School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements (Most Recent Year)

Endeavour School opened for the 1995-96 school year. The construction was financed by district voter approval of Measure A in 1994. The school is included in the District five-year deferred maintenance plan that is submitted to the State. On-going maintenance and painting is regularly scheduled for the campus.

The Director of Maintenance, Operations and Transportation oversees the team of custodial staff assuring that classrooms, offices, restrooms, and the campus grounds are kept clean and safe. Custodians are on hand during the day and evenings, at each school site. School grounds are mowed and maintained on a weekly basis. Communication is ensured by the use of two-way radios at each school site for daily use and in case of emergency.

The data reported is the determination of good repair as documented in a complete Interim Evaluation Instrument. The school site inspection was completed on March 27, 2018.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	57.0	61.0	58.0	58.0	48.0	50.0
Mathematics (grades 3-8 and 11)	44.0	52.0	48.0	50.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that continued parental involvement in the education of children contributes greatly to student achievement and a positive school environment.

Parents support their children's academic efforts and their development as responsible members of society by helping their students at home with their school work, attending conferences and providing a caring environment.

Fruitvale encourages parents/guardians to serve as volunteers in the schools, attend student performances and school meetings, and participate in site councils, advisory councils and other activities in which they may undertake governance, advisory and advocacy roles.

Parent Clubs at each school are currently active in providing many activities for Fruitvale School District students. They work together to assist in school programs and community projects. Please contact the school for specific information and opportunities for parent involvement.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (School Year 2018-19)

The School Safety Plan is revised yearly taking into account staff changes as well as content revisions. The Emergency Preparedness portion of the plan is modeled after State Standardized Emergency Management System.

The plan is dedicated to the ongoing enhancement of all aspects of school safety including:

- Maintenance of safe and orderly learning environment by maintaining the buildings and grounds to a high standard.
- Student transition to and from school with instructions on how to cross streets safely and a crossing guard posted by the school. Along with this there is a Transportation Safety Plan that includes instructions on how to board and exit the bus safely, how the red cross-over lights are used and annual evacuation exercises.
- Student behavior and discipline is outlined in the plan and is given to the parents and students via the Student/Parent handbook at the beginning of the school year.
- Disaster preparedness is accomplished by training the staff to respond to natural disasters or evacuations due to potential hazards. Many of the staff are trained in first aid and CPR procedures along with triage, search and rescue and student security in the event of an emergency.
- Playground and classroom facilities and equipment are inspected annually with written reports of the findings. The play equipment has been inspected by a certified playground inspector and there is an ongoing maintenance program to improve the safety of the equipment. A quarterly inspection of the buildings, grounds and play equipment is done by the Lead Custodian and documented on a standard form.
- Student, parent and staff safety training is done on an ongoing basis through in-services, fire and earthquake drills and parent universities.

Professional Development (Most Recent Three Years)

Staff development priorities include analyzing student assessment data and implementing the Common Core Standards. Training and staff development are provided at both the District and school site level. Fruitvale School District is part of the Kern County BTSA (Beginning Teacher Support and Assessment) Consortium. In the BTSA program, first and second year credentialed teachers are paired with District BTSA support providers who mentor them in the California Standards for the teaching profession.

Teachers who have met California’s subject matter requirements, but who are not fully credentialed, will participate in the Intern program. Intern teachers will be paired with a credentialed teacher to participate in a planned sequence of instruction to obtain a California Teaching credential.

Inservice training and curriculum improvement is administered by the Director of Curriculum/Staff Development in conjunction with the Principal, School Site Council, mentor teachers, and various teacher advisory groups. Professional Development in services occur multiple times each school year. The school's focus is development of the Common Core Standards with emphasis on lessons that include the following components: cooperative learning, critical thinking, creativity, and communication.

Students are dismissed on a Minimum Day Schedule at 12:30. In addition, “time banking” allows for an early release one day per week for grades TK through 6. Teachers are assigned collaborative activities during early release days. During these meetings, teachers analyze data, brainstorm curriculum and technology solutions, provide feedback on essential programs, and create curriculum units and lessons.
