Important Message Regarding The AIMS Handbook

At AIMS we work hard to meet the needs of our stakeholders, and we have set rules and policies. The AIMS handbook is not a list of suggestions. The AIMS handbook directs how we will operate as a community, all AIMS stakeholders are expected to follow what is written. There are many communities and schools in Oakland, AIMS is not for everyone, and we support any family, student, or employee that makes the personal choice to find a school that does not have the same rules or policies as AIMS. A list of schools in Oakland may be found at erolloak.org for families or students who decide that AIMS is not for them.

SECTION I: HISTORY / BACKGROUND

An Introduction to AIMS

Classrooms

1. We value cleanliness! Make sure your classrooms are kept neat and in order.
2. Assign students jobs to perform and manage them. Students take pride in contributing to the upkeep of the school.
3. Classrooms should be swept or vacuumed by students at the end of each day, and whenever necessary throughout the day.
4. There should never be anything left on the floor or on the desks after school. The floors are mopped/vacuumed at night and anything left on the floor will be thrown away.

Study Hall

Study Hall is an integral component of the AIMS Model, and, when executed properly, is effective in providing quality study time that is essential in preparing our students for academic success. In addition, a properly functioning study hall sets the tone for the school day and models real-life conditions of a college-preparatory environment. Teachers are expected to implement and hold students accountable to AIMS Study Hall Policies.

On-Campus Tutoring

1. Tutoring is an essential component to academic improvement and AIM Schools' success.
2. **All students with a grade of C- or below in grades 3-12 and demonstrating low-fluency in grades K-2, must receive on-campus tutoring** either before, during, and/or after school.
3. These students may also be required to attend Saturday School (grades 3-12) to receive additional help. Saturday School is an opportunity for all teachers to be available for students who need help.
4. Students who have low standardized test scores or score below meeting Standards on state assessments must participate in tutoring.
5. If a parent requests tutoring for their child or a student requests tutoring, the request will be evaluated and the student will be placed in tutoring based on need and availability.
6. Instructional aides and classroom teachers must strategize and communicate to determine if student progress is being made in tutoring.
7. Language-Arts and Math Instructional Aides are on-site Monday – Friday.
8. Students should attend all scheduled tutoring sessions. The administrator, classroom teacher, and Instructional Aides must be informed in writing if a student is absent or did not attend a scheduled tutoring session on the same day.

BOARD OF DIRECTORS POLICY**

BOARD POLICY # 1007

POLICY TITLE: Uniform Complaint Procedure

The Board of Directors (“Board”) of American Indian Model Schools, a California Non-profit Public Benefit Corporation (“AIMS”) hereby adopts this Policy # 1007 establishing its Uniform Complaint Procedure for American Indian Public Charter School (“AIPCS”), American Indian Public Charter School II (“AIPCS II”) and American Indian Public High School (“AIPHS”), each individually referred to as the “School” or collectively as the “Schools”:

AIMS is committed to compliance with applicable state and federal laws and regulations governing educational programs in the operation of its Schools.

Most issues are best handled informally and proactively, and the Board encourages the early resolution of complaints at the site level whenever possible. If you have a concern, you can always come and talk to a member of the Board, the Superintendent or the Head of School for your School. If you find that for some reason this informal resolution is not adequate, you can follow the School’s formal complaint policy and procedure set out herein.

The School will investigate any complaints alleging failure to comply with applicable laws, and will seek to resolve those complaints in accordance with School’s uniform complaint procedure set out herein. The School will use the formal complaint procedure to provide a uniform system of complaint processing for the following types of complaints:

(1) Any complaints alleging unlawful discrimination, harassment, intimidation or bullying in the School’s programs and activities based on actual or perceived race or ethnicity, color, ancestry, national origin, nationality, ethnic group identification, age, religion, marital or parental status, mental or physical disability, sex or sexual orientation, gender, gender identity, or gender expression; the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics.

(2) Any complaints regarding the School’s failure to comply with the prohibition against requiring students to pay fees, deposits or other charges for participation in educational activities, the requirements for the development and adoption of a school safety plan, and state or federal laws in adult educational programs, consolidated categorical aid programs, migrant

education, career technical and technical education training programs, child and development programs, child nutrition programs and special education programs.

(3) Any complaints related to the Local Control Accountability Plan, Annual Updates, or other Plan compliance requirements, pursuant to Education Code section 52075.

The Board prohibits any form of retaliation against any complainant in the complaint process. Participation in the complaint process shall not in any way affect the status, grades or work assignments of any student.

In investigating complaints, the integrity of the process shall be protected and the identity of a complainant shall remain confidential as appropriate. The Head of School or designee may keep the identity of a complainant and parties involved confidential to the extent that the investigation of the complaint is not obstructed, or as otherwise permitted by law.

The Compliance Officer or designee shall annually provide written notification of the School's uniform complaint procedures to students, employees, parents/guardians, any applicable advisory committees, and other interested parties. If 15 percent or more of the students enrolled at the School speak a single primary language other than English, this policy and the notice shall be translated into that language.

5. Advise the complainant of any civil law remedies that may be available to him/her under state or federal discrimination laws, if applicable;
3. Advise the complainant of the appeal process, including the complainant's right to take a complaint directly to the California Department of Education (CDE) or to pursue remedies before civil courts or other public agencies; and

4. Include statements that:
 - a. The School is primarily responsible to ensure compliance with applicable state and federal laws and regulations governing education programs;
 - b. The complaint review shall be completed within 60 calendar days from the date of receipt of the complaint unless the complainant agrees in writing to an extension of the timeline;
 - c. A complaint alleging unlawful discrimination, harassment, intimidation or bullying must be filed not later than six months from the date it occurred or six months from the date the complainant first obtains knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying;
 - d. The complainant has a right to appeal the School's decision to the CDE by filing a written appeal within 15 calendar days of receiving the School's decision;
 - e. The appeal to the CDE must include a copy of the complaint filed with the School and a copy of the School's decision; and
 - f. Copies of the School's uniform complaint procedure are available free of charge.

Procedures

All complaints shall be investigated and resolved within 60 calendar days of the School's receipt of the complaint.

The Compliance Officer or designee shall maintain a record of each complaint and subsequent related actions, including all information required for compliance with 5 CCR 4631 and 4633.

All parties involved in the allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled and when a decision or ruling is made.

1. Step 1: Filing of Complaint

Any individual, public agency or organization may file a written complaint of alleged noncompliance by the School.

A complaint alleging unlawful discrimination, harassment, intimidation or bullying may be filed by a person who alleges that he/she personally suffered unlawful discrimination, harassment, intimidation or bullying or by a person who believes that an individual or any specific

class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying. The complaint shall be initiated no later than six (6) months from the date when the alleged discrimination, harassment, intimidation or bullying occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying. Upon written request by the complainant, the Compliance Officer or designee may choose to extend the filing period for up to 90 calendar days.

The complaint shall be presented to the Compliance Officer who shall maintain a log of complaints received, providing each with a date stamp. Complaints related to pupil fees for participation in educational activities may also be presented to the School's Superintendent, if that person is not the Compliance Officer. Complaints related to pupil fees for participation in educational activities may be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with the requirements of Education Code sections 49010 *et seq.* (Pupil Fees).

Complaints related to Local Control and Accountability Plan compliance may also be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with the requirements of Article 4.5 of Title 2 of the Education Code.

If a complainant is unable to put a complaint in writing due to conditions such as illiteracy or other disabilities, School staff shall assist him/her to file the complaint.

2. Step 2: Mediation

Within 10 days of receiving the complaint, the Compliance Officer may informally discuss with all the parties the possibility of using mediation. If the parties agree to mediation, the Compliance Officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging discrimination, harassment, intimidation or bullying, the Compliance Officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the problem within the parameters of law, the Compliance Officer shall proceed with his/her investigation of the complaint.

The use of mediation does not extend the School's 60-day timeline for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

3. Step 3: Investigation of Complaint

Within 15 days of receiving the complaint, the Compliance Officer shall provide the complainant and/or his/her representative an opportunity to present the complaint and any evidence, or information leading to evidence, orally, to support the allegations in the complaint. The Compliance Officer also shall collect all documents and interview all witnesses with information pertinent to the complaint.

A complainant's refusal to provide the School's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation or engaging in any other obstruction of the investigation may result in the dismissal of the complaint because of lack of evidence to support the allegation; provided, however, that complaints permissibly made anonymously shall be investigated by the School to the extent possible without participation by the complainant.

In accordance with law, the School shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal to cooperate in the investigation may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

4. Step 4: Response

Within 30 days of receiving the complaint, the Compliance Officer shall prepare and send to the complainant a written response of the School's investigation and decision, as described in Step #5 below. If the complainant is dissatisfied with the Compliance Officer's decision, he/she may, within five days, file his/her complaint in writing with the Board.

The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60 calendar day total time limit within which the complaint must be answered. The Board may also decide not to hear the complaint, in which case the Compliance Officer's decision shall be final.

If the Board hears the complaint, the Compliance Officer shall send the Board's decision to the complainant within 60 calendar day of the School initially receiving the complaint or within the time period that has been specified in a written agreement with the complainant.

5. Step 5: Final Written Decision

The School's decision shall be in writing and sent to the complainant.

The School's decision shall be written in English and in the primary language of the complainant whenever required by law.

For all complaints, the decision shall include:

1. The findings of fact based on the evidence gathered;
2. The conclusion(s) of law;
3. Disposition of the complaint;
4. Rationale for such disposition;
5. Corrective actions, if any are warranted;

6. Notice of the complainant's right to appeal the School's decision within 15 calendar days to the CDE, and procedures to be followed for initiating such an appeal;
7. For unlawful discrimination, harassment, intimidation, or bullying complaints arising under state law, notice that the complainant must wait until sixty (60) days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies;
8. For unlawful discrimination, harassment, intimidation, or bullying complaints arising under federal law such complaint may be made at any time to the U.S. Department of Education, Office for Civil Rights at the following address:

Office for Civil Rights, U.S. Department of Education
San Francisco Office
50 United Nations Plaza
San Francisco, CA 94102
(415) 486-5555 PHONE
(415) 486-5570 FAX
Email: OCR.SanFrancisco@ed.gov

9. For civil rights complaints related to nutrition services, the School will send a copy of the complaint and resolution to the Nutrition Services Division and California Department of Education.
 - i. In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the [USDA Program Discrimination Complaint Form](#), (AD-3027) found online at: http://www.ascr.usda.gov/complaint_filing_cust.html, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint

form, call (866) 632-9992. Submit your completed form or letter to USDA by:

(1) mail: U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410

(2) fax: (202) 690-7442; or

(3) email: program.intake@usda.gov

This institution is an equal opportunity provider.

