SCHOOL OPERATIONS AND ADMINISTRATION

DISTRICT COMMUNICATIONS
Kingsport City Schools understands the importance of communicating news and information to our students, families, faculty and staff. To ensure we are reaching our immediate stakeholders and the Kingsport community, we have several methods of communication:

- Notifications through our automated contact system, SchoolMessenger (opt-in)
- School system website, www.k12k.com
- Social Media channels: Facebook (Kingsport City Schools), Twitter (@KCS_District) and Instagram (@KCS_District)
- Radio Station: WCSK 90.3 FM The Voice of Kingsport City Schools

EMERGENCY INFORMATION – SCHOOL SCHEDULE CHANGES
Kingsport City Schools has the highest concern for our students’ safety; we have developed a thorough emergency response plan covering most natural and other emergencies. Kingsport City Schools provides instant email alerts that you can request through our website. Visit www.k12k.com to register for this service. Parents play an essential role in keeping students safe during an emergency.

Parents should follow these guidelines to assist our staff in responding effectively to an emergency:

PREPARE FOR EARLY DISMISSALS
For some emergencies, like snowstorms, school officials will send students home early. You will receive notification through our automated contact system, the local media or on the school district’s website. If there has been an early dismissal and your child has not been picked up, your child’s school will attempt to contact you. Please make sure you provide your school’s office with up-to-date contact information so that we can easily reach you when necessary.

IF THERE IS NOT EARLY DISMISSAL, DO NOT PICK UP CHILDREN FROM SCHOOL OR AN AREA OF EMERGENCY
If schools are not being dismissed early but you learn of a school or area emergency, please avoid coming to the school to pick up your child. Traffic will block the way for emergency vehicles and your presence at the school building may delay assistance. Keep in mind that police will bar parents from school grounds in some emergencies. The safety of our students is paramount to us and we will reunite students and parents as soon as possible.
OBTAIN INFORMATION FROM OUR SCHOOL SYSTEM AND LOCAL MEDIA IN AN EMERGENCY
Kingsport City Schools will be in regular session unless an announcement is made through our automated school call-out system. You may also check the web site at www.k12k.com, social media channels or listen to our radio station, WCSK 90.3 FM, for an update on school closings. School closings will also be announced via social media and on local radio and television stations: WCYB-TV 5; WJHL-TV 11; WKPT-TV 19; WTFM-FM 98.5; WJCL-AM 910; WGOY-AM 1320; WQUT-FM 101.5; WKOS-FM 104.9; WZMY-FM 95.9; WXIS-FM 92.3 & 103.9; WEMB-AM 1420; WNBQ-FM 96.9; WAEZ-FM 94.9; WPGO-AM 1320; WPJO-FM 101.5; WIKZ-FM 103.1; WCQR-FM 88.3 or WMCH/WEYE-FM 104.3.

IN CASE OF A BOMB THREAT, TURN OFF CELL PHONES AND TWO-WAY RADIOS
If a school is being evacuated due to a bomb threat, parents and staff should refrain from using cell phones and two-way radios. Explosive devices can be detonated by the signals transmitted from cell phones and two-way radios.

CANCELLATION OF SCHOOL
The Board of Education and administrators are aware of the hardship that can be caused by an abrupt cancellation. Therefore, school will not be cancelled unless a significant safety risk has been created by unusual circumstances. Schools will be in regular session unless an announcement is made. If you sign up for our automated notification system, you will be automatically notified by 6 a.m. If the schedule is changed, you will hear one of the following announcements beginning at 6 a.m.:

- Kingsport City Schools will be closed today.
- Kingsport City Schools will operate on a two-hour delay. (Classes start two hours later than usual and dismiss at the regular time.)

The school system has the responsibility for deciding to open or close school. This means opening or not opening the buildings and having our employees report for duty. If parents believe that road or weather conditions are dangerous, they may keep their children home. Absences during these circumstances are EXCUSED and the students may make up the work missed.

NOTE: If Kingsport City Schools are closed or dismiss early due to inclement weather, after-school programs are cancelled as well.

5 BOE Policy 6.502
PARENT CALL-IN AND / OR DELIVERY OF MESSAGES
We receive numerous requests daily to deliver messages to students. Delivering messages disturbs class and we must keep these interruptions to a minimum; therefore, messages to students from parents will be delivered prior to dismissal. Planning should be made before school. Messages should be in case of emergency only.

POSTING SIGNS AND ADVERTISING
All signs posted must be approved by school administration. This includes distribution of materials in the cafeteria, parking area or any other area on school property.

SALES
The school principal or high school activities committee will approve the sale of any product by individuals, school clubs or organizations.

MOVING OUT OF DISTRICT
It is a parent’s responsibility to notify KCS if the family has moved out of our school district. By law, a school district is allowed to demand restitution from a parent who has fraudulently enrolled a child in an out-of-district school using a false address. Any parent found guilty would be liable to the school district for restitution of the per pupil expenditure spent by the school district for each year of the fraudulent misrepresentation. The parent would also be liable to the school district for litigation costs and fees including attorney fees. Contact your child’s school secretary to complete the withdraw form.

PARENTAL NOTIFICATION UNDER EVERY STUDENT SUCCEEDS ACT (ESSA)
Information regarding ESSA can be accessed at www.ed.gov. One responsibility of schools is to help parents stay current on ESSA and to provide information especially as it pertains to certain areas. Information regarding the Kingsport City Schools Board of Education policies can be found at www.k12k.com or by requesting this information from an individual school or the Kingsport City Schools Administrative Support Center.

CHILDREN IN TRANSITION (HOMELESS)
In accordance with the McKinney-Vento Homeless Assistance Act, Title IX, Part A of the Every Student Succeeds Act (ESSA), children and youth who lack a fixed, regular and adequate night-time residence qualify for services and support through the KCS Homeless Education Program (HEP). The McKinney-Vento Act’s definition of homeless includes children and youth whose families temporarily reside with others due to a loss of housing, economic hardship, or similar reason – as well as those living in shelters, motels, campgrounds, automobiles, and/or inadequate housing. The provisions of the McKinney-Vento Act also apply to unaccompanied youth who are living in a homeless situation without a parent or legal guardian present. Families and students may apply for services by contacting the Homeless Education Program anytime during the school year when a loss of housing occurs.

Students who qualify for McKinney-Vento services have the right to remain in the school of origin (the school they attended when they lost housing) or they may enroll in the school zoned for their temporary address. ESSA states school systems are to presume that remaining in the school of origin is in a homeless student’s best interest unless that is contrary to the request of the parent, guardian, or unaccompanied youth. If the parent, guardian, or unaccompanied youth wants to transfer the student to the school for which the temporary address is zoned, then the receiving school is legally required to enroll the student in school immediately even if he or she lacks documentation generally required for enrollment (such as a birth certificate, proof of school immunizations/physical, or school records). While the lack of these records will not delay a homeless student’s enrollment, Kingsport City Schools requests that homeless children's immunizations be up to date and noted on the TN Immunization Form within thirty (30) business days from the time of enrollment. Parents or guardians should contact the Coordinator of Homeless Education Program immediately if they experience difficulty in completing this task.
Additional services and support available to McKinney-Vento-eligible students include, but are not limited to, transportation assistance to and from the school of origin, school supplies, school meals assistance, and referrals for resources. If you have additional questions or are in need of assistance, contact information for the Coordinator of Homeless Education Program is available on www.k12k.com or may be obtained by calling the Administrative Support Center at (423) 378.2100.

Additional information regarding this option may be obtained by contacting the Student Services Office at (423) 378.2138.

www.k12k.com
The district must inform and involve parents of their violence and drug prevention efforts. If a parent objects in writing, the district must withdraw the student from the program or activity.

Parents also have the opportunity to remove their child from certain activities. A copy of the Kingsport City Schools complete policy that gives details and definitions and outlines procedures may be obtained through the principal at each school, in the office of the Superintendent of Schools or on the website www.k12k.com. Some applicable activities include:
- The collection, disclosure or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose.

In addition, staff members coordinate various programs, such as Career Expo, Study Partners, Natural Helpers, Peer Mediation, Student/Parent Orientation, and Parent/Teacher conferences. When students have problems, concerns, or just want to talk to someone, teachers, counselors, and administrators are always ready to listen and to help.

