

NOW HIRING FOR 2019-2020
4th GRADE GENERAL STUDIES TEACHER

Due to increased enrollment, Kohelet Yeshiva Lab School, an educationally progressive, K-8 Modern Orthodox Day School located in Merion Station, Pennsylvania, seeks a dynamic and talented educator for the position of 4th Grade General Studies Teacher for the 2019-2020 school year. The General Studies Teacher position is envisioned as a full-day position encompassing all General Studies (literacy, math, science, social studies) instruction for a multi-age lower elementary learning environment.

The successful candidate will have a BA in Elementary Education and a MA in a related field of study. The candidate will feel comfortable teaching and developing curriculum for literacy, math, science and social studies for a multi- age lower grades learning environment for all children regardless of learning needs. Experience with constructivist pedagogy, inclusion model, and a student-centered classroom is strongly preferred.

He or she will be excited by the opportunity to:

- Work in a highly collaborative team environment to ensure that the diverse learning, social, and emotional needs of all students are being met.
- Fully participate in the fast-paced “all-hands-on-deck” culture of a potentially groundbreaking startup endeavor.
- Co-teach with colleagues so as to create meaningful integration between the Judaic and General Studies curricula.
- Admit their own shortcomings and actively pursue their own professional growth as a constructivist educator.
- Take risks in an environment where the success and failure of all initiatives will be publically shared so as to advance the field of Jewish Education in North America.

The General Studies Teacher will work with the Principal and with the school’s consultants to begin training in constructivist pedagogy prior to the 2019-2020 school year. Compensation will be competitive and commensurate with experience.

If you want to be part of a team of passionate and talented educators that are committed to changing the face of Jewish education, please email your resume to Kohelet Yeshiva Lab School: innovators@koheletyeshiva.org.
