7th and 8th Grade Comprehensive Sexual Health Instruction

As part of the 7th and 8th grade science curriculum, students will receive comprehensive sexual health instruction in the spring. Instruction is provided using district approved curriculum as described below and is in alignment with California Content Standards and California Education Codes 51930-51939 including revisions based on the California Healthy Youth Act (Assembly Bill 329).

In February, you will receive a letter via email with further information. This letter will also have a section for you to return at the bottom. If you so choose, you can opt your child out of comprehensive sexual health education at that time.

7th Grade: Conception to Birth (7th Grade Science Textbook, Chapter 13)

8th Grade: [Positive Prevention Plus](#) (developed by the American Red Cross)