**SCHOOL HEALTH SERVICES**
Kingsport City Schools believes that student success begins with excellent student attendance. We do recognize that there may be times when students are ill and should not attend school.

**Sick child at home:** If your child is sick or has a temperature, please keep your child at home.

**Sick child at school:** When you are notified (by the school nurse) that your child is sick and needs to go home, please make plans to pick up your child in a timely manner. For medical safety reasons, your child cannot remain at school when sick. Your child will be medically excused for the remainder of the day. If your child is sick and the school is unable to contact you, central dispatch or 911/EMS may be called to transport your child to the hospital at your expense.
To promote attendance in all schools, KCS provides parents with this guide for deciding when the best time to keep your child home from school is:

**CHICKEN POX**  
Should you keep your child home from school?  
**YES.** Children with uncomplicated chicken pox may return after he/she is fever-free for 24-hours without the use of fever controlling medications and after all blisters have dry, complete scabs. This is usually seven (7) days from the beginning of the breakout with the pox.

**CHILDHOOD CONTAGIOUS DISEASE**  
Should you keep your child home from school?  
**YES.** Children should stay home from school (until advised by provider) if there is a suspicion of any childhood contagious disease such as measles, mumps, rubella or chicken pox.

**COLD (UPPER RESPIRATORY ILLNESS)**

Should you keep your child home from school?  
**NO.** Your child may attend school if he or she is able to participate in school activities and fever-free for 24-hours without the use of fever controlling medications. The fever should be less than 100.0 degrees unless the child is less than six (6) months of age and the fever should be less than 100.0 degrees.

The school nurse, school resource officer, or other trained school personnel may utilize the school supply of the opioid antagonist to respond to a drug overdose. If a student is injured or harmed due to the administration of an opioid antagonist by school personnel, the employee is not liable for the injury unless personnel administered the opioid antagonist with intentional disregard for safety per TCA 49-50-1604.

ALLERGIES
Students diagnosed with life threatening allergies will continue to be required to bring physician-prescribed epinephrine pens to schools. In the event that a student is having a life threatening allergic or anaphylactic reaction for the first time (during the school year only), epinephrine auto-injector will be administered (when available) by the school nurse or other trained school personnel (excluding Palmer Center). The school nurse and/or trained school personnel may administer epinephrine to any student in the case of a life-threatening allergic reaction per TN Annotated Code 49-5-415 (f) (3). If a student is harmed or injured due to the administration of the epinephrine by a school nurse or other trained school personnel, the school nurse or employee shall not be held responsible for the injury.

RESPONSIBILITIES OF THE STUDENT WITH LIFE-THREATENING ALLERGIES
1. Learn to recognize symptoms and take them seriously in early ages
2. Take as much responsibility for avoiding allergens as possible, based on developmental level, including participation in planning the allergy action plan.
3. Learn to read food labels.
4. Wearing a medical alert identification tag while in school is strongly advised.
5. Trading or sharing food is prohibited.
6. Wash hands before and after eating.

CLINIC AND MEDICATIONS
Kingsport City Schools provide access to a licensed and/or registered medical professional at every school. All medications, prescription, or over-the-counters are to be administered (or assistance given with self-administration) by designated school personnel. Students requiring exceptions (i.e. inhalers, insulin, epi-pens, etc.) are documented with the school nurse and follow KCS School Nursing Procedures. The schools provide parents/guardians with the forms and procedures to use when students require medication. Any questions regarding medication procedures should be directed to the school nurse or the appropriate school personnel.

DISCARDING MEDICATIONS
When the medication regimen is complete or the medication is out of date, the parent/guardian shall be advised to pick up medication. If medication is not picked up in 14-days, the medication shall be destroyed per local environmental protocol.

The nurse will give the first dose of emergency medications only at school. The parent will need to give the first dose of other medications at home where the student can be observed for the possibility of allergic reaction.

All medical notes from a health care provider must be faxed or emailed to your child(ren)’s school to ensure they are received in a timely manner. The school’s front office can provide the fax number.

To ensure the security of confidential information, the use of electronic devices (including cell phones) is prohibited in school clinics unless approved by the school nurse.
Nurses have no authority to treat and/or to provide oversight for medical conditions without signed provider orders and parental consent. In the event of an emergency or medical necessity, 911 will be called.

HIPAA privacy rule allows providers to disclose health care information about students to school nurses without the authorization of the student’s parents.

HEALTH INFORMATION CARD
A Health Information Card is provided at the beginning of each school year to each student enrolled in Kingsport City Schools. The Health Information Card is an important tool in the communication between the parent/guardian and the school nurse regarding student health related issues.

The card also lists the over-the-counter medications provided by the school clinic and the conditions under which these medications are dispensed. In order for those medications to be dispensed to students, the Health Information card must be completed and returned to the school nurse.

PHYSICAL EXAMINATIONS AND IMMUNIZATIONS
The Tennessee Department of Health Certificate of Immunization serves as verification that all immunizations are up-to-date and the child is eligible for school enrollment. This certificate also verifies that the child has a health examination documented.

The Tennessee Department of Health Certificate of Immunization may be completed by any health department office in Tennessee or your child’s healthcare provider. No child can attend school in Tennessee without this documentation per state law TCA 49-6-(5001-5005). Kingsport City Schools accepts physical examinations completed up to 366 days prior to the date of enrollment.

MENINGOCOCCAL VACCINE

Meningococcal disease is a serious illness, caused by bacteria. Meningitis may cause mental retardation, loss of limbs or even death. State law (TCA 49-6-5005) requires school systems to inform parents/guardians of the risks of Meningitis and the wide availability of vaccines. The vaccine is recommended at age 11-12 and may be obtained at your physician's office or the county health department.

Students will be excluded from school until proof of immunization or the appropriate exemption is received.

All children entering Kingsport City Schools will be required to have the Tennessee Department of Health Certificate of Immunization prior to enrollment. Pre-K, Kindergarten and 7th grade will be required to have new certificate prior to enrollment.

INFLUENZA (FLU) VACCINE

Influenza (Flu) is a contagious respiratory illness caused by influenza viruses. It can cause mild to severe illness. Serious outcomes of flu infection can result in hospitalization or death. Some people, such as older people, young children, and people with certain health conditions, are at high risk of serious flu complications.

The best way to prevent the flu is by getting vaccinated each year. The Center for Disease Control recommends that everyone six (6) months and older should receive a yearly flu vaccination.

SCHOOL NUTRITION SERVICES

The mission of School Nutrition Services (SNS) is to provide high quality, nutritious meals that contribute to lifelong wellness. We strive to provide food that students like to eat at an affordable price, served in a clean, student-friendly environment by a professional staff.

The meal plan includes five food components. To avoid wasting food, a student may choose a minimum of three items and still qualify for the regular meal price – a fruit or vegetable serving must be one of the chosen meal items for the regular meal price.

The items that make up the five food components of the school meal are:

- One item from the meat group
- One to two items from the vegetable group
- One to two items from the fruit group (high school students can select two fruit servings)
One item from the bread/grain group
One item from the milk group

Students who choose to eat only three or four food components may omit one or two of any of the above items. Special Diets can be accommodated if the student has a chronic medical condition. A diet prescription from a recognized medical authority (physician or physician’s assistant) must be on file in both the principal’s office and the SNS manager’s office. Requests for special diets will be reviewed by the SNS Director. If indicated, the school nurse will provide a Food Substitution/Modification form to be completed and signed by a recognized medical provider. If a student is allergic to milk, the provider must list a substitute food/beverage replacement on the form.

FREE AND REDUCED MEAL BENEFITS

Meal benefits are available for eligible students. No application is required if you are receiving AFDC (Families First) or SNAP (Supplemental Nutrition Assistance Program) benefits on June 1 and are still eligible and enrolled in Kingsport City Schools as of August 1. Students who meet these requirements will be approved for meal benefits through direct certification and parents will receive written notification of meal benefits.

