

AdVENTURE 2019/2020 School Year Application Process

AdVENTURE is a STEM program housed on the Herman Intermediate campus. Applications will be available for the 2019/2020 School Year on January 14th, 2019. Applications will be accepted through March 15th, 2019.

Application Process for AdVENTURE STEM Program @ Herman Intermediate School

AdVENTURE is a "Program Option" within the Oak Grove School District (OGSD). Enrolling in the AdVENTURE program requires several steps (please follow the procedure below that applies to you, depending on whether you live within or outside the OGSD).

Please Note: No transportation (bus) is provided to AdVENTURE. Families must make their own transportation arrangements. Many families are able to arrange carpools.

Oak Grove School District Residents

Families who reside WITHIN the OGSD must complete and submit a "Program Option Request Application". Applications for the 2019/2020 school year will be available beginning January 14th, 2019. The deadline to submit applications is March 15th, 2019. There is no priority given to applications turned in "first", all applications turned in during the application period will be considered equally. Applications should be turned in at Herman Intermediate School, 5955 Blossom Avenue, San Jose. Program Options applications will be available at Herman Intermediate, the district office, and at all school sites. The district office is located at 6578 Santa Teresa Blvd., San Jose, CA 95119.

Parents will be notified of the status of their Program Options Request by May 1st. After you have been notified that your child has a space in the AdVENTURE program, you have three days to accept or deny your position. After that time spots are given to the next student selected.

Oak Grove School District Non-Residents

In addition to the "Program Options Request Application", families who reside OUTSIDE OGSD must complete and submit an "Inter-District Transfer" request with your home school district. Indicate AdVENTURE STEM Program as the requested school/program.

Once you have been notified that your child has a space in the AdVENTURE program, you must also complete the following two steps:

After you have been notified that your child has a space in the AdVENTURE program, you have one week to accept or deny your position. After that time spots are given to the next student selected.

Register your student with the school office by completing an OGSD Student Registration form and all required documents (birth certificate, immunization records, etc.). Registration forms are available in the school office.

SELECTION PROCESS

All applicants are placed into the selection process. The amount of open spots changes each year depending on enrollment. The spots are filled by "first priority" enrollment. The next spots are filled equally from the three Learning Communities: Herman Learning Community, Bernal Learning Community and Davis Learning Community. We balance our enrollment 1/3 from each community, male to female ratio, and no more than 1/3 students who are GATE. We also average the number of students from each school so that no one school has more attendees than another. Out of District applications are selected when criteria cannot be met through currently enrolled students in the Oak Grove School District.

Additional information: "First priority" enrollment for the program is given to full time district employees and siblings of currently enrolled students. For sibling priority both children must be dual enrolled, the only exception to this is for a graduating 8th grader with an incoming 5th grader.

For those families not selected, we keep your applications on a pending waitlist in the event that a spot opens up. We fill the open spot with a student that meets the above mentioned selection process. For example: If an 5th grade, female, GATE student declines from the Davis Learning Community, we would fill the spot with another female, GATE student from that Learning Community. We do not inform applicants "where they are on the waitlist". Applications are not placed in priority order, all applications on the "waitlist" have equal priority.

For the latest and most official information, please call the program specialist, Lisa Acosta @ 408-226-1886 x 304212.
