

**Massena Central School Board of Education Update
July 12, 2019**

Junior High Scoreboards Installed

If you are visiting the Junior High take a look at the new scoreboards which have been installed in the gymnasium. They look outstanding! Thanks again to Arconic for their generous \$10,000 grant to purchase and install them. We greatly appreciate their support for our schools.

Lead Testing Grant Available for Eligible Homeowners

The following is information from North Country Housing Council Executive Director Annette Bowman in regard to a grant received to provide lead abatement in eligible homes:

The North Country Housing Council is currently subcontracted with St. Lawrence County to administer a LEAD grant to assist homeowners/renters with LEAD issues in their homes. Specifically with households that have children age 5 years and younger, who have tested with high lead levels in their blood. We are working with and taking referrals from SLC Public Health

as well. Eligible households will need to meet the income guidelines and have proof of LEAD testing for the children residing in the household. If you or someone you know is currently living in a home built before 1978 as a home owner or renter and have children 5 years and younger who have been tested for LEAD levels and tested high, please contact our agency at 315-386-8576 and speak to our Rehabilitation Specialist and lead coordinator for this grant, Christine Martin. She can provide with you further information and an application.

You can copy and paste the above grant description to include in your newsletter. We appreciate your interest in our programs and sharing this information with your student's households. If you have any questions please do not hesitate to contact our office.