If you are not eligible for direct certification, you may apply for meal benefits:

- One application per family listing all students, children and adults in the household must be completed and signed by parent/guardian.
- Applications are available to print online at www.k12k.com (under Parents tab, School Menus/Payments, Meal Payment Information), at all schools and at the Administrative Support Center.
- Applications are processed by School Nutrition Services.
- Parents will receive written notification of eligibility.
- Currently, students approved for reduced-price meals will receive breakfast and lunch free of charge.

All schools use a computerized system of accountability for meals served in order to:

- Eliminate the need for meal tickets.
- Online meal personal prepayment accounts are available for all students in the Kingsport City Schools system. When using MyPaymentsPlus, registered users can:
  - View the last 7 days transactions including the student’s food choices.
  - Pay online anytime by credit and debit cards or by electronic check for a 4.75% amount deposit fee. Deposits made online are usually reflected in the student's account within 5 to 10 minutes of the transaction.
  - Sign up for automatic notification when the account reaches a user selected minimum balance.
  - Users can access the online meal payment option by visiting www.mypaymentsplus.com.

Student accounts are for student use only. Visiting parents/guardians must use cash or check to pay for meals.

When paying by check at the school, there is not a fee to add funds:

- Make check payable to School Nutrition Services – (name of your school).
- Include the names and account number(s) of your student(s) on the check.
- A $20.00 service fee is charged for each check returned for insufficient funds.
- No additional checks will be accepted after two checks are returned.

CHARGED MEALS

- The meal is defined as the federally funded meal on the day insufficient funds occurs. This excludes all a la carte food items.
• A meal is defined as three (3) meal components out five (5) offered including protein, grain, fruit, vegetable, and milk. One component chosen must be a fruit or vegetable to count as a meal.
• Only Elementary and Middle School students are allowed to charge for meal purchases and not à la carte food items.
• When insufficient funds reach negative $5.00, a standardized insufficient funds letter generated by the cafeteria manager shall be mailed to the parents each week until the balance is paid.
• If insufficient funds reach negative $20.00, a student will no longer be allowed to charge a meal of choice. Until charges are corrected, a student will be charged for a sandwich, milk and fruit in lieu of a chosen meal for lunch. There are no alternative food items for morning meals therefore a student with $20 or more dollars in meal charges will not be allowed to charge a breakfast meal.
  • If the charge limit is exceeded multiple times during the school year or is problematic with the student, the student can be referred to the Family Resource Center or the School Based Family Liaison at any time.
  • Any unpaid charges at the end of the year will result in the unpaid charges rolling over to the next school year.

### OUTSIDE FOOD AND BEVERAGES

Please do not bring food or beverages to your child from any outside eating establishment.

Parents/guardians are invited during the school year to have lunch in the cafeteria with their children. All lunch visits must be pre-approved by the student’s teacher or administration to ensure there is an accurate lunch count. Only parents/guardians are allowed for lunch visits; current identification must be shown upon arrival. Again, please do not bring outside food or beverages to your child.

### TRANSPORTATION

**BUS TRANSPORTATION**

Student transportation is a privilege extended to students who qualify for transportation. Students who do not obey the rules governing student transportation may have their transportation privileges revoked by the school district.

Students are assigned to a specific bus and must ride the bus to which they are assigned. Students will be allowed off the bus only at school, home, and locations requested in writing by the parents (alternate drop-off locations must be a current stop on an already established route, approved by the Director of Transportation). Any request to ride a different bus (or any bus if you are normally ineligible for bus transportation) must be done using a bus pass that is approved by the parent/guardian and completed by school office personnel. The principal or his/her designee handles discipline
problems relating to the buses. Video cameras with audio recording capability are utilized on Kingsport City School buses to record student activity and behavior. Review of recorded video will occur in accordance with all applicable KCS procedures and Tennessee state law.

Parents should have their child at the designated pick-up point and ready for boarding at least five minutes before the bus is scheduled to arrive. The driver is not required to wait at the bus stop for a student. If after five (5) consecutive school days a student isn’t at the assigned bus stop, the driver may omit this portion of their run until contacted by the parents and told that the child will be riding the bus again.

Occasionally, there may be a problem with the bus or it may be delayed. If this occurs and you have a question, please call the respective school or the Transportation Office at (423) 392.4416.

GENERAL SAFETY CONCERNS:
If a student does not know how to wear a seatbelt properly, it is their responsibility to ask the driver for assistance. Drivers should always ensure K-5 students have daily assistance with fastening their seatbelts properly.

STUDENTS MUST:
- Ask the driver or aide for assistance, when they have difficulty in securing their seatbelt.
- Walk ten (10) feet in front of, or to the side of, the bus when exiting to enable the driver to see them.
- Student should never try to retrieve items dropped underneath the bus without assistance from the bus driver.
- Never walk behind the bus.
- Watch for the driver’s or patrolman’s signal before crossing the road.
- Wait for the bus in an orderly manner and not approach the bus until it comes to a complete stop.
- Stay out of the roadway while at the bus stop.
- Inform the driver if there are any problems on the bus (bullying, assault, harassment, etc.)

INELIGIBLE RIDERS
Riders that are riding a bus but are normally ineligible to ride (i.e., they live within 1.5 miles of their assigned school, they are riding a bus that goes to an address other than their primary address) will be removed from all bus transportation on the first student discipline report they receive. This decision will be made by the Supervisor of Transportation. If they are eligible to ride another bus to/from their residence, they will receive the proper level of discipline and will only be allowed to ride their normally assigned bus for the remainder of the school year.

\textsuperscript{14} BOE Policy 1.803
SUSPENSION FROM BUS TRANSPORTATION
A suspension applies to all buses unless otherwise designated by the Director of Transportation. A suspension from the bus does not mean the student is suspended from school. Instead, the parent/guardian will be responsible for transporting the student to and from school.

Students who violate the bus code and aren’t eligible (or are eligible and don’t ride the bus) for daily bus transportation, but ride the bus on field trips or during after school activities, will receive commensurate in-school discipline.

LAST TWO WEEKS OF SCHOOL
Bus discipline administered during the last two weeks of school will carry over to the next school year.

VANDALISM AND/OR BUS DAMAGE
Students damaging or tampering with buses will be responsible for the damages and/or the time taken by Fleet Maintenance to restore the bus to its original condition. The student will lose their riding privileges through the administered suspension and until full restitution is made. The school district may also pursue other available options. Parents should make restitution for damages by writing a check (made out to the “City of Kingsport”) and giving it to their child’s principal. They will forward this payment to the Chief Finance Officer.

CRIMINAL CONDUCT
In cases involving criminal conduct (i.e., assault, weapons, possession of illegal items or vandalism) the superintendent, principal, and local law enforcement officials will be informed.

NOTE: Bus drivers will complete a student disciplinary report for any illegal or improper act committed by students outside the confines of the school bus, whether they witness the act or it is brought to their attention by a student. This would include fighting or smoking at the bus stop, assaults witnessed by other students, etc. The action taken by the school may or may not affect continued transportation for the alleged violator(s).

APEAL PROCEDURES
Students and/or parents of students who wish to appeal bus discipline may submit a request to the school principal to schedule an appeal meeting with the driver and/or the Supervisor of Transportation.

AUTOMOBILES AND STUDENT PARKING (HIGH SCHOOL ONLY)
Student parking permits will be offered on a first-come/first-served basis. Priority will be given to seniors and juniors, respectively. The student parking permit form must be completed with the parent and student signatures, student class schedule, and a valid driver’s license. In addition, ALL license plate numbers are required to obtain a parking permit. Permits may be obtained in the Dobyns-Bennett Activities Office. ALL students who park a motor vehicle on the school campus must display the current hanging-tag permit. The tag must be hung from the inside rear view mirror, facing the front of the vehicle. Students who fail to display the tag will receive a referral (Written Warning). After the second warning, parking on school campus may be revoked for two weeks.

