

We've teamed up to make it easier for students and parents to access healthcare in their school.

**Together, we are your School-Based Health Center!**

## HALE OLA

Nānākuli High & Intermediate School (NHIS) is proud to partner with Waianae Coast Comprehensive Health Center (WCCHC) to provide a School-Based Health Center (SBHC) on our campus. The clinic gives students an opportunity to be seen by WCCHC's licensed nurse practitioners without having to miss school. It's also great for parents, who may be unable to take their child to WCCHC's other clinic locations.

*(NOTE: The SBHC is not the School's Health Room.)*

Clinic staff are available to communicate with each child's parent/legal guardian-representative. We want to know your concerns and keep you updated on your child's health.

Feel free to contact us during office hours.

- We accept most health insurance plans
- Convenient one-stop medical care at your school
- Walk-ins are welcome
- Keep students in school
- Eliminates parents' time away from work
- Flexible appointments are available
- Full-time board-licensed pediatric staff
- Behavioral Health Services also available

### HALE OLA

89-980 Nānākuli Avenue

**A Building (Across from Administration Office)**

Waianae, HI 96792

**PH. (808) 697-3222**
