The following is a question and response from the District.

1. We would also like to submit the following questions:

Per Tab 3d – “Provide a summary for *cost estimates versus actual bid amount* for eight (8) K-12 school project..” Would it be possible for expand to K-14 examples? Because of this restriction, it might limit responses to only larger firms.

Tab 4 – Is it possible to expand the “California K-12 public school districts” to allow K-14 references?

Response: Response should be limited to K-12 schools.
