

Families Making the Connection

Breakfast Starts Your Engine

March 4-8 is National School Breakfast Week (NSBW). NSBW reminds students, families, and school staff that a school breakfast provides a nutritious, energizing start to the day. Students who participate in school breakfast show improved attendance, behavior, standardized achievement test scores as well as decreased tardiness.

School breakfast is a school nutrition program available to all public schools. All children can participate. Most North Carolina schools offer breakfast each school day including a choice of entrée, fruit or 100% juice, and low fat or fat free milk. Every school breakfast served meets federal nutrition standards limiting calories, fat, and sodium.

School breakfast offers several connections to classroom learning—students have the opportunity to eat a healthy breakfast each school morning closer to academic instruction time, students who eat a healthy breakfast are better able to focus on classroom lessons, and students can practice the nutrition lessons they learn in the classroom by making healthy choices with school breakfast.

NSBW raises awareness of the availability of school breakfast to all students and promotes the links between eating a good breakfast, academic achievement and healthy lifestyles. For NSBW info, visit www.schoolnutrition.org. For more info on school breakfast in N.C., visit <http://childnutrition.ncpublicschools.gov>.
