June 12, 2018

Dear Neighbor:

This summer, Ocean View Elementary School will be undergoing construction to build an outdoor learning center and shade structure on its upper field.

Construction will commence shortly after the school year ends, and is expected to be complete by August 11, 2018. Hours of construction will be weekdays between 7 a.m. and 4 p.m. In the unlikely event of any Saturday work, construction will not start until 8 a.m.

While daytime noise and occasional neighborhood truck traffic can be expected from time to time, we will do our best to minimize any impact this has on our neighbors. Water trucks will keep down dust and construction staff will park on-site.

We very much appreciate your cooperation and understanding as we work to give the students of our community these much-needed, updated educational facilities. If at any time you have concerns or questions about the project as it progresses, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Andy Stenson", is written over a light blue horizontal line.

Andy Stenson
Assistant Superintendent, Business Services
