If at any time due to medical needs a student is unable to comply completely with the dress code, a written note from a physician is needed, and a conference with the student and his/her parent/guardian may be required in order to determine the best way a student may honor the dress code and remain comfortable and healthy.

Parents and students are expected to follow the spirit of the dress code and not try to find “loopholes”. Following the dress code both in its description and spirit demonstrates the type of character we want to help instill in our students. Issues not specifically stated herein that violate the intent of this dress code will be deemed inappropriate. While a student may be technically in compliance with the uniform and dress code, they may be in violation of the spirit or purpose of the dress code. School staff has the authority to determine if dress is in violation.

Students, with parent support, are expected to adhere to the dress code. Teachers will be checking students’ dress regularly. Infractions will be noted, and student and/or parents may be notified. If, in the sole opinion of any administrator, staff or faculty member, a student is in violation of the policies or purposes of the uniform and dress code, it is expected that they come into immediate compliance. Continual and/or willful violation of the uniform and dress code will result in disciplinary action which may include suspension.
If you have a question about an item, please call the school before purchasing. The school is not responsible for school clothing purchases that do not comply with dress code. The dress code will be reviewed on a regular basis and may be revised with the approval of the Firestone Charter Academy.
