

**Date**

October 17, 2019

**Location**

Monterey High  
Library

**Time**

6pm

Parents and Guardians:

Join us for information of the drug use that is happening among youth on our Peninsula. The more informed we are as a community; the more support we can offer our young people. They need our help to make good choices!

**Presenters Include:**

Monterey High Administration

Monterey City Police

Sun Street Center

MYTH

E-cigarettes produce a harmless water vapor, there is no secondhand vapor

FACT

E-cigarettes DO produce an aerosol that had nicotine, harmful chemicals, and toxins known to cause cancer.

MYTH

You can't get addicted to marijuana

FACT

17% of young people who start using marijuana become addicted to it.
