February 2019

Principal's Message

Once again, we find ourselves in the month of friendship. This rainy month has many interactive events in store for our Park Families. First, we invite you to our Lunar New Year Festival on Feb. 7 from 5-7pm. For Valentine's Day, we invite our students to either dress in pink/red OR as their favorite storybook character as our Librarian, Ms. Nicole, is hosting the Library's Grand Reopening. She has many fun activities with prizes scheduled for the day, including a tour of the newly decorated library. We have purchased new books to add to our collection, hoping to make students' visits more interesting. We finish the month with a weeklong celebration of Dr. Seuss. We will be hosting our annual Pajama Night for our TK/K students and Literacy Night for the rest of the school. Please look for upcoming fliers describing the night's events more clearly. Additionally, students will be able to dress in fun attire with a different theme every day during our Dr. Seuss Week Celebration. We look forward to seeing all of you at these family friendly events! Warm Regards, Dr. Molina-Solis

Ms. Lily's Corner

We are delighted to announce that Panther's Spaw has officially moved to spacious G-81. Now students can enjoy games, crafts and mindfulness in one place! Park Empowering Parents Loving Solutions Class will also resume on Tuesday mornings from 8:00am-10:0am.

PTA Announcements

Thank you to everyone that supported our Fundraiser; we were able to exceed our goal for the year! Join us at our next Association Meeting, Feb. 8 at 8:05am so that you can hear and vote on future events and provide valuable feedback. Also, consider volunteering for PTA activities; they are successful because of your support.

SAVE THE DATE: Founder's Day Dinner is March 1st at 6pm! If you are interested in attending, information is on our Facebook Page.

Student of the Month

For the month of February, our teachers will be looking for students who are Caring. Students who show concern for the well-being of others, use words and actions to help others, and give of themselves without expecting anything in return are caring students. You can support this trait in your child by giving to others in need, perhaps collecting canned goods for a local shelter. Talking about how to show respect to people, property, animals and their environment. Encourage them to play with new friends at school so that new students don't feel lonely. Lastly, discuss how they might be helpful at home, school and your community.