In addition, any decision on a complaint of discrimination, harassment, intimidation or bullying based on state law shall include a notice that the complainant must wait until 60 calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies.

If the investigation of a complaint results in discipline to a student or an employee, the decision shall simply state that effective action was taken and that the student or employee was informed of appropriate expectations. The report shall not give any further information as to the nature of the disciplinary action.

If a complaint alleging noncompliance with the laws regarding student fees, deposits and other charges is found to have merit, the School shall provide a remedy to all affected students and parents/guardians, which, where applicable, shall include reasonable efforts to ensure full reimbursement to them.

If a complaint alleging noncompliance with the laws regarding Local Control and Accountability Plans is found to have merit, the School shall provide a remedy to all affected students and parents/guardians.

6. Appeals to the California Department of Education

If dissatisfied with the School's decision, the complainant may appeal in writing to the CDE. The complainant shall file his/her appeal within 15 calendar days of receiving the School's decision and the appeal shall specify the basis for the appeal of the School's decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and the School's decision.

Appeals and accompanying documentation may be sent to the CDE at the following address:

California Department of Education

1430 N Street
Sacramento, CA 95814-5901

An appeal and accompanying documentation regarding pupil fees specifically may be sent to the CDE at the following address:

Categorical Programs Complaints Management Office
California Department of Education
1430 N Street, Suite 6408
Sacramento, CA 95814-5901

Upon notification by the CDE that the complainant has appealed the School's decision, the Compliance Officer or designee shall forward the following documents to the CDE:

1. A copy of the original complaint;
2. A copy of the decision;
3. A summary of the nature and extent of the investigation conducted by the School, if not covered by the decision;
4. A copy of the investigation file including, but not limited to, all notes, interviews and documents submitted by the parties and gathered by the investigator;
5. A report of any action taken to resolve the complaint;
A copy of the School's complaint procedures; and
6. Other relevant information requested by CDE.

The CDE may directly intervene in the complaint without waiting for action by the School when one of the conditions listed in 5 CCR 4650 exists, including when the School has not taken action within 60 calendar days of the date the complaint was filed with the School. A direct complaint to the CDE must identify the basis for direct filing of the complaint, which must include clear and convincing evidence that supports such a basis.

7. Civil Law Remedies

A complainant may pursue available civil law remedies outside the School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders.

For complaints alleging unlawful discrimination, harassment, intimidation or bullying based on state law, a complainant shall wait until 60 calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies, provided the School has appropriately and in a timely manner apprised the complainant of his/her right to file a complaint in accordance with 5 CCR 4622. The moratorium does not apply to injunctive relief and to discrimination based on federal law.

The Board at this time, votes to adopt the foregoing Uniform Complaint Procedure.

Effective this 18th Day, July, 2017.

AIMS Ombudsperson

Origin: 1950s from Swedish - "legal representative" - "an official appointed to investigate individual's complaints against maladministration, especially that of public authorities."

OVERVIEW

The Ombudsperson is responsible for the intake and monitoring of all formal District complaints. Formal complaints can be filed in this office.

The Ombudsperson is also responsible for investigating discrimination complaints (filed by students or parents/guardians) as well as complaints concerning the state program for English Language Learners (ELL) and retaliation for, or interference with ELL Program advocacy. The Ombudsperson also coordinates Williams Uniform Complaints and submits a Quarterly Report to the Governing Board. The Ombudsperson also serves as the Title IX Coordinator.

FILING A COMPLAINT

The District encourages the early, informal resolution of complaints at the site level whenever possible. If parents or guardians have a concern they should first contact the Head of School/Division Head for your child's school.

If you have additional questions or are not satisfied with the resolution offered by your child's school principal, please the Ombudsperson.

AIMS Ombudsperson Contact Information

As of 8/31/2017, Board Director Dr. Clifford Thompson is the Ombudsperson for American Indian Model Schools. Director Thompson can be reached by email at clifford.thompson@aimschools.org .

AIMS Student Success Team (SST)

According to the law, a student should be referred for special educational instruction and services only *after* the resources of the general education program have been considered and, where appropriate, utilized. (30 EC 56303) AIMS emphasizes the necessity to develop and provide interventions in order to ensure that a student has a successful school experience. The SST is a problem solving and coordinating structure that assists students, families and teachers to seek positive solutions for maximizing student potential. The SST focuses in-depth on one student at a time, and invites the parent and student to participate in finding solutions to areas of concern.

Potential Areas of Concern*

Academic

- *special education consideration*
- *disabilities*
- *retention*
- *attendance*

Social/Emotional

- *moving/social adjustment*
- *teacher relationship*
- *peer relationships*
- *familial challenge**
- *self-injury*

Health

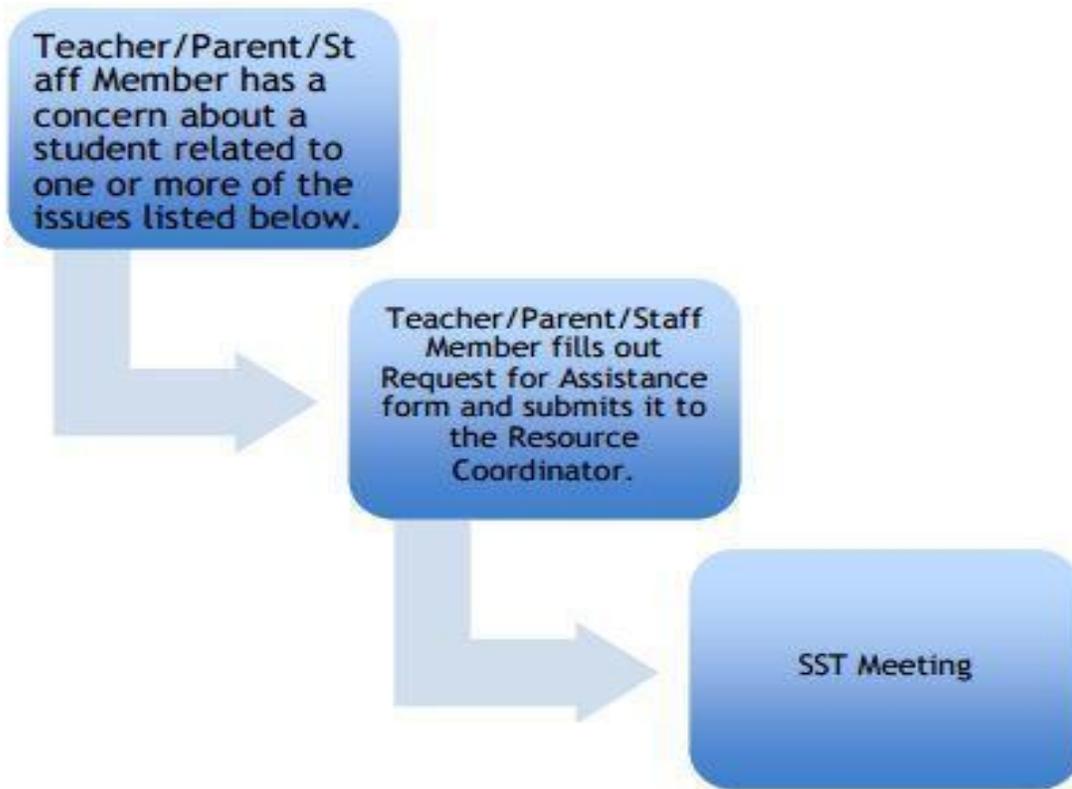

- *medical needs*
- *substance abuse*
- *eating disorders*

Other

- *Any issue that requires a combination of service coordination, collaborative problem-solving, and results monitoring.*

*If the observed indicators of ANY of these areas of concern meet the criteria outlined under California Child Abuse & Neglect Reporting Law, please refer to <http://mandatedreporter.ca.com/> for the appropriate reporting/intervention guidelines.

How to Initiate an SST meeting:

Sample Initial Student Success Team (SST) Agenda

- ✓ Welcome & Expectations (2-3 minutes)
 - *Uninterrupted listening*
 - *Respect for time*
 - *Adhere to topics*
- ✓ Review of Student Strengths (2-3 minutes)
- ✓ Situation Identification & Clarification of Function of Behavior (4-5 minutes)
- ✓ Brainstorm Interventions (6-8 minutes)
- ✓ Evaluate Interventions (6-8 minutes)
- ✓ Select Intervention(s) & Measurements (3-4 minutes)
- ✓ Write Action Plan (4-5 minutes)
- ✓ Summarize & Close (1-2 minutes)

SST participants will be e-mailed a copy of the action plan, as well as an evaluation of the process at the end of this meeting. If you do not receive either, please e-mail erin.oh@aimschools.org and find the evaluation form here: <http://goo.gl/forms/BUf9vYM5FS>.

When a Student Success Team determines that a student has not made sufficient progress given the interventions and support identified and implemented by the SST, the team must conduct a thorough file review and rule out hearing, vision, and/or attendance as qualifying conditions. Only after doing so should the team consider a referral for an assessment under Section 504 or for Special Education eligibility.

