

## Adult Residential Services Hosts an Open House

On Thursday, August 30<sup>th</sup>, Adult Residential Services hosted an open house for the new residential home in Miller Place. The beautiful house is home to three young men and three young women embarking on the wonderful world of adulthood.

Each member of the household has their own spacious room, decorated to his or her liking. From the paint color of their rooms to the decorations and pictures, individuality, creativity, and ownership are evident. The six individuals enjoy growing and learning within their respective day programs as well as spending time as a group in the comfort of their home.

There is a large backyard, deck, and patio, which allow for fresh-air fun and cozy family rooms within the home for sharing time together and relaxing.

Congratulations to all those involved in the successful opening of this house and to the young adults beginning this exciting next chapter of their lives.
