School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

The School Accountability Report Card was established by Proposition 98, an initiative passed by California voters. As you read the Report Card, you will gain a better understanding of Washington as a school with a record for improvements; a faculty that is professionally skilled and personally committed to meeting the learning, technology and social needs of students; a student body which is enthusiastic and motivated to perform well. We are a middle school serving 6th, 7th and 8th grade students.

Washington Middle School is located in the northeast side of Bakersfield, in a middle class neighborhood. WMS is a neighborhood school, as most students in the Washington attendance area live within walking distance of the school.

Washington Middle School's Mission is to work together to achieve high levels of learning for all! We strive to be a strong Professional Learning Community that prepares our Hornets for College, Career, and life experiences.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Washington School was built in 1956 and modernized in 1992. It sits on 7.97 acres of which 4.6 acres is playground. This school has 32 classrooms, a multi-purpose facility, learning center, student store, band room, instructional materials center, library and BIS/psych/speech room. The campus also has a staff lounge.

The custodial staff adheres to a weekly cleaning schedule that includes classrooms, restrooms, cafeteria and kitchen areas.

The District’s Mobile Maintenance Team visits the school site at least twice a year. Maintenance emergencies are addressed immediately. District personnel maintain the grounds at least once every two weeks.

This site also is maintained to ensure a clean, safe, and functional facility as determined pursuant to a Facility Inspection Tool developed by the State of California Office of Public School Construction.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	17	13	23	22	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Washington's Middle School Parents are encouraged throughout the year to become involved with the following meetings, activities and/or committees:

- Back To School Night: State Standards are provided and explained to parents during Back To School Night
- Title I Parent Meeting: All parents are invited each year to attend a meeting focusing on Categorical Funds and how they are used to improve student achievement at Washington. The meeting is usually held in September of every school year at the beginning of Back to School Night.
- School Site Council: Parents form 50% of the council and oversee the implementation of the school plan. All parents are welcome to attend the School Site Council meetings. Meeting times and dates are announced in the monthly newsletters.
- English Learner Advisory Committee: Parents are nominated by the parents of English Language Learners and sit on the committee in an advisory capacity for School Site Council.
- Parent communications consists of parent portal exchanges, monthly newsletters, parent letters, flyers, messages through Jupiter grading system, text messages sent via the Remind App, frequent posts on Social Media (Twitter, Facebook, and Instagram), and telephone contacts by Principal, Vice-Principal, Office staff, Academic Coaches and teachers.
- Parents are encouraged to attend Parent University Classes, which are sponsored by district Title I Parent Involvement. Classes are held in the Fall and again in Spring. Information is sent home periodically.
- Parents are encouraged to volunteer in the classroom and during extracurricular events throughout the year.
- Parent Cafes and Parent picnics will be hosted at least once a month by the Family and Community Engagement Liaison (FACE). These events give parents the opportunity to build relationships with their student's and the administration.
- Parent Summits: Parent Education classes are offered to enable parents to be proactive in their student's learning, and to support them and help them to build a cohesive and supportive family unit that fosters a learning environment at home.
- Award assemblies are held each semester to recognize students who have earned Principal's List, Honor Roll, and Perfect Attendance. English Language Learner that are reclassified, Top Readers, and students receiving Teacher's Choice Awards are also recognized.

Washington Middle School’s staff and Family and Community Engagement liaison (FACE) encourages parent participation in all areas. Parents feel they are welcome in the school. The district, in order to meet the needs of the school community, provides parent education programs. Agreed-upon principles guide the way people make decisions, interact, work, and learn together. Parents and community members are confident about school staff’s ability to meet the learning needs of children. A common purpose is evident among members of the school community. Students, staff members, and parents acknowledge and celebrate the special contributions of others within the school. Students, staff members, and parents accept and share the responsibility for discipline. Parents can contact the front office at (661) 631-5810 for more information regarding parent engagement.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Washington established its Comprehensive School Safety Plan in 1998. A law enforcement officer specializing in safety provided direction in the establishment of the School Safety Plan. Washington’s School Safety Plan is current and is updated annually. Key elements of Washington’s School Safety Plan include the following: (a) routine and emergency disaster procedures; (b) suspension, and expulsion procedures; (c) teacher notification of pupils with a specific discipline history; (d) child abuse reporting procedures, (e) the district’s sexual harassment policy; (f) school crime data; (g) the student dress code; (h) safe entrance and exit procedures; (i) the civil defense and disaster plan; and (j) discipline rules and procedures. Our overall goal is to maintain a safe and orderly school environment conducive to learning.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement			

Professional development is designed to provide continuous learning opportunities for administrators, teachers, and classified personnel. Training opportunities affirm the basic philosophy of education that learning is a lifelong process that contributes to the well-being of the students, teachers, administrators, and community. Professional Development is an essential component of effective instruction and student learning.

All training revolves around identified needs of students and adults for the purpose of the improvement of instruction and increasing content knowledge. Central to all training are student achievement data, district focus areas, the Common Core State Standards, the state adopted standards-based instructional materials, and strategies to effectively teach the academic content standards to all students.

We also provided extensive professional development for Professional Learning Communities through our Service Delivery Model. On-site coaching and support is provided by academic coaches and district specialists for reading/language arts, mathematics, science, writing and social emotional learning. The district provides time and resources for collaboration, planning, and professional development. Additionally, we provided professional development on Multi-Tiered Systems of Support and Support to school and district teams.

Teachers new to the District received four days of professional development prior to the beginning of the school year focused on orientation to District and school site policies and services, Common Core State Standards, classroom management, curriculum and pacing, using technology and setting up the classroom. Teachers in their second year with the District received two days of professional development prior to the beginning of the school year provided by the school site and focused on improving best practices.

New teachers with California preliminary credentials received professional development through the Bakersfield City School District (BCSD) Teacher Induction Program (TIP). The focus of BCSD TIP is being mentored by an experienced teacher, growing in the California Standards for the Teaching Profession (CSTP) and meeting the California Induction standards. The culmination of TIP is the recommendation for the CA Clear Credential. Each TIP teacher was assigned a veteran teacher who served as a mentor. The mentors received on-going professional development in coaching/mentoring strategies, instructional strategies, and guiding cycles of inquiry. Professional development was provided through individual mentoring, monthly meetings, and after-school workshops.

Intern teachers received professional development at monthly meetings focusing on the initial teaching skills of the CSTP including classroom management, lesson planning, assessment, and establishing a climate that is conducive to student achievement. Each Intern was assigned a mentor that provided day-to-day support in these areas as well as advisement toward meeting credential requirements. Mentors received monthly professional development in meeting the needs of Intern teachers. Interns also received coursework and supervision from universities partnered with BCSD to provide the Intern Program.

Teachers on Short Term Staffing Permits (STSPs) were provided mentors and monthly trainings on beginning pedagogy and best teaching practices. Each teacher on a STSP designed a plan to meet requirements to move to a CA Intern or Preliminary Credential. Support was provided for required testing and BCSD staff worked closely with university partners to ensure teachers on permits were taking prerequisite requirements to move to credentials.

Teachers on Provisional Intern Permits (PIPs) were provided a weekly cohort meeting focused on beginning pedagogy. Two cohort meetings occurred weekly to allow teachers on a PIP to work around university course schedules. Support was provided for required testing and BCSD staff worked closely with university partners to ensure teachers on permits were taking prerequisite requirements to move to credentials.