SECTION 2: A CULTURE OF ACCOUNTABILITY

Overview

1. At AIMS we analyze and test all students to ability group for mathematics. A student's state and national test results are used to gauge the accuracy of achievement displayed in the classroom.
2. State testing is held one week after staff and students return from Spring Break. There are no field trips until after state testing in grades 3-12. Students who have poor academic and/or behavioral standing may not attend field trips, with additional consideration given and exceptions made for special education students.
3. Progress reports are sent home every three weeks for students with a grade of "C-" or lower. Report cards are distributed every nine weeks for all grades. Administrators must sign off on all student progress reports and report cards before they are sent home.
4. Students are informed of their academic progress and the school's academic progress continuously. Students are expected to set academic goals and work toward them.
5. We demand hard work and high academic expectations from all employees and students.

STANDARDIZED ASSESSMENTS

1. AIMS embraces student testing, we do not believe tests discriminate. Students who are prepared with core academics will succeed.
2. AIPCS and AIPCS II students take the following exams: Benchmark Assessments, State Testing (2nd-8th grade), California Assessment of Student Performance and Progress (3rd-8th), CELDT (English Language Learners), American Mathematics Competition–AMC (select 6th-8th graders), SAT (select 7th-8th graders), and SCAT (select 6th graders).
3. AIPHS students will take the following exams: California Assessment of Student Performance and Progress (9th-12th), California High School Exit Exam–CAHSEE (10th grade), PSAT (9th-11th grade), SAT (11th-12th grade), ACT (11th-12th grade), SAT II (11th-12th grade), CELDT (English Language Learners), Advanced Placement Exams–AP (9th-12th grade), and American Mathematics Competition–AMC (9th-12th grade).
4. Teachers must analyze their students’ test scores to determine areas of high achievement and areas of improvement.
5. Teachers will administer standard diagnostic tests throughout the school year. These tests will be provided by the office, which will later collect the data to compare teachers and schools. (See diagnostic schedule).
6. Teachers must finish instruction in the core subjects textbooks no later than Spring Break. Students will begin working on the curriculum for the next grade level after state testing has been completed.

BENCHMARK TESTING

Teachers should include the benchmark exams in their lesson plans. When a class finishes a chapter grouping according to the benchmark exam cycle, teachers should administer the test. For example, when a 6th grade class finishes chapter 3 of ELA, the teacher should administer the 6th grade Ch. 1-3 ELA benchmark exam. Benchmark test 2 for 6th grade ELA will be administered when this class finishes chapter 6.

A mock state exam is also given each year for each grade level. This is administered three to four weeks before the actual state test. Results help inform teachers’ instructional decisions during the weeks prior to state testing.

RETENTION AND PROMOTION POLICY

1. AIM Schools K-12th grade students must pass language arts and mathematics (C- or below is failing), or they may be retained. AIM Schools 9th-12th grade students must pass language arts, math, science and history (C- or below is failing), or they may be retained.
2. All failing students should be placed in tutoring. Students who are not putting forth effort may be retained.
3. Teachers must provide documentation on progress reports and report cards.
4. EARLY IN THE YEAR if a student is at risk of being retained documentation of retention **MUST BE REPEATED** in each progress report and report card. Teachers should plan to meet with parents throughout the year and inform them of the student's progress.
5. **DO NOT SAY** students may be retained or students could be retained. Instead, **SAY based on your current progress, you will be retained.**
6. **DO NOT** be afraid to retain a student who did not do the work. You will only set them up for failure if they are promoted to the next grade level when unprepared.
7. Chaos is created for the new teacher when you promote a student who is not prepared for the next grade level. Retention is never negotiable with families.

SPECIAL EDUCATION

Child Find Mandate

The Individuals with Disabilities Education Act (“IDEA”) includes the “Child Find” mandate, which requires AIMS to identify, locate, and evaluate all children with disabilities enrolled in its schools. If AIMS has knowledge that a student has a disability, or is suspected of having a disability and may need special education and related services, AIMS must offer to assess the student. Indicators for when a student is suspected of having a disability, and AIMS should thus offer an initial assessment include, but are not limited to the following:

1. Parent(s) expressed concerns in writing to AIMS administration or to one of student’s teachers that student may be need of special education and related services;
2. Parent or school staff has requested an initial evaluation of the student;
3. Student’s teacher, or other AIMS personnel, has expressed specific concerns about a pattern of behavior demonstrated by the student, directly to the directly to AIMS supervisory personnel.

A student should be referred for special educational instruction and services only after the resources of the general education program have been considered and, where appropriate, utilized. (See Tutoring and AIMS Student Success Team (SST) policies)

Special Education Assessments

A student may be referred for special education services at any time by AIMS staff, parents, or other service provider. Before a student can be assessed for eligibility for special education, or reassessed while receiving special education and related services, AIMS must develop an Assessment Plan and provide it to the parents for their approval within **15 calendar days** from the date of receipt of a written request for a special education assessment. Assessments must be administered in all areas related to the suspected disability by trained and knowledgeable personnel using sound instruments. For school-age children, the eligibility assessment must be completed within **60 days** of AIMS’ receipt of written parental consent for specified assessment activities and an Assessment Report provided to parents outlining required information. Under certain conditions, a parent may have the right to obtain an independent educational evaluation (IEE) at public expense. Please note that a student may demonstrate a disability, but may not necessarily be eligible for special education and related services. A student’s IEP team will determine eligibility based on the requirement that the student’s disability negatively or adversely affects his/her educational performance.

Individualized Education Plan (IEP)

An Individualized Education Program (IEP) is a written statement that AIMS must develop for each student who receives special education and related services. The educational program must be designed to meet the child’s individual specific needs. Every child who receives special education services must have an IEP. The purpose of an IEP is to outline a plan for meeting a student’s specific disability related needs that sets reasonable learning goals for the child and states

the services that the school will provide for the child. The IEP is developed jointly by the school, the parents, and the student, when appropriate.

Each child's IEP must contain specific information, as listed within IDEA, which includes nine essential elements:

1. **Present Levels of Performance:** A statement of the student's present levels of performance including how the disability affects the student's involvement and progress in the general curriculum.
2. **Measurable Annual Goals:** Measurable annual goals, including academic and functional goals, related to the student's needs, resulting from the student's disability, that will enable the student to be involved in and progress in the general education curriculum and that meet each of the student's other educational needs that result from the student's disability.
3. **Progress:** A description of how the student's progress toward meeting the annual goals described above will be measured and when periodic reports on the progress the student is making toward meeting the annual goals (such as through the use of quarterly or other periodic reports) will be provided.
4. **Special Education and Related Services:** A statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the student, or on behalf of the student, and a statement of the program modifications or supports for school personnel that will be provided to enable the student to advance appropriately.
5. **Participation in General Education:** An explanation of the extent, if any, to which the student will not participate with general education students in the general education classroom and in extracurricular and nonacademic activities.
6. **State Testing:** A statement of any individual appropriate accommodations that are necessary to measure the academic achievement and functional performance of the student on State and district assessments. If the IEP team determines that the student shall take an alternate assessment on a particular State or district assessment of student achievement, the IEP must include a statement of why the student cannot participate in the regular assessment and why the particular alternate assessment selected is appropriate for the student.
7. **Timing of Services and Modifications:** The projected date for the beginning of the services and modifications identified in the IEP, along with the anticipated frequency, location, and duration of the services and modifications.
8. **Transition and Post-Secondary Goals:** Beginning no later than the first IEP to be in effect when the student is 16, and updated annually thereafter, appropriate measurable postsecondary goals based upon age appropriate transition assessments related to training, education employment, and where appropriate, independent living skills and the transition services (including courses of study) needed to assist the student in reaching those goals.

9. **Age of Majority:** Beginning at least one year before the student reaches the age of 18, a statement that the student has been informed of the IDEA rights that will transfer to him or her upon turning 18.

Who develops the IEP?

The IEP is developed by a team of individuals that include the parent(s), an administrator, general education teacher, special education teacher, an expert who can interpret evaluation results, and the student, if appropriate. The team meets, reviews the assessment information available about the child, and designs an educational program to address the child's educational needs that result from his or her disability.

When is the IEP developed and the IEP meeting held?

Assuming eligibility is found, an IEP must be developed by the IEP team and implemented for each student, within 60 days of obtaining written parental consent of the Assessment Plan. For students already eligible for special education services, the IEP must also be reviewed at least annually thereafter to determine whether the annual goals are being achieved and must be revised as appropriate. An IEP meeting must be held within **30 days** of receipt of any written request from a parent.

504 Plans

Section 504 of the Rehabilitation Act of 1973 protects disabled individuals against discrimination. It does so by mandating that no qualified individual with a disability shall, on the basis of disability, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity of any entity that is a recipient of Federal financial assistance (34 CFR § 104.4(a)). AIMS must establish and maintain services and accommodations for students with physical or mental impairments that substantially limit one or more major life activity in order to ensure that these students have equal access to education.

Section 504 accommodations and/or related services must be delineated in a Section 504 Plan formulated by the student's teachers, parents, members of the SST team, and a school administrator.

Examples of 504 Plan accommodations and/or services that AIMS must provide to students include:

- Assistance with PE equipment for a student with mild cerebral palsy
- Extra time on tests for a student with Attention Deficit Hyperactivity Disorder (ADHD)
- Nursing services for a student with Type I Diabetes
- Use of an amplification system for a student with a hearing loss

A teacher, parent, guardian, or administrator can request a 504 Plan for a student. In order to have a 504 Plan, a student must meet all three of these requirements:

1. The student must have a physical or mental impairment that gets in the way of learning or participating in school programs or activities. The “physical or mental impairment” can be any physical or mental condition or problem. It can be something that lasts for a long time, for a short time, or it might come and go. Examples of impairments include: cancer, chronic asthma, diabetes, seizures, ADHD.
2. The student’s impairment must affect at least one major life activity. Major life activities include such things as seeing, hearing, eating, sleeping, breathing, speaking, walking, thinking, learning, and working. Major life activities also include the operation of major bodily functions such as normal cell growth, the immune system, bowels, bladder, neurological, and circulatory functions.
3. The impairment must substantially limit a major life activity. The determination of whether an impairment substantially limits a major life activity requires an individualized assessment. An impairment does not have to prevent or significantly limit a major life activity to be considered “substantially limiting.” For instance, if a student has a visual impairment that can be fully corrected by the use of ordinary eyeglasses or contact lenses, it will not be considered.

