School Description

Ruben Salazar High School is the continuation high school for the El Rancho Unified School District and proudly serves the community of Pico Rivera. RSHS is fully accredited by the Western Association of Colleges and Universities (WASC) and was awarded a maximum 6 year accreditation in both 2009 and 2015. Our current term expires in 2021. In 2012 and 2016, RSHS was recognized as a Model Continuation High School. Model continuation school is the highest accolade a continuation school can receive. Salazar enrollment is comprised of approximately 180 11th and 12th grade students. El Rancho High School is RSHS' primary feeder school. The ethnic composition of the community is 97% Hispanic, 3% White. The majority of students are socio-economically disadvantaged with 72% of students receive a free or reduced lunch. RSHS follows a traditional school calendar aligned with the school district calendar. RSHS is on a trimester system which allows students the opportunity to earn credits at a faster pace than the traditional semester system. Salazar High School has 10 general education teachers, 1 special education teacher (RSP) and 2 instructional aides. Administrative and support staff include one principal, one full-time counselor, 1 part-time mental health counselor and interns, a part time school psychologist, a secretary and a clerk. RSHS is committed to using technology to engage students and improve the instructional program. The school has 10 mobile carts that each hold 20-30 Chromebooks. Students also have access to a media center and computer lab making RSHS a 1:1 technology school. Ruben Salazar also has 4 Promethean Boards for instructors as teachers utilize Google Classroom as their digital learning platform.

RSHS is committed to ensuring that all students succeed and as a result provides flexible schedules and offers a wide range of academic and elective courses. The school offers online courses through APEX Online Learning. This provides students an additional method to recover credits. Students may also earn credits through work experience and community service programs. RSHS works in collaboration with Rio Hondo College and Tri-Cities ROP to offer onsite college and vocational courses during and after school. Rio Hondo representatives conduct lunchtime workshops that provide students with post-graduation information and resources. Rio Hondo also offers two courses on-campus, which students can enroll in concurrently for elective credit. RSHS has a student government class that sponsors many on-campus activities to create a sense of community. The school also participates in Character Counts, Olweus Bully Prevention and Safe Dates. RSHS works closely with the Rotary Club, Soroptimist, Woman's Club and other local organizations to offer students volunteer opportunities. RSHS also works in partnership with local business to provide additional resources to improve the instructional program. Additionally, RSHS has a Positive Behavioral Interventions and Supports (PBIS) team whose goal is to provide behavior supports to assist students to achieve social, emotional and academic success.

SCHOOL VISION: Supporting students in finding their path to success.

MISSION STATEMENT: Ruben Salazar High School strives to create a culture of learning and collaboration where students are recognized as individuals with specific needs. Students are empowered to learn and encouraged to take academic risks while becoming life-long learners. Ruben Salazar High School is dedicated to providing students with a rigorous and relevant standards-based curriculum that fosters each students' unique talents and strengths. Teachers and staff at Ruben Salazar High School motivate students to be independent thinkers who can problem solve. Ruben Salazar High School is committed to working in partnership with parents and the community to support each student's path to becoming a productive and technologically literate citizen in the global community.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

The El Rancho Unified School District follows the State adoption guidelines and adoption cycles for textbooks in english, math, social studies, science, and English language development (ELD). At Salazar High School, recommendation for adoption of textbooks is made through a District committee of teachers, administrators, and parents. Input from all school staff members and parents are vital to making the recommendation. The District Committee discusses the school's recommendations and votes for a textbook to be adopted. The recommendation is then taken to the school board, who makes the final decision on the adoption of all textbooks.

Textbooks are adopted from the most recent state-approved list and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Every student is assigned one textbook and workbook in the core subjects for use in class and to take home.

School Facility Conditions and Planned Improvements (Most Recent Year)

Ruben Salazar High School is located the old Meller Elementary school site which was established in 1955. RSHS took over this site in 2009. Currently it consists of 18 classrooms, one main office, and a school cafeteria. The campus has volleyball and basketball courts. There are softball, football, and soccer fields available as well. RSHS buildings and facilities are safe, clean and well-maintained. Two full-time custodians maintain the facilities day and night. The district provides two part-time School Safety Officers (SSO) who monitor students and provide additional campus supervision and security. The district also ensures that buildings and facilities are well-maintained for students through the use of the Facilities Inspection Tool (FIT). Based on this inspection, the district rates the facilities and the overall condition of the school campus. Any areas that require improvement are detailed in the report and repaired. Our current overall rating is a score of 95% (GOOD)

