School Accountability Report Card Reported Using Data from the 2017—18 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Dapplegray is committed to providing an educational program that will prepare students for their next level of education. Dapplegray believes each child is a gift and therefore is "gifted" in some way. Staff and Administration agree that a strong literacy curriculum, balanced and enhanced by specialized programs in mathematics, arts, science, history and technology, will best serve our students. An important component of our mission is to implement instructional strategies that will strive to meet individual student learning needs and create a school where students feel safe to express their individuality. Creating an environment where the student care for themselves, each other, and their school is an important part of what makes Dapplegray a special place to learn.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2016—17	School 2017—18	District 2016—17	District 2017—18	State 2016—17	State 2017—18
English Language Arts / Literacy (grades 3-8 and 11)	84.0%	82.0%	78.0%	77.0%	48.0%	50.0%
Mathematics (grades 3-8 and 11)	77.0%	76.0%	72.0%	72.0%	37.0%	38.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018—19)

Parent involvement is celebrated at Dapplegray. There are many opportunities for parent participation. We have a robust PTA and Booster Club who are involved throughout the school year supporting our staff and students. We have room parents and parent volunteers that help in the classroom daily. Dapplegray has a School Site Council and English Language Advisory Committee that work to enhance instruction and set goals that will create a more complete elementary school experience for all learners. We provide Parent Night opportunities to support academics and social/emotional growth. Working with and alongside our parent community will continue to be a priority at Dapplegray.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and

Types of Services Funded (Fiscal Year 2017—18)

For the 2017-18 school year, Palos Verdes Peninsula Unified School District spent an average of \$10,922.28 to educate each student (based on 2017-18 audited financial statements). The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction and certain other expenditures. This calculation is required by law annually and is compared to other districts statewide. In addition to general fund state funding, Palos Verdes Peninsula Unified receives federal, state and local funding for special programs. Professional Development

Professional Development focus this year consists of NGSS and ELA training for all elementary teachers in our district.

At our site level, we continue to focus on reading and math RtI intergration during our school day. The teachers will receive Accelerated Reader training and iReady training to support ongoing benchmark assessments for grade levels 1st-5th.

We will also focus on intergrating our PBIS and Second Step program during the school day with all students TK-5. Working on our PBIS year 2 implementation, our PBIS team will continue their training at LACOE and share out next expected steps at our monthly staff meetings.

Our professional development plan will intergrate parent information as well. The principal will continue to inform our parent population through PTA meetings, email, and our school newsletter about PBIS, Second Step, and other curricular programs.

The yard supervisors will be trained on new student expectations developed by our PBIS team. This training will include positive reinforcement, system structure and how to help support students with social situations they face on the playground.