In general, a 504 plan should include the following elements, all tailored to the child’s individual needs:

- Specific accommodations, supports or services
- Names of the school professional that will provide each service
- The name of the person responsible for ensuring the 504 plan is implemented

Differences between a 504 Plan and an IEP

504 Plan	IEP
<p>The 504 plan offers <u>all</u> children with disabilities equal access to an education. Section 504 defines “disability” in very broad terms. That’s why children who aren’t eligible for an IEP may qualify for a 504 plan.</p>	<ul style="list-style-type: none"> • The IEP is only for children who qualify for special education services. • The individualized program must meet each child’s unique needs. • It must provide educational benefit.
<p>The 504 is documented in a written plan.</p>	<p>The IEP documents contain very specific language and parts such as goals and objectives that are not included in the 504.</p>
<p>Specific timelines for the 504 do not exist.</p>	<p>Timelines for an IEP are very specific and important.</p>
<p>There are no requirements stating who must attend the 504 plan meeting.</p>	<p>There are a minimum number of IEP participants required, and they are defined by law as the parent, an administrator, general education teacher, special education teacher, expert who can interpret evaluation results, and the student if appropriate.</p>
<p>Reports of noncompliance and the request for a hearing are made to the Office for Civil Rights.</p>	<p>Reports of noncompliance and the request for due process are made to the State’s Department of Education, Office of Administrative Hearings.</p>
<p>The 504 does not offer as many specific procedural safeguards as the IEP.</p>	<p>IEP specific procedural safeguards include, but are not limited to:</p> <ul style="list-style-type: none"> • the right to request an independent assessment at public expense • the student may “stay put” until a dispute is resolved

For additional information about IEPs and 504 Plans, please see speak with a school administrator, psychologist, counselor, or reference the Special Education binder in the office.

Teachers must check with the office by the first week of school to determine which of their students have IEP or 504 Plans, and to review those documents. All teachers must read through the Special Education binder and speak with their administrator and special education teacher about students with any special needs in their class.

STUDENT ATTENDANCE POLICY

Consistent school attendance is critical to our school's success. Being present for classroom instructional time is essential for students to reach their goals and achieve their dreams. Chronic absenteeism has been linked to an increased likelihood of poor academic performance, disengagement from school, and behavior problems. It is the intent of the Board to ensure that students attend school every day on time. All members of AIMS should take pride in the schools' attendance records. Our attendance rates for students and staff far surpass the District and state averages. Because others may question the integrity of our attendance data, it is vital that we ensure the legitimacy of our attendance records. This attendance policy outlines AIMS procedures for making certain that accurate and complete attendance records are kept.

Excused and Unexcused Absences

Absences are "excused" when they are due to:

- Illness or medical, dental, optometric, or chiropractic appointment
- Family emergency
- Legal matter
- Religious holiday or ceremony
- Funeral services of an immediate family member (one day if the service is in California and not more than three days if the service is outside California).
- Work assignment for student who holds an entertainment work permit or who participates with a not-for-profit arts organization in a performance for a public-school audience.
 - The law limits the number of excused absences for a child holding an entertainment work permit to five absences per school year, each of which may consist of up to five days. CA. Ed. Code 48225.5.

All other absences are "unexcused" absences, even if the parent calls in to excuse it. Absences unverified after 3 school days will be recorded as unexcused.

Absences due to an illness exceeding 3 consecutive days require a note from a doctor or nurse excusing the absence AND specifying the amount of time excused. If no note is received, the absence is considered an unexcused absence.

Note: A student with an excused absence from school will be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit. The teacher of the class from which a student is absent will determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the student missed during the absence. If the work is not completed within a reasonable time, the student will receive no credit.

Tardies

When a student is tardy three (3) times within one month, the teacher will contact the parent/guardian to discuss the problem and try to resolve it. If the problem persists, the parent/guardian will receive a letter from the school outlining the dates the student was tardy, the problems associated with tardiness, and a request to remedy the problem. If the problem continues to persist, the parent/guardian will be asked to attend a meeting with an administrator to determine what steps might be necessary to resolve the problem. If tardiness continues after meeting with an administrator, the parent/guardian may be referred to a Student Success Team meeting for resolution.

Truancy

Students shall be classified as truant if absent from school three (3) full days in one school year, without a valid excuse. Such students shall be reported to your supervisor.

Each of the first two (2) unexcused absences will result in a call home to the parent/guardian by the Office.

Upon reaching three (3) unexcused absences parent/guardian will receive the first “Truancy Notification” letter from the School and be referred to the Student Attendance Review Committee (SARC). This letter must be signed by the parent/guardian and returned to the school.

Upon reaching four (4) unexcused absences, the parent/guardian will receive a second Truancy Notification letter and will be required to attend a meeting with their supervisor and classroom teacher to consider a plan for correcting the problem.

Upon reaching five (5) or more unexcused absences, the parent/guardian will receive a third Truancy Notification letter and will be required to meet with the Student Attendance Review Board (SARB). The SARB may include an administrator, Board member, classroom teacher, and support staff such as psychologist and or counselor. It is the School’s intent to identify and remove all barriers to the student’s success and will explore every possible option to address student attendance issues with the family. The SARB will discuss the absence problem with the parent/guardian to work on solutions, develop strategies, discuss appropriate support services for the student and his/her family, and establish a plan to resolve the attendance issue.

Attendance Reports

If a student attends school on a given school day with the intention of participating in regularly scheduled instruction, he or she is considered present and should be marked “in attendance,” regardless of the length of time the student attends school on that day. If a student is absent from school for the entire day, he or she must be marked as absent on attendance reports. Students must appear in their classroom(s) to be counted present.

If a student is absent from school for the entire day and comes for the sole purpose of collecting homework and/or dropping off completed homework, but with no intention of participating in regularly scheduled instruction, he or she should be marked absent.

Attendance and Saturday School

Any student who misses a full day or a substantial amount of instructional minutes in any given day (and for any reason) must attend Saturday school.

Students who have behavioral challenges or who have a C- or below will also be required to attend Saturday school.

Attendance Procedure

1. Attendance is the most important aspect of success at AIMS.
2. Teachers should record attendance (including the number of consecutive days of perfect attendance) in four places every day:
 - a. Bulletin board display
 - b. Classroom board
 - c. Grade book
 - d. Monthly attendance grid
3. Teachers will prepare homework for students who are absent so they can pick it up from the office to limit interruptions in the classroom.
4. If the students cannot get to school due to transportation issues, they should let the school know so we can try to provide a solution.
5. Teachers will assign Saturday school to all students who are absent.
6. Teachers will report class list/attendance grid discrepancies immediately.

American Indian Model School (AIMS) Wellness Policy

Preamble

American Indian Model School (AIMS) (hereto referred to as the District) is committed to the optimal development of every student. The District believes that for students to have the opportunity to achieve personal, academic, developmental, and social success, we need to create positive, safe, and health-promoting learning environments at every level, in every setting, throughout the school year.

Research shows that two components, good nutrition and physical activity before, during, and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism, and better performance on cognitive tasks.^{1,2,3,4,5,6,7} Conversely, less-than-adequate consumption of specific foods including fruits, vegetables, and dairy products, is associated with lower grades among students.^{8,9,10} In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education, and extracurricular activities – do better academically.^{11,12,13,14}

This policy outlines **the District's** approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this policy establishes goals and procedures to ensure that:

- Students in the District have access to healthy foods throughout the school day—both through reimbursable school meals and other foods available throughout the school campus—in accordance with Federal and state nutrition standards;
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors;
- Students have opportunities to be physically active before, during, and after school;
- Schools engage in nutrition and physical activity promotion and other activities that promote student wellness;
- School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school;
- The community is engaged in supporting the work of the District in creating continuity between school and other settings for students and staff to practice lifelong healthy habits; and
- The District establishes and maintains an infrastructure for management, oversight, implementation, communication about, and monitoring of the policy and its established goals and objectives.

The Wellness Policy in its entirety may be viewed in the School's Main Office. This policy

applies to all students, staff, and schools in the District.

I. School Wellness Committee

Committee Role and Membership

The District will convene a representative district wellness committee (hereto referred to as the DWC or work within an existing school health committee) that meets at least four times per year to establish goals for and oversee school health and safety policies and programs, including development, implementation, and periodic review and update of this district-level wellness policy (**heretofore referred as "wellness policy"**).

The DWC membership will represent all school levels (elementary and secondary schools) and include (to the extent possible), but not be limited to: parents and caregivers; students; representatives of the school nutrition program (ex., school nutrition director); physical education teachers; health education teachers; school health professionals (ex., health education teachers, school health services staff [i.e., nurses, physicians, dentists, health educators, and other allied health personnel who provide school health services], and mental health and social

services staff [i.e., school counselors, psychologists, social workers, or psychiatrists]; school administrators (ex., superintendent, principal, vice principal), school board members; health professionals (ex., dietitians, doctors, nurses, dentists); and the general public. To the extent possible, the DWC will include representatives from each school building and reflect the diversity of the community.

Leadership

The Superintendent or designee(s) will convene the DWC and facilitate development of and updates to the **wellness policy, and will ensure each school’s compliance with the policy.**

Name	Title	Email address	Role
Tiffany Tung	Operations Manager	tiffany.tung@aimschools.org	DWC Committee Chair
Marisol Magana	Operations Director	marisol.magana@aimschools.org	DWC Committee Co-Chair

Each school will designate a school wellness policy coordinator, who will ensure compliance with the policy. Refer to Appendix A for a list of school level wellness policy coordinators.

II. Wellness Policy Implementation, Monitoring, Accountability, and Community Engagement

Implementation Plan

The District will develop and maintain a plan for implementation to manage and coordinate the execution of this wellness policy. The plan delineates roles, responsibilities, actions, and timelines specific to each school, and includes information about who will be responsible to make what change, by how much, where, and when, as well as specific goals and objectives for nutrition standards for all foods and beverages available on the school campus, food and beverage marketing, nutrition promotion and education, physical activity, physical education, and other school-based activities that promote student wellness. It is recommended that the school use the [Healthy Schools Program online tools](#) to complete a school level assessment based on the Centers for Disease Control and Prevention's School Health Index, create an action plan that fosters implementation, and generate an annual progress report.

