

Foxborough Regional Charter School Dress Code

We are pleased to announce our dress code for the 2018-2019 school year and beyond. We were able to gather numerous amounts of data through surveys, discussions, and committee meetings consisting of students, parents, staff, and our school board. It was through this data we were able to draft the following dress code, approved by our Board of Trustees.

FRCS Dress Code

The Foxborough Regional Charter School Board of Trustees believes that part of an orderly learning environment is the appropriate appearance of the students attending school. Such appearance should reflect positively on the school and be consistent with standards of decency so that one's own attire does not distract students or staff from creating and maintaining a proper learning environment. To that end the Board embraces a dress code that shall be enforced by staff. Administration will also develop expectations for physical education classes, if necessary, for non-dress code days, and any other school related activities, as needed. The dress code shall consist of the following criteria:
