

Theatre Arts

Under the direction of Mr. Ryan McMahon

rmcmahon@vusd.org

Drama

Improve your acting skills, be confident in front of an audience and have tons of fun in the process!

VCIS offers two drama classes that teach students performance technique in preparation for the end of the semester show.

Stagecraft

Come use your creative minds and learn to build and paint sets for the fall and spring performances.

Productions in Theatre Arts and Tech

Don't like being on the stage but love being in the theatre? This is a great class to understand and work behind the scenes and help run the production.

Meet the Teacher..

Mr. McMahon has been involved in various performing arts programs to include Choir, drama, and dance classes through schools and other organizations in Visalia. Mr. McMahon had major leading roles in several musicals to include: Riff from West Side Story, Skimbleshanks from the famous Broadway musical Cats, Chip from 25th Annual Putnam County Spelling Bee, and several supporting roles in the hit musical 42nd street just to name a few. He began working in the theater backstage and on sets nearly 10 years ago and developed a passion for the theater tech industry. He has also worked with a Children's choir as an acting coach and designed the sets and lighting for their shows. Mr. McMahon studied Arts, Media, and Entertainment at Fresno Pacific University and is looking forward to getting to know the students at VCIS while developing their acting skills and love for the theater!
