## CAPITAL PROJECT REPORT #15

PUBLISHED MARCH 19, 2019 – FIRST REPORT FOR SPRING 2019!

### YEAR 2017 VOTER AUTHORIZATION

Voters approved an \$18M capital project January 17, 2017. That capital project features four priority areas that are project cornerstones: **(1)** enhancements to various educational program spaces; **(2)** traffic safety improvements; **(3)** athletic field upgrades; and **(4)** infrastructure updates.

### YEAR 2018 CAPITAL PROJECT WORK

Calendar year 2018 capital project work focused on **site construction improvements** to the main campus entrance, bus loop and some parking areas. **Additional sidewalks** were constructed as part of traffic safety improvement. Summer 2018 capital project work included **improvements to the drainage systems** associated with those areas.

### CAPITAL WORK SLATED FOR YEAR 2019

Calendar year 2019 capital project work is slated to commence spring 2019 and is forecasted to include **construction of a new large group instruction classroom** for middle school and high school use, **elementary school main entry enhancements** including passive security features, a **dedicated elementary school cafeteria and serving line** for students apart from the elementary school gymnasium. Other work is slated to include **electrical, mechanical and plumbing system upgrades** in the buildings, plus **improvements to athletic and physical education** infrastructure. **Examples:** A new synthetic turf field and updated outdoor physical fitness facilities for students and community members, such as tennis/pickle ball courts and an outdoor track for running and walking. **Cumberland Head Elementary School** will also be receiving various facilities upgrades.