This wellness policy and the progress reports can be found at: <http://www.aimschools.org/>

Recordkeeping

The District will retain records to document compliance with the requirements of the wellness policy at the American Indian Model School (AIMS), 171 12th Street, Oakland CA, and/or on the American Indian Model School (AIMS) website, <http://www.aimschools.org/>

.Documentation maintained in this location will include but will not be limited to:

- The written wellness policy;
- Documentation demonstrating compliance with community involvement requirements, including (1) Efforts to actively solicit DWC membership from the required stakeholder groups; and (2) These groups' participation in the development, implementation, and periodic review and update of the wellness policy;
- Documentation of annual policy progress reports for each school under its jurisdiction; and
- Documentation of the triennial assessment* of the policy for each school under its jurisdiction;
- Documentation demonstrating compliance with public notification requirements, including: (1) Methods by which the wellness policy, annual progress reports, and triennial assessments are made available to the public; and (2) Efforts to actively notify families about the availability of wellness policy.

Annual Progress Reports

The District will compile and publish an annual report to share basic information about the wellness policy and report on the progress of the schools within the district in meeting wellness goals. This annual report will be published around the same time each year June, and will include information from each school within the District. This report will include, but is not limited to:

- The website address for the wellness policy and/or how the public can receive/access a copy of the wellness policy;
- A description of each school's progress in meeting the wellness policy goals;
- A summary of each school's events or activities related to wellness policy implementation;
- The name, position title, and contact information of the designated District policy leader(s) identified in Section I; and
- Information on how individuals and the public can get involved with the DWC or SWC.

The annual report will be available in English, and translated into Spanish as requested.

The District will actively notify households/families of the availability of the annual report.

The DWC, will establish and monitor goals and objectives for the District's schools, specific and appropriate for each instructional unit (middle, and high school, as appropriate), for each of the content-specific components listed in Sections III-V of this policy.

Triennial Progress Assessments

At least once every three years, the District will evaluate compliance with the wellness policy to assess the implementation of the policy and include:

- The extent to which schools under the jurisdiction of the District are in compliance with the wellness policy;
- The extent to which the District's wellness policy compares to the Alliance for a Healthier Generation's model wellness policy; and
- A description of the progress made in attaining the goals of the District's wellness policy.

The position/person responsible for managing the triennial assessment and contact information is Tiffany Tung at (510) 893-8701, Extension 23.

The DWC, in collaboration with individual schools, will monitor schools' compliance with this wellness policy.

The District will actively notify households/families of the availability of the triennial progress report.

Revisions and Updating the Policy

The DWC will update or modify the wellness policy based on the results of the annual progress reports and triennial assessments, and/or as District priorities change; community needs change; wellness goals are met; new health science, information, and technology emerges; and new Federal or state guidance or standards are issued. **The wellness policy will be assessed and updated as indicated at least every three years, following the triennial assessment.**

Community Involvement, Outreach, and Communications

The District is committed to being responsive to community input, which begins with awareness of the wellness policy. The District will actively communicate ways in which representatives of DWC and others can participate in the development, implementation, and periodic review and update of the wellness policy through a variety of means appropriate for that district. The District will also inform parents of the improvements that have been made to school meals and compliance with school meal standards, availability of child nutrition programs and how to apply, and a description of and compliance with Smart Snacks in School nutrition standards. The District will use electronic mechanisms, such as email or displaying notices on the district's website, as well as non-electronic mechanisms, such as newsletters, presentations to parents, or sending information home to parents, to ensure that all families are actively notified of the content of, implementation of, and updates to the wellness policy, as well as how to get involved and support the policy. The District will ensure that communications are culturally and linguistically appropriate to the community, and accomplished through means similar to other ways that the district and individual schools are communicating other important school information with parents.

The District will actively notify the public about the content of or any updates to the wellness policy annually, at a minimum. The District will also use these mechanisms to inform the community about the availability of the annual and triennial reports.

III. Nutrition

School Meals

Our American Indian Model School (AIMS) is committed to serving healthy meals to children, with plenty of fruits, vegetables, whole grains, and fat-free and low-fat milk; moderate in sodium, low in saturated fat, and zero grams *trans*

fat per serving (nutrition label **or manufacturer's specification**); and to meet the nutrition needs of school children within their calorie requirements. The school meal programs aim to improve the diet and health of school children, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns, and support healthy choices while accommodating cultural food preferences and special dietary needs.

All schools within the District participate in USDA child nutrition programs, including the National School Lunch Program (NSLP), and hopefully in the future, the School Breakfast Program (SBP), and Afterschool Snack Program. All schools within the District are committed to offering school meals through the NSLP and SBP programs, and other applicable Federal child nutrition programs, that:

- Are accessible to all students;
- Are appealing and attractive to children;
- Are served in clean and pleasant settings;
- Meet or exceed current nutrition requirements established by local, state, and Federal statutes and regulations. (The District offers reimbursable school meals that meet [USDA nutrition standards.](#))

 - Daily announcements are used to promote and market menu options
 - Menus will be created/reviewed by a Registered Dietitian or other certified nutrition professional.
 - School meals are administered by a team of child nutrition professionals.
 - The District child nutrition program will accommodate students with special dietary needs. - Participation in Federal child nutrition programs will be promoted among students and families to help ensure that families know what programs are available in their **children's** school.

Staff Qualifications and Professional Development

All school nutrition program directors, managers, and staff will meet or exceed hiring and annual continuing education/training requirements in the [USDA professional standards for child nutrition professionals](#). These school nutrition personnel will refer to [USDA's Professional Standards for School Nutrition Standards website](#) to search for training that meets their learning needs.

Water

To promote hydration, free, safe, unflavored drinking water will be available to all students throughout the school day* and throughout every school campus* ("school campus" and "school day" are defined in the glossary). The

District will make drinking water available where school meals are served during mealtimes. In addition, students will be allowed to bring and carry (approved) water bottles filled with only water with them throughout the day.

Competitive Foods and Beverages

The District is committed to ensuring that all foods and beverages available to students on the school campus* during the school day* support healthy eating. The foods and beverages sold and served outside of the school meal programs (i.e., “competitive” foods and beverages) will meet the USDA Smart Snacks in School nutrition standards, at a minimum. Smart Snacks aim to improve student health and well-being, increase consumption of healthful foods during the school day, and create an environment that reinforces the development of healthy eating habits. A summary of the standards and information are available at: <http://www.fns.usda.gov/healthierschoolday/tools-schools-smart-snacks>. The Alliance for a Healthier Generation provides a set of tools to assist with implementation of Smart Snacks available at www.healthiergeneration.org/smartsnacks.

To support healthy food choices and improve student health and well-being, all foods and beverages outside the reimbursable school meal programs that are sold to students on the school campus during the extended school day will meet or exceed the state nutrition. These standards will apply in all locations and through all services where foods and beverages are sold, which may include, but are not limited to, a la carte options in cafeterias, vending machines, school stores, and snack or food carts.

Celebrations and Rewards

All foods offered on the school campus will meet or exceed the state nutrition standards, including through:

1. Celebrations and parties. The district plans to provide a list of healthy party ideas to parents and teachers, including non-food celebration ideas. Healthy party ideas from the [Alliance for a Healthier Generation](#) and from the [USDA](#).
2. Classroom snacks brought by parents. The District plans to provide to parents a [list of foods and beverages that meet Smart Snacks](#) nutrition standards; and
3. Rewards and incentives. The District plans to provide teachers and other relevant school staff a [list of alternative ways to reward children](#). Foods and beverages will not be used as a reward, or withheld as punishment for any reason, such as for performance or behavior.

Fundraising

Foods and beverages that meet or exceed the USDA Smart Snacks in Schools nutrition standards may be sold through fundraisers on the school campus* during the school day*. The District will make available to parents and teachers a list of healthy fundraising ideas [*examples from the [Alliance for a Healthier Generation](#) and the [USDA](#)*].

Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating food environments that encourage healthy nutrition choices and encourage participation in school meal programs. Students and staff will receive consistent nutrition messages throughout schools, classrooms, gymnasiums, and cafeterias. Nutrition promotion also includes marketing and advertising nutritious foods and beverages to students and is most effective when implemented consistently through a comprehensive and multi-channel approach by school staff and teachers, parents, students, and the community.

The District will promote healthy food and beverage choices for all students throughout the school campus, as well as encourage participation in school meal programs. This promotion will occur through at least:

- Implementing evidence-based healthy food promotion techniques through the school meal programs using [Smarter Lunchroom techniques](#); and

- Promoting foods and beverages that meet the USDA Smart Snacks in School nutrition standards. Additional possible promotion techniques that the District and individual schools may use are available at www.healthiergeneration.org/smartsnacks.

Nutrition Education

The District aims to teach, model, encourage, and support healthy eating by students. Schools will provide nutrition education and engage in nutrition promotion that:

- Is designed to provide students with the knowledge and skills necessary to promote and protect their health;
- Is part of not only health education classes, but also integrated into other classroom instruction through subjects such as math, science, language arts, social sciences, and elective subjects;
- Include enjoyable, developmentally-appropriate, culturally-relevant, and participatory activities, such as cooking demonstrations or lessons, promotions, taste-testing, farm visits, and school gardens;
- Promote fruits, vegetables, whole-grain products, low-fat and fat-free dairy products, and healthy food preparation methods;
- Emphasize caloric balance between food intake and energy expenditure (promotes physical activity/exercise);
- Link with school meal programs, cafeteria nutrition promotion activities, school gardens, Farm to School programs, other school foods, and nutrition-related community services;
- Teach media literacy with an emphasis on food and beverage marketing; and
- Include nutrition education training for teachers and other staff.

[USDA's Team Nutrition](#) provides free nutrition education and promotion materials, including standards-based nutrition education curricula and lesson plans, posters, interactive games, menu graphics, and more.