The safe operation of vehicles is required. Vehicles must not travel in excess of ten (10) miles per hour in the parking lot. Seat belts are required for drivers and all passengers. The school system is not responsible for damage to or theft from vehicles. Students are cautioned NOT to leave valuables in their vehicles. Parked vehicles should be left with windows closed and doors locked. Student vehicles are subject to search if there is reasonable suspicion to believe that drugs, alcohol, stolen property, weapons (includes, but is not limited to firearms and knives), or other contraband is present in the vehicle. Disabled vehicles may not be left on campus overnight. If necessary, towing should be arranged by the student and/or parent.
Only one tag will be issued per student. Students may register up to two of their family vehicles. The tag may be moved from one registered vehicle to another, but may NOT be sold or loaned to another student for his or her use. The penalty for doing so is revocation of parking privileges. Inform the activities office immediately of any changes in vehicle or license plate. Lost parking tags will be replaced for a fee. Report lost tags to the activities office.

Loitering in the parking lot is prohibited. Students should lock their cars and leave the parking lot immediately upon arriving to school. Students need written permission from an administrator or the Student Resource Officer (SRO) to be in the student parking lots during school hours.

Handicapped parking is available for students. Students will not be issued a parking permit if they have unmet obligations.

Student parking is limited to the following parking lots:

All tardiness or early dismissals are considered unexcused unless documented with a note from a medical provider or approved by the appropriate school administrator.
• All medical notes from a health care provider must be faxed or emailed to your child(ren)’s school to ensure they are received in a timely manner. The school’s front office can provide the fax number.
• The principal is responsible for classifying student absences as excused or unexcused. While this duty may routinely be delegated to others, the principal has the final determination.

EARLY DISMISSAL OR LEAVING SCHOOL
No child will be permitted to leave the school premises during the day without the written permission of the parent or guardian and/or in the custody of said person. Under no circumstances will a child be released to unidentified or unauthorized persons. To ensure safety, individuals checking students out of school will be required to present a valid photo ID, which may be scanned into the school’s security management system. Please do not depend on telephone calls to have children dismissed.* Positive identification cannot be made by phone. The student must be signed out in the school office.

*Students living at home, and who are at least 18 years of age, must have a parent/guardian call the office in order to check them out of school if written permission has not been provided.

ABSENCES
• Students will be allowed to submit three (3) parental excuses per semester. All documentation regarding absences, whether a parent or medical excuse, it must be submitted upon the student’s return to school.
• All medical notes from a health care provider must be faxed to your child(ren)’s school clinic to ensure they are received in a timely manner. The school’s front office can provide the fax number.
• The principal is responsible for classifying student absences as excused or unexcused. While this duty may routinely be delegated to others, the principal has the final determination.
• Students who have more than nine (9) unexcused absences to any one class in a single semester will not be permitted to participate in Prom or Graduation. They may also be eliminated from participating in certain field trips or extracurricular events.

PARTIAL ABSENCES, TARDINESS, AND EARLY DISMISSALS
Any student who accumulates more than 35 hours absent unexcused due to signing in late or leaving early will be referred to the Coordinator of Attendance. These students will be considered to be in violation of the Attendance Law and may face all potential sanctions listed in the handbook.

EXCEPTIONS AND/OR SPECIAL SITUATIONS
Students who miss classes to participate in school functions/field trips approved by the principal or Superintendent of Schools will be recorded as “field trip”. Activities considered school functions must be school-planned, school-directed and teacher-supervised. Students receiving homebound services are exempt from the provisions of this policy for the duration of the placement.

COLLEGE VISIT DAYS
High school juniors and seniors may choose to miss no more than four (4) days each school year for postsecondary school visits. The student shall be counted present for the day of the postsecondary school visit and shall not be counted present during any travel days.15 In order to be counted present for the school day missed, the student shall submit to the principal/designee a signed letter or form from a campus official verifying that the visit to the postsecondary school occurred. Students are strongly encouraged to utilize fall and spring breaks for college visits.

15 BOE Policy 6.2001
MAKE-UP WORK
Work missed during an absence, whether excused or unexcused, may be made up in a timely manner and within a timeframe established by the teacher. Teachers will operate within guidelines set by the principal. The guidelines for make-up work, established by the principal, may vary depending on the type of absence.

ELEMENTARY SCHOOL
When a student is absent from school and make-up work is desired, requests should be made to the school secretary by 8:15 a.m. The assignments should be picked at the school office between 3:15 p.m. and 4 p.m. on the same day. Graded work will be made up after the student returns to school.

MIDDLE SCHOOL
The counseling office will accept requests to gather homework/assignments for absent students. Please follow these guidelines:
- Only ask for homework/assignments if the student will be absent for two or more days.
- Phone in your request before 9 a.m. and wait until 2:45 p.m. to pick up.

Bring your child's locker number and combination so that you will be able to retrieve materials.

HIGH SCHOOL
Students are responsible for arranging make-up work with teachers. All make-up work from a grading period must be made up within one week of the end of that grading period. Additional time for extenuating medical issues can be arranged with the individual teacher.

Please contact the counseling office if the student will miss three or more excused days of school in a row. It typically takes a day to coordinate the collection of assignments from 4-6 different high school teachers.

E-mail addresses for teachers may be accessed via the school website www.k12k.com.

COMMUNICATIONS
It is the responsibility of the parent/guardian to notify the school by 9 a.m. when a student is absent and provide the school with an explanation for the absence. This will be used by the principal in determining whether or not the absence is excused. Parents can notify the school regarding their child's absence using one of the following methods: e-mail the attendance contact person; call; OR send a written excuse.

State law [TCA 49-6-3007(e)(2)] requires that the school begin sending notification to the parent/guardian when a student reaches three (3) unexcused absences. Parents will continue to receive notification letters each time a student accumulates five (5) unexcused absences. After five (5) days of unexcused absence, a referral will be made to the Coordinator of Attendance who will determine the most appropriate course of action to address the unexcused absences.

The Coordinator of Attendance will be informed of all attendance referrals needing attention. At the time of referral, the Coordinator will make a determination as to what action will be taken. Possible actions are listed below.

POSSIBLE INTERVENTIONS AND/OR LEGAL SANCTIONS
- Conference with a school staff member to complete an attendance improvement plan
- Conference with the Coordinator of Attendance to complete an attendance assessment
- Referral for in-home services or counseling
- Referral to the Family Crisis Intervention Program
- Referral to Child Protective Services

www.k12k.com
• A petition can be filed against middle and high school students for truancy. This will result in the student and parent having to appear in the Sullivan County Juvenile Court. As a result, students may be placed on probation, placed in a residential setting or removed from the parent’s custody and placed in foster care. Parents will be made a party to the case and may be required to complete a parenting program. In addition, parents may be fined $50 or ordered to complete five (5) hours of community service for every unexcused absence.
• A petition against the parents for dependency and neglect based on excessive unexcused absences. The use of this petition is determined on a case by case basis.
• Parents may be charged with Educational Neglect in the General Sessions Court which is a class C misdemeanor. Each unexcused absence constitutes a separate offense and could carry up to thirty (30) days in jail.
• Students who are 15 years of age and older can have their driver’s license or the privilege to apply for a license suspended if they accumulate an excessive amount of unexcused absences. This includes out of school suspension days.

ADMINISTRATION
The principal is responsible for administering this policy at his/her school. The Coordinator of Attendance will provide assistance as needed. Assistance from community agencies will be requested as needed. The Attendance Supervisor is responsible for the overall administration of this policy and for maintaining attendance records required by the State.

APPEALS
Any student or parent/guardian may appeal the attendance decision or action of a principal to the Superintendent of Schools. Any student or parent/guardian may appeal a decision of the Superintendent of Schools to the Board of Education. The appeal and reason for it shall be in writing. The Board shall consider the appeal at its next regular or called meeting after giving due notice to the appellant.

HIGH SCHOOL ATTENDANCE PROCEDURES ONLY:

ARRIVAL TO SCHOOL
High school students should not be on campus prior to 7 a.m. Students can be in the following parts of the campus between 7 a.m. and 7:30 a.m.: Cafeteria, Library, Math Pod, Science Pod, Social Studies Pod and English Pod. Students are not to be in any other part of the building prior to 7:30 a.m. Students are to remain on campus upon arrival.

LATE ARRIVAL TO SCHOOL
All high school students arriving late to school must sign-in through the main office. A student must sign-in even if they arrive during class change or lunches. Students arriving more than ten (10) minutes late for class will not be admitted without an admit slip from the front office.

