Graduation is quickly approaching and there is an opportunity for you to be a part of the ceremony. It will be an honor to be chosen to present one of the two speeches that will be given the

night of your high school graduation on May 30, 2018. The students chosen to speak will be speaking on behalf of his/her fellow classmates giving parents, friends, teachers and administrators an idea of how it feels to be a high school graduate right now - your memories, thoughts, excitement, fears and sense of accomplishment for having completed your high school education. If you are interested, please come to the Assistant Principal's office today to pick up an application. All applications are due by 3pm on Friday, May 11. No late applications will be accepted. If you have any questions, please see Mrs. Hinze in the AP office today!

Are you creative, adventurous, and like to work with your hands? Well AP 3-D Design is the perfect class for you! This new AP course focuses on the dynamics of three-dimensional design by exploring the aesthetic and practical considerations of working three-dimensionally. Sculpture designs can include such materials as clay, wood, wire, paper, plaster, creastone, found objects, or other forms that express your concept. Passing a prior Fine Art course is required and if you are interested in the limitless potential of shaping space, then please sign-up with Mrs. Philburn in room 521.
