

As we continue to move forward with students learning from home it is important to stay connected with your teachers. Many teachers are communicating with Class Dojo, through email, on Facebook, or other digital platforms. Please reach out to your child's teacher if you have not been receiving information from them. Some teachers are going to begin using Google Classroom to connect with students, and it is imperative that your child join this so they do not miss out on information and instruction. Also, all yearbook orders must be placed and paid for by April 1st. The cost of the yearbook is \$24.00. We will not be ordering extras this year, so please place your orders by April 1st. Online orders can be placed at strawbridge.net using the online code YB105074. Cash and check orders can be dropped off at school between 8:00 - 3:00 Monday through Friday. Please include the student's name, teacher, and a good contact phone number on the envelope when you drop it off. All this information will be provided on the school webpage and Facebook page. Please contact the school if you have any questions.
