIDE Accountability report card. However, it was noted that NKHS has a chronic absence rate of 11% of students beyond the acceptable 18 days absent.

Let's please try to be diligent about consistent attendance.

As we approach cold and flu season, please be mindful of absences. It takes just two days per month to be truant. If a student is ill and contagious, then keep them home.

Once a student has accumulated 5 days, a letter is automatically generated. The letter serves several purposes. First, is to increase communication between home and school about attendance. It also provides an opportunity to correct any errors in a timely fashion. Please bring doctor's notes with three days of scheduled appointment. If you receive a letter and have questions, feel free to call the Student Services office. Additionally, if you have documentation that needs to be submitted, the letter will be a nice reminder.

Are you interested in engineering, technology or other STEM-related fields?

Check out The Undersea Technology Apprentice Program which was developed to provide an opportunity for up to 20 students to study part-time for three weeks during the summer alongside NUWC Division Newport scientists and engineers. In the process, you will gain valuable insights by working with advanced technology while developing real world applications of science and math lessons learned at school! For more information, see the application:

https://www.navsea.navy.mil/Portals/103/Documents/NUWC_Newport/careers/application2019%20Open.pdf?ver=2019-02-06-174258-990