Food and Beverage Marketing in Schools

The District is committed to providing a school environment that ensures opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. The District strives to teach students how to make informed choices about nutrition, health, and physical activity. These efforts will be weakened if students are subjected to advertising on District property that contains messages inconsistent with the health information the District is imparting through nutrition education and health promotion efforts. It is **the intent of the District to protect and promote student's health by permitting advertising** and marketing for only those foods and beverages that are permitted to be sold on the school campus, consistent with the **District's wellness policy**.

Any foods and beverages marketed or promoted to students on the school campus during the extended school day will meet or exceed the state nutrition standards.

Food advertising and marketing is defined¹⁵ as an oral, written, or graphic statements made for the purpose of promoting the sale of a food or beverage product made by the producer, manufacturer, seller, or any other entity with a commercial interest in the product. This term includes, but is not limited to the following:

- Brand names, trademarks, logos or tags, except when placed on a physically present food or beverage product or its container.
- Displays, such as on vending machine exteriors.
- Corporate brand, logo, name, or trademark on school equipment, such as marquees, message boards, scoreboards, or backboards (Note: immediate replacement of these items are not required; however, districts will consider replacing or updating scoreboards or other durable equipment over time so that decisions about the replacement include compliance with the marketing policy.)
- Corporate brand, logo, name, or trademark on cups used for beverage dispensing, menu boards, coolers, trash cans, and other food service equipment; as well as on posters, book covers, pupil assignment books, or school supplies displayed, distributed, offered, or sold by the District.
- Advertisements in school publications or school mailings.
- Free product samples, taste tests, or coupons of a product, or free samples displaying advertising of a product.

IV. Physical Activity

Children and adolescents should participate in 60 minutes of physical activity every day. A substantial percentage of students' physical activity can be provided through a comprehensive, school-based physical activity program (CSPAP) that includes these components: physical education, recess, classroom-based physical activity, walk and bicycle to school, and out-of-school time activities and the district is committed to providing these opportunities. Schools will ensure that these varied opportunities are in addition to, and not as a substitute for, physical education (addressed in

“Physical Education” subsection). All schools in the district will be encouraged to participate in *Let’s Move!* Active Schools (www.letsmoveschools.org) in order to successfully address all CSPAP areas.

Physical activity during the school day (including but not limited to recess, physical activity breaks, or physical education) **will not be withheld** as punishment for any. The district will provide teachers and other school staff with a [list of ideas](#) for alternative ways to discipline students.

To the extent practicable, the District will ensure that its grounds and facilities are safe and that equipment is available to students to be active. The District will conduct necessary inspections and repairs.

Physical Education

The District will provide students with physical education, using an age-appropriate, sequential physical education curriculum consistent with national and state standards for physical education. The physical education curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts (discussed in the “*Essential Physical Activity Topics in Health Education*” subsection).

All students will be provided equal opportunity to participate in physical education classes. The District will make appropriate accommodations to allow for equitable participation for all students.

All American Indian Model School (AIMS) **secondary students** (middle and high school) are required to take the equivalent of one academic year of physical education.

The District physical education program will promote student physical fitness through individualized fitness and activity assessments (via the [Presidential Youth Fitness Program](#) or other appropriate assessment tool) and will use criterion-based reporting for each student.

Essential Physical Activity Topics in Health Education

The District will include in the health education curriculum the following essential topics on physical activity:

- The physical, psychological, or social benefits of physical activity
- How physical activity can contribute to a healthy weight
- How physical activity can contribute to the academic learning process
- How an inactive lifestyle contributes to chronic disease
- Health-related fitness, that is, cardiovascular endurance, muscular endurance, muscular strength, flexibility, and body composition
- Differences between physical activity, exercise, and fitness
- Phases of an exercise session, that is, warm up, workout, and cool down
- Overcoming barriers to physical activity
- Decreasing sedentary activities, such as TV watching
- Opportunities for physical activity in the community
- Preventing injury during physical activity
- Weather-related safety, for example, avoiding heat stroke, hypothermia, and sunburn while being physically active

- How to influence, support, or advocate for others to engage in physical activity
- How to resist peer pressure that discourages physical activity

Physical Activity Breaks (Elementary and Secondary)

The District recognizes that students are more attentive and ready to learn if provided with periodic breaks when they can be physically active or stretch. Thus, students will be offered **periodic opportunities** to be active or to stretch throughout the day on all or most days during a typical school week. The District recommends teachers provide short (3-5 minute) physical activity breaks to students during and between classroom time. These physical activity breaks will complement, not substitute, for physical education class, recess, and class transition periods.

The District will provide resources and links to resources, tools, and technology with ideas for physical activity breaks. Resources and ideas are available through [USDA](#) and the [Alliance for a Healthier Generation](#).

Active Academics

Teachers will incorporate movement and kinesthetic learning approaches into “core” subject instruction when possible (e.g., science, math, language arts, social studies, and others) and do their part to limit sedentary behavior during the school day.

The District will support classroom teachers incorporating physical activity and employing kinesthetic learning approaches into core subjects by providing annual professional development opportunities and resources, including information on leading activities, activity options, as well as making available background material on the connections between learning and movement.

Teachers will serve as role models by being physically active alongside the students whenever feasible.

Before and After School Activities

The District offers opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods. The District will encourage students to be physically active before and after school by:

Active Transport

The District will support active transport to and from school, such as walking or biking. The District will encourage this behavior by engaging in *six or more* of the activities below; including but not limited to:

- Designation of safe or preferred routes to school

- Creation and distribution of maps of school environment (e.g., sidewalks, crosswalks, roads, pathways, bike racks, etc.)

V. Other Activities that Promote Student Wellness

The District will integrate wellness activities across the entire school setting, not just in the cafeteria, other food and beverage venues, and physical activity facilities. The District will coordinate and integrate other initiatives related to physical activity, physical education, nutrition, and other wellness components so all efforts are complementary, not duplicative, and work towards the same set of goals and objectives promoting student well-being, optimal development, and strong educational outcomes. Schools in the District are encouraged to coordinate content across curricular areas that promote student health, such as teaching nutrition concepts in mathematics, with consultation provided by either the school or the District's curriculum experts.

All efforts related to obtaining federal, state, or association recognition for efforts, or grants/funding opportunities for healthy school environments will be coordinated with and complementary of the wellness policy, including but not limited to ensuring the involvement of the DWC/SWC. All school-sponsored events will adhere to the wellness policy. All school-sponsored wellness events will include physical activity opportunities.

Community Partnerships

The District will attempt to develop relationships with community partners (i.e. hospitals, universities/colleges, local businesses, etc.) in support of this wellness policy's **implementation**. Existing and new community partnerships and sponsorships will be evaluated to ensure that they are consistent with the wellness policy and its goals.

Community Health Promotion and Engagement

The District will promote to parents/caregivers, families, and the general community the benefits of and approaches for healthy eating and physical activity throughout the school year. Families will be informed and invited to participate in school-sponsored activities and will receive information about health promotion efforts.

As described in the "Community Involvement, Outreach, and Communications" **subsection**, the District will use electronic mechanisms (such as email or displaying notices on the district's website), as well as non-electronic mechanisms, (such as newsletters, presentations to parents, or sending information home to parents), to ensure that all families are actively notified of opportunities to participate in school-sponsored activities and receive information about health promotion efforts.

Staff Wellness and Health Promotion

The DWC will have a staff wellness subcommittee that focuses on staff wellness issues, identifies and disseminates wellness resources, and performs other functions that support staff wellness in coordination with human resources staff. **The subcommittee leader's name is Natalia Gomez.**

American Indian Model School (AIMS) will implement strategies to support staff in actively promoting and modeling healthy eating and physical activity behaviors. The District promotes staff member participation in health promotion programs and will support programs for staff members on healthy eating/weight management that are accessible and free or low-cost.

Professional Learning

When feasible, the District will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom and school (e.g., increasing the use of

kinesthetic teaching approaches or incorporating nutrition lessons into math class). Professional learning will help District staff understand the connections between academics and health and the ways in which health and wellness are integrated into ongoing district reform or academic improvement plans/efforts

American Indian Model Schools prohibits the charging of à la carte or extra items by any student with a negative balance regardless of the student's eligibility status.

Once a month balance notifications will be sent to families. The balance statement will notify you of the current status of your student's lunch account. The balance statement will also include instructions for making payments (same as above).

Delinquent Meal Charge Debt

Failure to repay meal debt will result in the following consequences:

- Report cards withheld
- Will not accept payment for extras such as field trips, school swag items, etc.
- Loss of afterschool activities

If your family is experiencing a financial setback, please contact us so we can help. We are willing to work with you to develop a payment plan for your lunch account.

Also, families may submit a free/reduced lunch application at any point during the school year. We can assist you in applying for free or reduced lunch if your income situation has changed mid-year.

4. Teachers may hold their own Academic Saturday School with supervisor approval.
5. Teachers must submit to the office a list of students attending Saturday school along with packet of 4 hours of work for attending students by the Friday before Saturday School.
6. Packets should be student-specific, organized, have clear directions, and keep students occupied from 8:00 a.m. to 12:00 p.m.
7. Students may only work on homework *after* they have completed their assigned Saturday School work.
8. Teachers will receive a memo to distribute to students on the Wednesday before Saturday School.

SUSPENSION & EXPULSION POLICY

All schools within the AIMS family (AIPCS, AIPCS II, and AIPHS) adhere to the following procedures with regard to student suspension and expulsion. Though the AIMS administration is permitted a certain level of discretion in determining the appropriate disciplinary actions on a case-by-case basis, all schools operate within certain parameters. Those parameters are outlined in this policy and are aligned with Section 48900 and 48915 of the California Education Code.

A pupil may be suspended or expelled for acts that are enumerated herein and related to a school activity or school attendance that occur at any time, including, but not limited to, any of the following:

1. While on school grounds.
2. While going to or coming from school.
3. During the lunch period whether on or off the campus.
4. During, or while going to or coming from, a school-sponsored activity.

