

Map your Day 2018 #AllIn

In order to make your 2018 - 2019 school year successful, please follow the steps below to map out your day at West Valley Junior High.

Step 1: Read through your entire schedule

Step 2: Highlight the location of your classes in the same color and label with period #

Step 3: Find your 4th period class and determine if you have 1st or 2nd lunch

Step 4: Highlight the following items in different colors:

- Your locker location
- Restrooms
- Counselor office
- Main office

Step 5: Start with period #1 and plan a route to Period #2. Remember you have 4 minutes in the passing period. While planning your route, think do I need to stop at my locker? Where is the nearest restroom?

Step 6: Continue planning from class to class until you reach 6th period.

Tips: To reduce tardies, please use the plan that you have created for yourself. If you find yourself being tardy to class, make sure you are using your time wisely. Are you talking to friends in the hall? Are you using the furthest restroom away from your next class? Make adjustments to your plan, so you can be successful at West Valley Junior High.