Our Innovation Lab in Room 25 is the one of the most current completed projects. In addition, RSHS installed 14 cameras in various locations throughout the campus. These cameras are monitored and allow for greater supervision of all areas on campus for increased security. The district also installed new energy efficient LED lights in campus-wide. Meller SPED, ISP, Early Learning Program, Tri-Cities ROP also utilize the Salazar/Meller site.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Stakeholder involvement in the review of student achievement data is vital to Ruben Salazar’s mission of creating a culture of learning and collaboration. Each year, RSHS stakeholders such as parents, school staff, students, and community members work collaboratively and create the School Plan for Student Achievement (SPSA). The SPSA is a collaborative document that guides the administration, teachers and staff in selecting instructional and professional development goals, making budgetary decisions and determining and addressing students’ instructional needs. Each year, all stakeholders review and update the Ruben Salazar High School SPSA. This process involves the administration, school counselor and staff conducting formal and informal reviews of the data various times throughout the year. The administrator shares the findings with the School Site Council (SSC) and English Learner Advisory Council (ELAC) and at district administrative meetings. Parents are always encouraged to serve on district and school committees such as the School Site Council (SSC), District Advisory Council (DAC) and District English Learner Advisory Council (DELAC) which play critical roles in assistance with the SPSA.

We also encourage parents to be knowledgeable about, and participate in, their student’s educational program. Ruben Salazar values parent and community involvement. Beginning on the first day students enroll, a parent-student orientation is required. Together, we coordinate a plan of academic success. Parents are welcome to visit the school at any time, as well as at our Back To School Night, Parent Conferences, and Awards assemblies. There is open communication among the staff, students, and parents/guardians/caregivers that promotes mutual respect, trust, and support. The staff demonstrates its commitment to the students, parents/guardians/caregivers, and community by working as a team to provide a high-quality educational experience.

Aeries software allows for increased communication between students, parents, teachers and administration. School information and news is also communicated through school website and social media postings. RSHS has a school-wide Remind notification system for students and parents. The administration and teachers also use Remind for notifications and school updates. All school events are posted in the school’s Google Calendar where parents can stay involved.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Ruben Salazar maintains a comprehensive school safety plan which recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The plan includes disaster preparedness, emergency protocols, and a host of policies and procedures designed to keep our school, students, and staff safe. Each classroom has an emergency plan and kit. These are good for fire, earthquake and other natural disasters. The entire school participates in the yearly Earthquake Disaster Drill. All employees and students practice other emergency drills throughout the school year. RSHS is committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others. The safety plan is reviewed annually and was last updated in the Fall of 2018 by all stakeholders including our School Site Council.

Ruben Salazar High School with the support of PBIS provides a school safety vision that ensures staff and students the safest and least disruptive learning environment. This vision is supported by the following key components: a positive, caring relationship between staff and students, a secure physical environment, strong leadership and academic instruction supported by consistent adherence to policies and discipline procedures, recognition of student individuality through support and validation of student effort and success. School safety is maintained by using the front office entrance and the one main gate west of the office. All guests and visitors to the campus must check-in with the office staff first. To maintain a safe atmosphere, two school security officers have been hired to maintain safety.

Professional Development provided for Teachers

The El Rancho Unified School District provides professional development programs that provide a wide range of professional growth and support opportunities to serve the needs of teachers/staff at all learning stages:

- Beginning Teachers Support and Assessment (BTSA) program as approved by the State of California which provides experienced mentor support for all new teachers earning their California Clear Credential
- Peer Assistance Review (PAR) program for veteran teachers which provides seminars and individual coaching for teachers refreshing their skills and learning new strategies
- Certificated and Staff Training
- Site Administrator Training
- Illuminate-district wide data assessment system
- Curriculum Councils
- AVID Strategies
- PBIS

We dedicate three full days and approximately 40 half days toward professional development at our school sites per year. The topics addressed at our trainings are based on teachers' need assessment surveys, student assessment data analysis, and district and school-wide action plans. Our intern teachers are supported by university supervisors. Professional development at individual school sites are determined by the instructional focus. English Learner and special population trainings are offered on site as needed. In addition, teachers also attend off-site workshops or conferences.

* The primary area of focus for staff development is Math and English with an emphasis on credit completion.

* Methods by which professional development is delivered are on Wednesdays modified days, SIP days, and District designated days .

* Staff members who participate in the off site professional development use their knowledge and information gained to share with colleagues in on site staff meetings as well as in-class coaching if needed.

Career Technical Education Programs

The following classes and programs offered at Ruben Salazar High School are focused specifically preparing students for college and careers.

1. Keyboarding and Computer Application:

This course is designed to help students become more familiar with the creative writing process. Throughout the trimester, students will be introduced to specific conventions and strategies for improvement of their writing skills. They will also have the opportunity to practice with different approaches to story telling in order to discover new ways in which their personal writing and speaking styles can be expressed.