Suspension/Discretionary Expulsion Conduct

- I. The Head of School or designee may suspend from school or recommend for expulsion a pupil if he or she determines that the pupil has committed one of the following acts:
 - (A) **Physical Injury or Violence:** Caused, attempted to cause, or threatened to cause physical injury to another person; or willfully used force or violence upon another person, except in self-defense. A pupil who aids or abets in infliction of physical injury to another may be suspended but not expelled.
 - (B) **Dangerous Object:** Possessed, sold, or otherwise furnished a firearm, knife, explosive, or other dangerous object, unless, in the case of possession of an object of this type, the pupil had obtained written permission to possess the item from the principal or the designee of the principal.
 - (C) **Drugs or Alcohol:** Unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of a controlled substance, an alcoholic beverage, or an intoxicant of any kind.

- (L) Receipt of Stolen Property: Knowingly received stolen school property or private property.
- (M) Imitation Firearm: Possessed an imitation firearm. As used in this section, “imitation firearm” means a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- (N) Sexual Assault/Battery: Committed or attempted to commit a sexual assault as defined in Section 261, 266c, 286, 288, 288a, or 289 of the Penal Code or committed a sexual battery as defined in Section 243.4 of the Penal Code.
- (O) Witness Harassment or Intimidation: Harassed, threatened, or intimidated a pupil who is a complaining witness or a witness in a school disciplinary proceeding for the purpose of either preventing that pupil from being a witness or retaliating against that pupil for being a witness, or both.

- (Q) Hazing: Engaged in, or attempted to engage in, hazing. For purposes of this subdivision, “hazing” means a method of initiation or pre-initiation into a pupil organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective pupil. For purposes of this subdivision, “hazing” does not include athletic events or school-sanctioned events.
- (R) Bullying/Electronic: Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act, as defined herein, directed specifically toward a pupil or school personnel.
 - 1) “Bullying” means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a pupil or group of pupils directed toward

one or more pupils or school personnel that has or can be reasonably predicted to have the effect of one or more of the following:

- a. Placing a reasonable pupil or school personnel in fear of harm to that pupil's or school personnel's person or property.
- b. Causing a reasonable pupil or school personnel to experience a substantially detrimental effect on his or her physical or mental health.
- c. Causing a reasonable pupil to experience substantial interference with his or her academic performance, or school personnel with his or her job performance.
- d. Causing a reasonable pupil to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by a school.

2) "Electronic act" means the creation and transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- a. A message, text, sound, or image.
- b. A post on a social network Internet Web site, including, but not limited to:
 - i. Posting to or creating a burn page. "Burn page" means an Internet Web site created for the purpose of bullying.
 - ii. Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in paragraph (1). "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
 - iii. Creating a false profile for the purpose of having one or more of the effects listed in paragraph (1). "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

3) "Reasonable pupil" means a pupil, including, but not limited to, an exceptional needs pupil, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with his or her exceptional needs.

(S.) Sexual Harassment. The pupil has committed sexual harassment. The harassing conduct must be considered by a reasonable person of the same gender as the victim to be

sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment.

- (T.) Hate Violence. The pupil has caused, attempted to cause, threatened to cause, or participated in a "hate crime." "Hate crime" means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim: disability, gender, nationality, race or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics.
- (U.) Harassment, Threats, or Intimidation. The pupil has intentionally engaged in harassment, threats, or intimidation, directed against a pupil or group of pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of that pupil or group of pupils by creating an intimidating or hostile educational environment.
- (V.) Terroristic Threats: The pupil has made terroristic threats against school officials or school property, or both. For the purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school district property, or the personal property of the person threatened or his or her immediate family.

II. Parent/Guardian will be notified in all cases of violations.

III. Administration will determine punishment based upon the following criteria:

- A. Seriousness of offense
- B. Circumstances of situation
- C. Student's prior disciplinary records
- D. Any other extenuating circumstances

Suspension Procedures

1. The site leaders are afforded a great deal of discretion by the AIMS Governance Board and the Superintendent in determining appropriate punishments, unless a mandatory expulsion offense is identified. Even if suspension is deemed appropriate, the site administrator may opt for supervised in-school suspension.
2. If the Head of School or Division Heads or designee determines that suspension is appropriate, a school employee shall make a reasonable effort to contact the pupil's parent or guardian in person or by telephone. Whenever a pupil is suspended from school, the parent or guardian shall be notified in writing of the suspension.
3. The Head of School or Division Heads or designee shall report the suspension of the pupil, including the cause therefore, to the Superintendent and AIMS governing board.
4. A parent conference will be scheduled to discuss the matter with the Head of Schools or designee. Whenever practical, the teacher or staff member who witnessed the offense will also be present. At this conference, the administration and the parent or guardian will discuss the causes, duration, school policy involved, and any other matters pertinent to the suspension.

Any pupil who is suspended for five days or fewer must complete all assignments and tests missed during the suspension within three school days of their return. Any pupil who is suspended for more than five days will have five school days after their return to complete all assignments and tests missed during suspension. **Administration has the authority to lengthen the amount of time a pupil has to make-up his or her work, as appropriate in a given situation.** Assignments submitted late will receive **no credit**.

Recommended Expulsion

The Head will recommend the expulsion of any pupil who commits any of the following acts at school or at a school activity off school grounds, unless he or she determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct:

1. Causing serious physical injury to another person, except in self-defense.
2. Possession of any knife or other dangerous object of no reasonable use to the pupil.
3. Unlawful possession of any controlled substance, except for either of the following:
 - a. The first offense for the possession of not more than one ounce of marijuana.
 - b. The possession of over-the-counter medication for use by the pupil for medical purposes or medication prescribed for the pupil by a physician.
4. Robbery or extortion.
5. Assault or battery, as defined in Sections 240 and 242 of the Penal Code, upon any school employee.

Mandatory Expulsion

The Head or designee must immediately suspend and recommend expulsion of a pupil that he or she determines has committed any of the following acts at school or at a school activity off school grounds:

1. Possessing, selling, or otherwise furnishing a firearm. This subdivision applies to an act of possessing a firearm only if the possession is verified by an employee of the school. The act of possessing an imitation firearm is not an offense for which suspension or expulsion is mandatory but it is an offense for which suspension, or expulsion may be imposed.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance.
4. Committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or committing a sexual battery as defined in subdivision (n) of Section 48900.
5. Possession of an explosive.

The governing board shall order a pupil expelled upon finding that the pupil committed an act requiring mandatory expulsion.

Recommended vs. Mandatory Expulsion

<i>Recommendation for expulsion</i>	<i>Mandatory Expulsion</i>
Causing serious physical injury to another person, except in self-defense.	Possessing, selling, or otherwise furnishing a firearm.
Possession of any knife or other dangerous object of no reasonable use to the pupil.	Brandishing a knife at another person.
Unlawful possession of a controlled substance.	Unlawfully selling a controlled substance.
Robbery or extortion.	Committing or attempting to commit a sexual Assault.
Assault or battery upon any school employee.	Possession of an explosive.

Administrative Procedures and Investigation of Pupil Offenses

1. Students who commit offenses that result in a recommendation for expulsion or mandatory expulsion, or whose conduct falls under “Suspension/Discretionary Expulsion” (excluding disruption or defiance) will be referred to the Head of Schools or designee. If a teacher observes disruptive or defiant conduct, the teacher will make a determination as to whether or not administrative intervention is required. Otherwise, they may follow the school’s discipline policies to ensure proper student conduct.
2. To determine whether or not an offense meets the guidelines for suspension or expulsion, the Superintendent and the Head of School or designee will meet with the pupil and school employee who referred the pupil for discipline. At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to respond. If an “emergency situation” exists, the pupil may be excluded from this meeting. “Emergency situation” means a situation determined by the Head of School or designee to constitute a clear and present danger to the life, safety, or health of pupils or school personnel. If a pupil is suspended without a conference before suspension, both the parent and the pupil shall be notified of the pupil’s right to a conference.
3. Unless an offense results in a recommendation for expulsion or mandatory expulsion, as a matter of policy, American Indian Model Schools consider suspension and discretionary expulsion a punishment of last resort. Suspension and discretionary expulsion shall be imposed only when other means of correction fail to bring about proper conduct. Therefore, our schools will first consider the appropriateness of other disciplinary avenues before suspending or expelling a student.
4. If a pupil has committed a suspension-eligible offense, then the Head s has the authority to recommend expulsion. Expulsion will be used as a tool of last resort for students whose conduct is so egregious that it is unlikely to be changed by any other means and whose behavior poses a threat to the safety of a member of the school community or significantly limits the ability of other students to effectively learn.
5. In addition to any school action, suspected criminal activity will be reported to the police and appropriate legal consequences may result.

6. For purposes of notification to parents, and for the reporting of expulsion or suspension offenses to the CDE, American Indian Model Schools will identify, by offense committed, in all appropriate records of a pupil each suspension or expulsion of that pupil.
7. AIMS will notify the District of Residence within 30 days of all transfers, disciplinary or not. For all students who are expelled, the school will contact the District of Residence to notify them of the terms of the expulsion.

Expulsion Hearings and Process

1. The Superintendent decides whether or not to recommend expulsion to the Board.
2. Within 30 school days of a recommendation for expulsion, the Board will hold a hearing to determine if it is appropriate to expel the pupil. The pupil may request, in writing, a postponement of no more than 30 calendar days. Any additional postponement may only be granted at the discretion of the Board.
3. Within 10 school days after the conclusion of the hearing, the Board shall decide whether to expel the pupil.
4. If compliance by the Board with the time requirements for the conducting of an expulsion hearing under this subdivision is impracticable, the Superintendent may, for good cause, extend the time period for the holding of the expulsion hearing for an additional 5 school days.
5. Written notice of the hearing shall be forwarded to the pupil at least 10 calendar days prior to the date of the hearing and shall include:
 - a. The date and place of the hearing.
 - b. A statement of the specific facts and charges upon which the proposed expulsion is based.
 - c. A copy of the disciplinary rules of the school district that relate to the alleged violation.
 - d. A notice of the parent, guardian, or pupil's obligation upon enrollment in another school district to inform the receiving school district of his or her status with the previous school.
 - e. Notice of the opportunity for the pupil or the pupil's parent or guardian to appear in person or to be represented by legal counsel or by a non-attorney adviser, to inspect and obtain copies of all documents to be used at the hearing, to confront and question all witnesses who testify at the hearing, to question all other evidence presented, and to present oral and documentary evidence on the pupil's behalf, including witnesses.
6. The Board shall conduct a hearing to consider the expulsion of a pupil in a session closed to the public, unless the pupil requests, in writing, at least five days before the date of the

hearing, that the hearing be conducted at a public meeting. Regardless of whether the expulsion hearing is conducted in a closed or public session, the Board may meet in closed session for the purpose of deliberating and determining whether the pupil should be expelled.

