

Seeking Volunteers for STEAM Saturday

Do you have a passion or expertise that you would like to share? Do you enjoy working with children and seeing their eyes light up as they discover something new? Consider teaching a workshop or serving as a support volunteer during one of our upcoming STEAM Saturday Sessions!

STEAM Saturday is an opportunity for PHA students in grades K to 8 to explore, discover, and learn outside the traditional classroom and be inspired to uncover their passion, gain motivation, and become lifelong learners. Across four Saturdays, students engage in hands-on, interactive, and fun learning activities in a diverse selection of topics in Science, Technology, Engineering, Arts, and Math.

Each session is comprised of two 1 hour and 15 minute workshops held across four Saturdays during the following dates and times:

Fall Session

9:00– 10:15AM; 10:40– 11:55AM

October 27

November 3

November 10

November 17

Winter Session

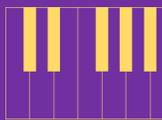

9:00– 10:15AM; 10:40– 11:55AM

March 2

March 9

March 16

March 23

Spring Session

9:00– 10:15AM; 10:40– 11:55AM

April 27

May 4

May 11

May 18

Instructors teach during Block I and/or Block II across all four Saturdays of the session. The maximum number of students in a class is 12 students. Classes will be held at the High School, located at 54 Essex St in Cambridge.

As an instructor, you get to determine:

- Which STEAM topic you would like to teach
- The grade(s) of the students you want to teach

STEAM Saturday course topics can range widely. Examples of past course topics include computer science and circuitry, environmental protection, geology, DNA & cells, ornithology, biology, keyboard fundamentals, dance, drumming, architectural model making, and coding, just to name a few.

The only class requirements are that all courses must be hands-on, interactive, and fun as well as age-appropriate and fall within the areas of STEAM.

To learn more about teaching or serving as a support volunteer, please contact Rachel Freedline, Expanded Learning Coordinator, at rfreedline@phacs.org or 617-284-7938.
