

## **Anybody interested in joining a competitive school fishing team?**

- We are in the process of forming a program for both middle school and high school aged students to compete during the 2019-2020 season.
- The team will meet monthly for skill building activities, Pro-Angler pointers, and other opportunities to help develop new fishing knowledge and skills.
- Teams will be competitive in the B.A.S.S. Southeast High School Division, Bass Pro Shops High School Trail (both of which offer a junior division for our middle school anglers), and various other youth tournaments as well as multiple intramural tournaments within the Alcoa Bass Fishing Team.
- When fishing is not a possibility (example: too cold in the winter months at times), we will be participating in community service projects to help the Alcoa community and our local lakes and fisheries.

**If you would like to learn more about the  
Alcoa Bass Fishing Team,  
please attend the initial membership meeting on  
Monday, 8/19/19 at 7:00PM in the  
Alcoa competition gym.**
