

7th Grade Advanced Course(s) Placement Criteria - 2019-2020

Students who request enrollment in an advanced course should expect a more rigorous class, increased work load, problem based learning and bigger emphasis on writing and explaining answers. They will be held to a strict late work policy and should expect to move at a quicker pace in the course.

Please note, students in advanced classes are receiving instruction at a much quicker pace and sometimes above grade level. Students and parents should understand an “A” in an advanced class indicates exceptional understanding of the content covered. Additional time, increased work ethic, and tutoring may be necessary to maintain an “A” average.

Please indicate advanced course selection on your student’s course selection sheet.

Grade Level ‘18-‘19	Subject	MAP		Subject Area Grade Overall Final Average
7th Grade	ELAR	Reading	222	ELAR ≥ 90 OR
	Math	Mathematics	233	Math ≥ 90 OR
	Science	Mathematics Science	233 220	Science ≥ 90 OR

While data is an important factor in considering advanced courses, we realize there may be other information to consider. If your student does not meet the criteria listed above but you would still like for them to be considered for advanced classes, please contact Brittany Wilson at 972-427-6080.