All tardiness or early dismissals are considered unexcused unless documented with a note from a medical provider or approved by the appropriate school administrator.
• All medical notes from a health care provider must be faxed or emailed to your child(ren)’s school clinic to ensure they are received in a timely manner. The school’s front office can provide the fax number.
• The principal is responsible for classifying student absences as excused or unexcused. While this duty may routinely be delegated to others, the principal has the final determination.
EARLY DISMISSAL FROM SCHOOL
Any high school student who has to leave campus must have a note from a parent/guardian stating the reason for dismissal and where the parent can be contacted. The school will make every attempt to verify notes requesting early dismissal or late arrival. Students must bring their note to the office before the beginning of the school day. Doing so ensures ample time for the staff to verify the request. Please do not depend on telephone calls to have students dismissed.*

Upon verification, the student will be issued an “early dismissal form” which will release the student from class at the assigned time. At that point they may sign out immediately through the office and depart. When a student reports to sign out without an “early dismissal form” a delay will occur while the staff takes steps to verify the request. All students leaving school must sign out in the front office. Failure to follow these procedures will result in appropriate disciplinary action.

*Students living at home, and who are at least 18 years of age, must have a parent/guardian call the office in order to check them out of school if written permission has not been provided.

LATE PICK-UP AND / OR LOITERING
There is to be no loitering in the high school parking lots, the activities lobby, ramps or the dome before or after school. Students on campus after 3:15 p.m. must be under the direct supervision of a teacher, coach or administrator.

PERFECT ATTENDANCE
Perfect Attendance means no time missed during the school day including tardiness to school and time away from school during the school day. Pre-approved college days for seniors do not count against perfect attendance. For elementary and middle school perfect attendance procedures, please contact your school office. Please note that our end-of-year attendance awards are based on this criterion.

TARDINESS CONSEQUENCES
- 3 Tardies - 1 Lunch Detention**
- 6 Tardies - 3 Lunch Detention
- 9 Tardies - 1 day ISS (In-School Suspension)

CODE OF CONDUCT
The Board of Education recognizes that acceptable behavior is essential to the development of responsible and self-disciplined citizens and to the provision of an effective school program. Students are expected to conduct themselves appropriately and to act with regard for the supervisory authority vested by the Board with all district employees, the education purpose underlying all school activities, the widely-shared use of school property, and the rights and welfare of other students. State law requires that written discipline procedures (Code of Conduct) be maintained for the elementary, middle and high school levels.

NOTE: The Code of Conduct classifies offenses into categories, relating to the severity and corresponding disciplinary consequences. The severity of any offense may dictate more serious consequences.

The school provides each student with the maximum opportunity to acquire an education. No student has the right to interfere with this opportunity by actions, poor manners or a lack of consideration. All rules and regulations are developed and enforced with this thought in mind. Rules of student conduct apply when on school property, in classes and at school-sponsored activities.

PARENTS AND GUARDIANS
Parents and guardians have the legal responsibility for the behavior of their children as determined by law and community practice. Parents/guardians are expected to exercise the required controls that the student's behavior will be conducive to the development of self-discipline and will not be disruptive to the school's education program.

TEACHER DISCRETION
Students are under the supervision of many teachers during the day. Each teacher will have his/her own requirements and students should learn these and abide by them. The teacher has the authority and responsibility to maintain discipline.

- Have a conference with the student
- Have a conference with the parent and/or the student
- Have a conference with the principal
- Use classroom disciplinary action
- Refer cases which go beyond his/her direct control directly to the principal

PRINCIPAL DISCRETION
It is the responsibility of each principal to apply the code of conduct uniformly and fairly to each student at the school without partiality or discrimination. It should be understood that the categories of discipline violations outlined below are minimums. Examples of prohibited dress or appearance include, but are not limited to: exposed undergarments; sagging pants; excessively short or tight garments including but not limited to shorts; bare midriff shirts; strapless or spaghetti strapped shirts; attire with messages or illustrations that are lewd, indecent, or vulgar or that advertise any product or service not permitted by law to minors; head covering of any kind; see-through clothing; attire that exposes cleavage; and any symbols, styles, or attire frequently associated with intimidation, violence or violent groups about which students at a particular school have been notified. Sunglasses in the building are also prohibited unless approval has been granted by administration because of medical reasons.
If a student's dress or appearance is such that it constitutes a threat to the health or safety of others, distracts the attention of other students or staff from their work, or otherwise violates this dress code, the principal or designee may require the student to change his appearance and/or be sent home according to the handbook.

CONSEQUENCES OF DRESS CODE VIOLATIONS

ELEMENTARY SCHOOL
Parents will be contacted if it is determined that a child’s clothing is inappropriate and the child will be asked to change into appropriate clothing.

MIDDLE SCHOOL
- **FIRST OFFENSE**: Students will be required to call parent/guardian to bring appropriate attire or wear clothing provided by the school (if available) or be assigned ISS.
- **SECOND/SUBSEQUENT OFFENSES**: First offense requirements, plus detention, ISS or OSS.

Additionally, any student with four or more dress code violations must report to the designated person each day upon arrival at school for a dress code “check” for the remainder of the semester. If the student continues to violate the dress code, the school administration reserves the right to put the student on “uniform restriction” as deemed appropriate. Students will continue to be responsible for arriving at their first period class before the tardy bell.

HIGH SCHOOL
- **FIRST OFFENSE**: Formal Warning. Students will be required to change clothing/correct the clothing issue.
- **SECOND OFFENSE**: 3 Lunch Detentions. Students will be required to change clothing/correct the clothing issue.
- **THIRD OFFENSE**: 1 Day ISS. Students will be required to change clothing/correct the clothing issue.

MISCELLANEOUS

COUGH DROPS
Students in middle and high school will be allowed to carry and self-administer cough drops. Cough drops are not to be shared with other students due to the possibilities of allergic reactions.

SUNSCREEN
All students will be allowed to carry and self-administer plain sunscreen. Sunscreen is not to be shared with other students due to the possibility of allergic reactions.

TECHNOLOGY USE
Kingsport City Schools provides students with access to the school system’s electronic communication system, which includes internet access. The purpose of the computer system is to serve as a resource in the student’s educational path and as an aid in fulfilling their curriculum requirements. The system is also used to enhance productivity and assist students in improving their computer skills through projects and other educational activities. The system is used to share information with the local community, including parents, social service agencies, government agencies and businesses. The following restrictions are established to ensure that all uses of the school system’s electronic communication system are acceptable.
BRING YOUR OWN DEVICE INITIATIVE (BYOD)
The Kingsport City School System (KCS) has implemented a Bring Your Own Device (BYOD) initiative. The KCS BYOD initiative allows students to bring their personal electronic internet enabled devices such as laptops, tablets, netbooks and mobile phones with Wi-Fi capability. As with all personal items brought to school, KCS is not liable for the loss, damage, misuse, or theft of these devices. Students are not required to bring a personal electronic device to school. KCS is not responsible for any financial obligations resulting from carrier or service provider charges.

Students not following KCS guidelines may face disciplinary actions and may lose their BYOD privileges. Any use of personal electronic devices deemed inappropriate by KCS administration, teachers, or staff may also result in disciplinary actions. Use of personally owned devices is permitted during instructional time for educational purposes and school approved activities. KCS reserves the right to monitor, inspect, copy, and review a personally owned device or file when administration has a reasonable suspicion that a violation has occurred.

Each school within the system may provide students with permission forms to complete and return to school. After receipt and approval of permission form and device, students will be allowed to bring their own device to school the following day. The KCS staff and administration will post any changes made to these guidelines under the Student Handbook link on the district website.

GENERAL GUIDELINES:
- Personal electronic devices must be connected to the internet via the KCS filtered Wi-Fi network. Use of 3G and 4G wireless connections are not allowed.
- Personal electronic devices may be used in class as directed by KCS teachers.
- Personal electronic devices may be used for educational purposes and activities allowed by school policy. The use of personal devices must not disrupt class activities.
- Personal electronic devices may be used for gaming, texting, email, etc., ONLY when the activity is directly related to classroom and/or web-based instruction and monitored by KCS teachers.
- Personal electronic devices are for the use of the device owner.
- Personal electronic devices may NOT be used in locker rooms, restrooms, or rooms designated for changing clothes.