7. A record of the hearing shall be made. The record may be maintained by any means, including electronic recording, so long as a reasonably accurate and complete written transcription of the proceedings can be made.
8. Technical rules of evidence shall not apply to the hearing, but relevant evidence may be admitted and given probative effect if it is the kind of evidence upon which reasonable persons are accustomed to rely in the conduct of serious affairs. A decision of the Board to expel must be supported by substantial evidence showing that the pupil committed the act(s) of which he or she is accused.
9. The final action to expel a pupil shall be taken only by the Board in a public session. Written notice of any decision to expel or to suspend the enforcement of an expulsion order during a period of probation must be sent by the superintendent or his or her designee to the pupil or the pupil's parent or guardian.
10. The Board shall maintain a record of each expulsion, including the cause therefore. Records of expulsions shall be a non-privileged, disclosable public record. The expulsion order and the causes therefore shall be recorded in the pupil's mandatory interim record and shall be forwarded to any school in which the pupil subsequently enrolls upon receipt of a request from the admitting school for the pupil's school records.

Suspending an Expulsion Order

- The Board, upon voting to expel a pupil, may suspend the enforcement of the expulsion order for a period of not more than one calendar year and may, as a condition of the suspension of enforcement, assign the pupil to a school, class, or program that is deemed appropriate for the rehabilitation of the pupil. The rehabilitation program to which the pupil is assigned may provide for the involvement of the pupil's parent or guardian in his or her child's education in ways that are specified in the rehabilitation program. A parent or guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the pupil has satisfactorily completed the rehabilitation program.
- During the period of the suspension of the expulsion order, the pupil is deemed to be on probationary status. The Board may revoke the suspension of an expulsion order under this section if the pupil commits any of the acts designated as Suspension/Discretionary Expulsion Conduct or violates any of the school's rules and regulations governing pupil conduct. When the Board revokes the suspension of an expulsion order, a pupil may be expelled under the terms of the original expulsion order.

- Upon satisfactory completion of the rehabilitation assignment of a pupil, the Board shall reinstate the pupil and may also order the expungement of any or all records of the expulsion proceedings.

Readmission to the Charter

- An expulsion order shall remain in effect until the Board orders the readmission of a pupil. At the time an expulsion of a pupil is ordered for an act other than Mandatory Expulsion Conduct, the Board shall set a date, not later than the last day of the semester following the semester in which the expulsion occurred, when the pupil shall be reviewed for readmission. For a pupil who has been expelled for an act of Mandatory Expulsion Conduct, the Board shall set a date of one year from the date the expulsion occurred, when the pupil shall be reviewed for readmission, except that the Board may set an earlier date for readmission on a case-by-case basis.
- The Board shall recommend a plan of rehabilitation for the pupil at the time of the expulsion order, which may include, but not be limited to, periodic review as well as assessment at the time of review for readmission. The plan may also include recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs.
- Any pupil who has been expelled and who seeks readmission, must submit a request to the Superintendent in writing no more than 21 (but no less than 7) calendar days before the end of the term of the expulsion. In addition, the pupil must provide documentation that all conditions for rehabilitation set by the Board have been met.
- Upon completion of the readmission process, the Board shall readmit the pupil, unless the Board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety or to other pupils or employees of the school. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered.
- If the Board denies the pupil's request for readmission, the Board shall provide written notice to the expelled pupil and the pupil's parent or guardian describing the reasons for denying the pupil re-admittance into the school.

SECTION 4: A CULTURE OF FREE-MARKET CAPITALISM

FREEDOM OF CHOICE IN A COMPETITIVE MARKET

1. Families choose to enroll their children in an American Indian Model Schools. State and federal funding follow the student to the family's school of choice. This is the same funding model of vocational schools, community colleges, and public universities in the United States.
2. There are clear, consistent, and high expectations in the student contract that are enforced by all employees. Student consequences (detention, Saturday School, community service, etc.) are given for not following school rules.
3. We focus on excellent student attendance (98.5%). Students and staff are given rewards for hard work, academic performance, and reinforcing the AIMS mission statement and credo.
4. Job descriptions are posted that reflect our mission and encourage applicants to self-select out or in when applying for a job with AIMS.
5. Financial incentives are provided to employees and students for increased student achievement on standardized tests combined with high levels of student enrollment from the beginning of the year until the end.
6. All classes and AIMS School sites are encouraged to compete with each other to improve performance and instill in students the values of a free-market capitalistic society.
7. The administrative leadership focuses on fiscal responsibility and a superior business model. The school pays for student trips, the SAT, the ACT, the PSAT, and other costs related to students.

INCENTIVIZING SUCCESS

1. Students will have high self-esteem when they are academically successful. It feels good to excel in academics, physical fitness and life.
2. We believe in an “all-is-earned” culture and provide incentives for students and staff who produce results.
 - a. **AP incentive (students):** Students who score a 3 or higher on AP exams will be paid for their performance upon graduation. (Students who do not finish their high school education at AIPHS will not be compensated.) Each AP exam score carries the following financial reward: a score of 3 earns \$50; a score of 4 earns \$100; a score of 5 earns \$150.
 - b. **AP incentive (teachers):** When 50% or more of the students in an AP teacher’s class pass the AP exam with a score of 3 or higher, the teacher will be awarded \$500.
 - c. **Increased Test Score incentive (staff):** When a teacher reaches a state test score improvement goal *and* maintains at least 90% of his/her original students from the beginning of the year until the end, the teacher will receive a bonus. Since each class is different, a test score improvement goal will be set for each teacher before the school year begins. In order to qualify for this bonus, the teacher can have no more than a 10% drop in enrollment of his/her students throughout the course of the year. For example, if a teacher started the school year with 30 students, he/she would have to maintain at least 27 of those original students to qualify for the reward. Administrators will also be given bonuses based on academic performance and student enrollment/retention. Those goals will be set before the beginning of the school year.
 - d. **AIPHS enrollment incentive (teachers):** When 85% or more of an 8th grade AIMS teacher’s students enroll in AIPHS, the teacher will receive a financial reward.
 - e. Other performance bonuses *may* be rewarded as determined by site administrators.

SUMMER PROGRAMS

AIMS’ students participate in various academic programs during the summer.

- I. **Johns Hopkins Center for Talented Youth (CTY).** We believe strongly that the focus of the summer program at Johns Hopkins University’s Center for Talented Youth (CTY)

meshes perfectly with AIMS' own emphasis: rigorous academics. In order to gain admission to the program, students must take the SAT beginning in the 7th grade and score high enough to meet CTY's challenging standards.

II. UC Berkeley's Academic Talent Development Program (ATDP). Students in this rigorous program are able to experience the challenges of college academia while gaining access to a diverse group of professors, mentors, and other students. In order to earn admission to the program, students must demonstrate high academic achievement and meet ATDP's high standards.

SOCIAL MEDIA POLICY

In light of the explosive growth and popularity of social media technology in today's society, AIMS has developed the following policy to establish rules and guidelines regarding the appropriate use of social media by employees. This policy applies to situations when you: (1) make a post to a social media platform that is related to the Charter; (2) engage in social media activities during working hours; (3) use AIMS equipment or resources while engaging in social media activities; (4) use your AIMS e-mail address to make a post to a social media platform; (5) post in a manner that reveals your affiliation with AIMS.

For the purposes of this policy, the phrase "social media" refers to the use of a website or other electronic application to connect with other people, including, but not limited to, Facebook, Twitter, Instagram, SnapChat, Pinterest, LinkedIn, and YouTube, as well as related web-based media, such as blogs, wikis, and any other form of user-generated media or web-based discussion forums. Social media may be accessed through a variety of electronic devices, including computers, cell phones, smart phones, PDAs, tablets, and other similar devices.

This policy is intended to supplement, not replace, the Charter's other policies, rules, and standards of conduct. For example, AIMS policies on confidentiality, use of AIMS equipment, professionalism, employee references and background checks, workplace violence, unlawful harassment, and other rules of conduct are not affected by this policy.

You are required to comply with all AIMS policies whenever your social media activities may involve or implicate AIMS in any way, including, but not limited to, the policies contained in this Handbook.

STANDARDS OF CONDUCT

- Always be fair and courteous to employees, students, parents, or other people who work on behalf of AIMS. Avoid posting statements, photographs, video, or audio that could be reasonably viewed as malicious, obscene, threatening, or intimidating, that disparage employees, students, parents, or other people who work on behalf of AIMS, or that might constitute harassment or bullying. Violation of this may lead to expulsion or dismissal. Parents could be held civilly liable to the person that was maligned.
- Make sure you are always honest and accurate when posting information or news, and if you make a mistake, correct it quickly. Never post any information or rumors that you know to be false about AIMS, employees, students, parents, people working on behalf of AIMS, or other schools. Violation of this may lead to expulsion or dismissal. Parents could be held civilly liable to the person that was maligned.
- Express only your personal opinions. Never represent yourself as a spokesperson for AIMS unless authorized to do so. If you publish social media content that may be related to your school or subjects associated with AIMS, make it clear that you are not speaking on behalf of AIMS and that your views do not represent those of AIMS, employees, students, parents, or other people working on behalf of AIMS. It is best to use a disclaimer such as, “The postings on this site are my own and do not necessarily reflect the views of AIMS.” Violation of this may lead to expulsion or dismissal. Parents could be held civilly liable to the person that was maligned.
