February 6, 2019

ISTEP testing will occur February 26-March 1. This includes all Juniors and Seniors who have not passed one or both of the tests. We will be operate on an approved 2 hour delay schedule for those days only. All Sophomores will be taking ISTEP for the first time. The Sophomores will have two days of tests, which will be Math and English part 1. There is a second part for Sophomores in April. Juniors and Seniors who are retaking the ISTEP could have up to 4 days of testing depending on which test he/she needs to pass.

Below I have included the schedule for those days. If your student is not testing, they can arrive by 9:30 for first period (providing their own transportation to arrive later); otherwise students will be placed in a study hall during testing. Community Schools of Frankfort buses will always run at normal school day times, and ISTEP testing does not alter the time your student is picked up everyday. Students arriving after testing has begun will be asked to enter at Door 27 and wait in the Auxiliary Gym until the testing is completed and students are dismissed to first period. If you have any questions feel free to contact Trisha Hartman at 765-654-8545.