STUDENTS BRING THEIR DEVICES TO USE AT KINGSPORT CITY SCHOOLS AT THEIR OWN RISK.
It is the student's duty to be responsible for the upkeep and protection of their devices.

KINGSPORT CITY SCHOOLS IS IN NO WAY RESPONSIBLE FOR:
- Personal devices that are broken while at school or during school-sponsored activities.
- Personal devices that are lost or stolen at school or during school-sponsored activities.
- Maintenance or upkeep of any device (keeping it charged, installing updates or upgrades, fixing any software or hardware issues).

APPROPRIATE USE
Appropriate use includes but is not limited to web-based learning, classroom, and career development activities, such as:
- Research and readings
- Participation in teacher monitored discussion forums
- Completion of homework
- Access to class specific Apps
- Teacher/system approved student-to-teacher and student-to-student communications
- Student presentations
INAPPROPRIATE USE

Inappropriate use includes but is not limited to:

- Communications including obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language or images typed, posted, or spoken by students
- Accessing or sending information that could cause damage to an individual or the school community or create the danger of disruption of the academic environment
- Harassment and Cyberbullying including but not limited to
  - Personal attacks, including prejudicial or discriminatory attacks
  - Persistently acting in a manner that distresses or annoys another person
  - Knowingly or recklessly posting false or defamatory information about a person or organization
- Communication that promotes the destruction of property, including the acquisition or creation of weapons or other destructive devices
- Any communications deemed inappropriate by KCS personnel in any public messages, private messages, and material posted online
- Recording audio or video media or taking pictures of any student or staff member without their permission
- Distribution of any unauthorized media may result in disciplinary actions including but not limited to suspension, criminal charges, and expulsion
- Attempts to circumvent the school’s network security and/or filtering policies. This includes setting up proxies and downloading programs to bypass security

To ensure the security of confidential information, the use of electronic devices (including cell phones) is prohibited in school clinics unless approved by the school nurse.

Students bear the burden of responsibility to inquire of school administrators and/or teachers regarding the appropriate use of technology prior to engaging in questionable activities.

UNACCEPTABLE DEVICES

Unacceptable devices include but are not limited to:

- Portable gaming devices or consoles unless Wi-Fi enabled and a web browser is installed;
- Laser pointers;
- Modems or routers;
- Televisions

DISCIPLINARY ACTIONS (MAY CHANGE BASED ON SCHOOL POLICY)

- **FIRST INFRACTION:** Administrator, teacher, or staff person will confiscate the device and turn it into the school office. The school office will inform the parent or guardian of the infraction. The parent and student will review the guidelines and complete a new permission form. The student may be subject to additional disciplinary actions based on the circumstances of the infraction.

- **SECOND INFRACTION:** The student will lose BYOD privileges without the express permission of the principal or site administrator. The student may be subject to other disciplinary actions based on the circumstances of the infraction.

*If any infraction is a violation of law, school authorities will notify the appropriate law enforcement agency.

Students and parents must read and sign the BYOD Permission Form/Agreement that will be provided by each school. Please return the form to your homeroom teacher prior to bringing your device to school.
RESPONSIBLE USE POLICY (RUP)

KCS intends for students and employees to benefit from technological resources while remaining within the bounds of safe, legal and responsible use. Accordingly, KCS establishes this Responsible Use Policy (RUP) and Technology Handbook to govern student use of KCS owned technological resources. This policy applies regardless of whether such use occurs on or off school property, and it applies to all KCS technological resources, including but not limited to computer networks and connections, the resources, tools and learning environments made available by or on the networks, and the devices that connect to those networks. Refer to the KCS Student Handbook, available at www.k12k.com, for additional policies and procedures pertaining to KCS technology.

STUDENT DEVICES

Any laptop, computer, tablet or similar device provided by KCS is referenced as a “KCS device.”

I HAVE MY OWN DEVICE

A student may use his/her own device, but KCS will not provide technical support to student-owned devices. Teachers may utilize programs and have lesson plans that are incompatible with a personal device. If using a personal device, a Google Chromebook or Microsoft Windows laptop is recommended.

HANDLING, CARE AND USE BY STUDENTS

The same policies and guidelines that apply to student-issued textbooks also apply to KCS devices issued to students.

- Students are responsible for all media, Internet usage, downloads, file creation, file deletion, file sharing, file storage, and other actions that involve all software or applications accessed via an assigned KCS device.
- Students should not allow other users to use the KCS device.
- A KCS device is only for creation of, storage of, access to, and consumption of school-appropriate content. Students should not access, store, create, consume, or share unauthorized or inappropriate content.
- Students should start each school day with a fully charged battery on their assigned KCS device. KCS cannot provide a backup battery should the KCS device battery not be fully charged.
- Students should ensure that the KCS device is logged on to the school district’s network at least every 30 days to receive necessary updates which are critical in keeping the KCS device safe and operational.
- Students should ensure that nothing is ever connected to, or inserted into, any of the ports and/or connectors of the KCS device that are not intended for that particular port or connector.
- Students should ensure the KCS device is never exposed to liquids or other foreign substances, including drinks, paint, ink, glue, cleaners, polishers, or any type of health/beauty aid (lotion, nail polish, perfume, soap, shampoo, etc.).
- Students should ensure the surface of the KCS device is not altered or defaced. The assigned device may not be decorated, and any labels, stickers, or tags on the KCS device that are affixed by school personnel may not be removed. Students may purchase an appropriate protective cover from an outside vendor that is made to affix to the outside of the device. This cover is the student’s property and may be personalized.
- Only KCS technology personnel may troubleshoot, diagnose, or repair the assigned device.

SECURITY, STORAGE AND TRANSPORT

- Students in grades 6-8 will be provided a work-in-case and the device must remain in the case at all times.
- Students in grades 9-12 have the option to accept a KCS-provided case or provide one of their own.
- The KCS device should be kept powered off and in a protective carrying case when not in use.
• The KCS device should be powered down and kept in a protective carrying case while transporting it in a vehicle.
• Do not hold, lift, or suspend the KCS device in the air solely by the screen/display.
• The KCS device should be transported within a protective carrying case both inside and outside of school.
• The KCS device should be powered completely off before being stored in a protective carrying case.
• The KCS device should be handled with caution, even when in the protective carrying case.
• Do not throw, slide, drop, or toss, etc. the device, even while in the carrying case.
• If a student needs to exit the classroom leaving behind a KCS device that is powered on, opened up, and in use for class, the device should be moved to a secure location and monitored by a KCS staff member. The device should not be left unattended or on a small or unstable desk in a crowded classroom, even if left alone for only a moment.
• The KCS device should be kept secure. Students are responsible for their KCS device at all times. Students should either take the KCS device home for nightly storage or ensure the device is locked and secured in a safe place at school, such as a school locker with a school-issued lock attached. KCS devices should not be left in a classroom for overnight storage, even if the classroom is to be locked.
• At home, a KCS device should be kept out of reach of younger siblings, family pets, or anyone else capable of carelessly handling or inadvertently damaging the device. Students are responsible for not sharing or switching the KCS device, its power charger, and/or other accessories with other users.
• Bringing an assigned power charger to school for daily use is allowed. Students are responsible for any loss or damage that may occur to the charger and KCS device, regardless of whether loss/damage occurs at school or away from school.
• The KCS device should never be stored in an unlocked/locked and/or unattended parked vehicle, even when the parked vehicle is at your residence.

WIRELESS INTERNET ACCESS
• All KCS usage expectations and policies pertain to use on public Wi-Fi networks just as they do when at school.
• KCS devices may connect to any standard Wi-Fi network or secured Wi-Fi network for which the user has the appropriate network key or passcode to connect.
• Many public destinations offer free public Wi-Fi to its patrons and can provide the KCS device Internet access away from school.
• KCS devices cannot be used with Wi-Fi networks that require installation of networking software, reconfiguration of security settings, manipulation of firewall settings, use of network connection wizards, or manually assigning of an IP address.

PRIVACY
No expectation of privacy exists in the use of KCS technological resources. Users should not assume that files or communications accessed, downloaded, created or transmitted using KCS technological resources or stored on services or hard drives of individual KCS devices will be private. KCS administrators or individuals designated by the superintendent may review files on KCS devices if inappropriate activity is suspected. KCS Technology staff will not monitor personal email accounts or other personal communications and/or accounts.

KCS Administration, Staff and Technology Personnel will not use the KCS device webcam for the purpose of observing student activity.
PARENTAL CONSENT
KCS recognizes that parents of minors are responsible for setting and conveying the standards their children should follow when using media and information sources. The KCS Technology Department has installed a mobile web filtering solution on each KCS device. The software provides the same web content filtering that students experience on a KCS campus. Since KCS receives federal E-rate funding, web content filtering is required on all KCS devices.

Parents/guardians should understand that no web content filtering is 100% effective. Please monitor your child’s Internet usage and talk with them about appropriate Internet use.

OTHER SCHOOL ISSUED ACCOUNTS
To provide access to appropriate online resources and services, teachers or KCS administrators may issue student accounts such as for the district’s learning management system (LMS). As new technologies are developed, students may gain or lose access to different services or resources during the school year. Teachers who assign accounts which utilize services or student data information will notify parents directly. All services and resources paid for and utilized by KCS will be vetted by KCS personnel for appropriateness of content and compliance with Federal CIPPA and COPA privacy regulations.

FILE STORAGE
- Students in all grades have an online repository for file storage in the district’s Google Drive.
- Flash drives, SD Cards, etc. formatted as storage devices can be used on KCS devices. Google Drive is the recommended file storage location.
- It is the responsibility of students to secure and backup all peripherals, data, and documents connected to or stored locally on the KCS device when repair or maintenance is required.
- It is the responsibility of Graduating Seniors or students leaving the system to ensure they have a copy of all documents.

DAMAGE TO KCS DEVICES
By taking possession of a KCS device, whether on or off campus, students assume full responsibility for the safety, security, care, and proper use of the KCS device. In case of accident, fire, flood, or careless handling of the property, the student agrees to assume full responsibility for the damaged KCS device. In the case of damage or possible damage to a KCS device, the student must report the incident to school administration as soon as reasonably possible.

Damages to KCS Devices will not be waived for the following items:
- Damage caused by use with a product not distributed by KCS.
- Damage resulting in a broken screen.
- Damage caused by accident, abuse, misuse, flood, fire, earthquake, or other external cause.
- Damage caused by or due to a pet.
- Damage as a result of violation of this RUP (i.e. involving food, drink or other liquid on or near the laptop).
- Damage as a result of negligence (e.g. the device is placed in an unsafe location or position, the device is misused or improperly handled, or the device is damaged due to a drop).
- Damage caused by service performed by anyone who is not a representative of KCS Technology Department.
- Damage to a part or product that has been modified to alter functionality or capability without the written permission of KCS.
- Damage that is cosmetic, including, but not limited to scratches, dents, and broken area around ports, that does not otherwise affect functionality or materially impair use of the device.
• Any issue when either the KCS Asset Tag or Service Tag numbers have been removed.
• Loaning an assigned KCS device or charger to another student.
• Leaving the KCS device or charger unattended.

LOSS OR THEFT
By taking possession of a KCS device, whether on or off campus, the student agrees to assume full responsibility for the safety, security, and care of the KCS device. In a case of complete loss, the parent/guardian agrees to pay the replacement cost. In the case of loss, the student or parent/guardian must report the incident to a KCS building administrator as soon as reasonably possible. In the case of theft occurring away from school, the parent/guardian must report the incident to the law enforcement officials of jurisdiction as soon as reasonably possible and then provide documentation received by law enforcement officially to KCS building administrators as soon as reasonably possible. Failure to report loss or theft as prescribed here may result in the missing KCS device being categorized as lost rather than stolen. In that case, the parent/guardian must assume full responsibility for loss of the KCS device and corresponding financial obligation for replacement costs of the KCS device.

KCS Technology Services may utilize a solution allowing a KCS device to be located if lost or stolen. The location service solution will only be used if the KCS device is reported lost or stolen using the procedures outlined above. While the location service solution is not 100% effective, it does provide a means by which a KCS device could potentially be located if lost or stolen.

REPAIR COSTS
• When, in the judgment of the KCS Technology Director or authorized representative, repairs are feasible and economical, such repairs will be made to a KCS device if the nature of the damage makes the KCS device inoperative or leaves the device in a state in which the damage is likely to increase after redistribution resulting in the need for future repair.
• A parent/guardian is responsible for the cost or repair of a damaged device.
• Replacement costs of device accessories are based on the price which KCS must pay for replacement accessories and/or devices from vendors See List on next page.

**PARENT / GUARDIAN INITIATED ACCOMMODATIONS**

It is the belief of KCS that every student should be granted equal access to the resources provided by the school district for learning. A student should not be restricted access to any learning resource that is granted to all other students. If a parent/guardian decides that their student should not take home a KCS device, then the parent/guardian must meet with the principal or designee at the student's school. The KCS principal or designee and the parent/guardian will develop an appropriate plan of action. The parent/guardian request will be kept on file at the school. A parent/guardian requested accommodation example may be that the student checks a KCS device out at the beginning of the school day and then the student checks the KCS device back in before leaving campus.

**ADMINISTRATOR-INITIATED ACCOMMODATIONS**

As a consequence for misuse or a safety measure for a particular student or for noncompliance with the RUP, the loss of privilege or restricted access to KCS-provided technology can be instituted. If this is the case, a KCS principal or designee will meet with the student and parent/guardian to make arrangements that may deny or restrict access to the device or resource in question. The use of KCS technology is a privilege rather than a right and can, therefore, be taken away from a user who has displayed behavior or a pattern of behavior, that is considered by an administrator to be potentially unsafe, or unhealthy for the user, other students, staff, the technology itself, or the learning environment.

In addition to suspending and/or terminating technology privileges, certain violations could result in disciplinary action up to, and including, suspension or expulsion. Additionally, civil and/or criminal action is possible depending on the seriousness of the infraction. Students and employees are responsible for contacting their teachers or supervisors immediately if they discover or are aware of inappropriate/unauthorized use.

**REPOSSESSION**

If a student does not fully comply with all terms of the RUP, including the timely return of the KCS device, KCS shall be entitled to declare the student in default and visit a student's residence, or other location of the device, to take possession of the property. If a check is returned or the payment plan is in default, the device will be repossessed. All funds are nonrefundable. KCS reserves the right to disable the device at anytime as needed.

**APPROPRIATION**

KCS retains the right to take any and all legal action for failure to return the KCS device or for using the KCS device for non-school purposes without the written consent of the Superintendent of schools or his/her designee.

**INTERNET SAFETY**

School system staff will employ supervision and care in determining and monitoring appropriate use of the Internet. Failure to abide by Board policies and administrative procedures governing use of the school system’s electronic resources may result in the suspension or revocation of system access, and can result in disciplinary action.

Kingsport City Schools has taken precautions, which are limited, to restrict access to inappropriate materials; however, on a global network, it is impossible to control all available content. A user may accidentally or intentionally discover inappropriate information. Use of any information obtained via electronic resources is at the risk of the user. Kingsport City Schools makes no warranties of any kind, whether expressed or implied, for the service it is providing.

19 BOE Policy 4.406

www.k12k.com
Kingsport City Schools will not be responsible for any damages a user may suffer, including loss of data or cost incurred from a commercial service. Kingsport City Schools will not be responsible for the accuracy or quality of information obtained through any telecommunication or electronic resource.

It is the policy of the Kingsport City Schools to: (a) prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of communications; (b) prevent unauthorized access and other unlawful online activity; (c) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors, and (d) comply with the Children’s Internet Protection Act [Pub. L No. 106-554 and 47 USC 254(h)].

The principal or designated representatives will provide age-appropriate training for students who use the Kingsport City Schools Internet facilities. The training provided will be designed to promote the Kingsport City Schools commitment to:

- The standards and acceptable use of Internet services as set forth in the Kingsport City Schools Internet Safety Policy;
- Student safety regarding:
  - Safety on the Internet
  - Appropriate behavior while online, on social networking Web sites, and in chat rooms and
- Compliance with the E-rate requirements of the Children’s Internet Protection Act (CIPA).

For additional information, please reference KCS BOE Policy 4.406 – Use of the Internet.

**DISCLAIMER**

KCS and the City of Kingsport make no warranties of any kind, whether express or implied, for the service it is providing, and are not responsible for any damages suffered by any user. Such damages include, but are not limited to, loss of data resulting from delays, non-deliveries or service interruptions, whether caused by the KCS or the user’s negligence, errors or omissions. Use of any information obtained via the Internet is at the user’s own risk. KCS specifically disclaims any responsibility for the accuracy or quality of information obtained through its Internet services.

Because this Responsible Use Policy deals with KCS resources/devices, KCS retains full editorial control as to any access, use, publication, or other activity relating to students.

**PERSONAL SAFETY**

- Users will not post personal contact information about themselves or other people, including such information as address, telephone, work address, etc. This includes, but is not limited to, online services such as social media sites, chat rooms, websites, blogs, etc.
- Users will not agree to meet with someone they have met online without their parent’s approval and participation.
- Users will promptly disclose to their teacher or other school employee any message received that is inappropriate or makes them feel uncomfortable.
- Internet Safety training will include, but is not limited to, appropriate online behavior, interactions on social networking websites and chat room and cyberbullying awareness and response. Training resources will include the Commonsense.org online resources delivered through the Canvas platform.
- Training courses must be completed within the first 30 days of school or enrollment. If not completed, devices will be disabled.

**ILLEGAL ACTIVITIES**

- Users will not attempt to gain unauthorized access to the system, attempt to access any other computer system through the KCS system, or go beyond their authorized access. This includes attempting to log in through
another person's account or accessing another person's files. The use of proxy servers is also prohibited along
with any other means of circumventing network security. (A proxy server acts as a go-between for requests
from computers and network servers.) These actions are prohibited, even if only for the purposes of “browsing.”

- Users will not make deliberate attempts to disrupt the computer system performance or to destroy data by
  spreading computer viruses or by any other means. These actions are illegal.
- Users will not use the KCS computer system to engage in any illegal acts, such as arranging for a drug sale or
  the purchase of alcohol, engaging in criminal gang activity, or threatening the safety of another person.

SYSTEM SECURITY
- Users are responsible for the use of their individual accounts and should take all reasonable precautions to
  prevent others from being able to use their accounts. Under no conditions should a user provide his/her
  password to another person.
- Users will immediately notify the system administrator if they have identified a possible security problem. Users
  will not attempt to solve security problems because this may be construed as an illegal attempt to gain access.
- Users will avoid the inadvertent spread of computer viruses by following virus protection procedures. All
  removable media such as flash drives may be subject to scanning for viruses and malware before use.

INAPPROPRIATE LANGUAGE
- Restrictions against inappropriate language apply to all communications including public messages, private
  messages and material posted on web pages.
- Users will not use obscene, profane, lewd, vulgar, rude, inflammatory, threatening or disrespectful language.
- Users will not post information that, if acted upon, could cause damage to the computer network and/or
  disruption of network services.
- Users will not engage in personal attacks, including prejudicial or discriminatory attacks. (i.e., cyberbullying)
- Users will not harass another person. Harassment is persistently acting in a manner that distresses or annoys
  another person. If a user is told by a person to stop sending messages, the user must stop.
- Users will not knowingly or recklessly post false or defamatory information about a person or organization.

RESPECTING PRIVACY
- Users will not repost a message that was sent to them privately without permission of the person who sent the
  message.
- Users will not post private information about other persons.

RESPECTING RESOURCE LIMITS
- Users will use the system only for educational activities.
- Peer-to-peer communications are prohibited. This includes chat programs, instant messaging, and any service
  or system that promotes circumvention of copyright laws.

PLAGIARISM AND COPYRIGHT INFRINGEMENT
- Users will not plagiarize works found on the Internet (this includes any publication: books, magazines and
  periodicals). Plagiarism is defined as taking the ideas or writings of others and presenting them as if they were
  original to the user.
- Users will respect the rights of copyright owners. Copyright infringement occurs when an individual
  inappropriately reproduces a work that is protected by a copyright. If a work contains language that specifies
  acceptable use of that work, the user must follow the expressed requirements. If the user is unsure whether a
  work/document can be used, permission must be requested from the copyright owner.
INAPPROPRIATE ACCESS TO MATERIAL

- Users will not use the KCS computer system to access material that is profane or obscene (pornography), that advocates illegal acts, or that advocates violence or discrimination towards other people (hate literature). For students, special exception may be made for hate literature if the purpose of such access is to conduct research and access is approved by both the teacher and the parent.

- If a user inadvertently accesses inappropriate material, he/she must immediately close any open window that displays such material and disclose the inadvertent access in a manner specified by his/her school. This will protect users against an allegation that they have intentionally violated the Acceptable Use Agreement. Failure to report any inadvertent access may result in a violation of the Acceptable Use Agreement or any other method of discipline specified by the user’s school.

- KCS has implemented filtering and/or blocking software to restrict access to Internet sites containing pornography, obscene depictions, or other materials harmful to minors under 18 years of age, to the extent practicable, while using its network. This control also applies to other forms of communication such as e-mail, chat rooms, social networking sites, instant messaging, and the like. However, no software is foolproof; therefore, there is still a risk a user maybe exposed to a site or message containing such material. Please monitor your child’s internet usage and talk with him/her about appropriate internet use.

MISCELLANEOUS

- Users may not use the KCS computer system for commercial purposes, defined as offering or providing goods or services or purchasing goods or services for personal use.

- Users may not use the system for political lobbying, as defined by state law TCA 3-6-102. Students may use the system to communicate with their elected representatives and to express their opinion on political issues.

PERSONAL LAPTOPS

Upon prior approval from faculty and/or administration, student laptops may only be connected to the school network for educational/classroom purposes. Students may use their personal laptop computers in the event they do not have immediate access to school computers. In this event, student laptops may only be used under the direct supervision of an authorized KCS employee/volunteer.

GOOGLE APPS FOR EDUCATION

KCS Google Apps for Education (GAFE) is an integrated communication and collaboration solution, hosted by Google and managed by KCS. GAFE will provide the ability for students, faculty and staff to communicate, store files and collaborate on documents, spreadsheets, and presentations in real time from school, work, or home, all within a secure “closed campus” online environment. Please see the technology website for more information about GAFE.

GOOGLE APPS FOR EDUCATION PERMISSION

KCS parents will be asked to give permission to use GAFE through the online registration process within InfoSnap.

RESPONSIBLE USE FORMS (RUP) & GOOGLE APPS FOR EDUCATION (GAFE) MUST BE SIGNED WITHIN THE FIRST 30 DAYS. IF NOT SIGNED AND RETURNED WITHIN 30 DAYS, THE DEVICE WILL BE DISABLED.

ITEMS TO LEAVE AT HOME

Items not appropriate for school will be confiscated. For example: Skateboards, shoe-skates, laser pointers, games, toys, chains or other items that may interfere with instruction are not allowed. Candy, gum, food and drinks are not allowed. Any exception will require the written permission of a staff member. See Confiscation of Items.
CELL PHONES
The Attorney General of Tennessee states that a school has the authority to confiscate a cell phone when the cell phone has been determined to be an unauthorized item in the school rules. The disciplinary action is cumulative so that repeat or persistent violations of the policy result in enhanced disciplinary action. Further, a student’s due process rights are ensured with notification of the cell phone policy.

ELEMENTARY SCHOOL & MIDDLE SCHOOL
Students’ cell phones and other electronic devices are to be turned off and not visible upon a student’s arrival to school (upon entering the building) until the end of the student’s school day. Elementary school students are required to store their cell phones and other electronic devices in their backpacks unless under the direct supervision of school personnel. Cell phones may be confiscated if this rule is violated. See Confiscation of Items. When confiscated from students, parents will be asked to retrieve the cell phone from school administration.

HIGH SCHOOL
We believe cell phones can be powerful learning tools in the classroom when used appropriately. However, we also know that cell phones and other electronic devices can serve as a serious disruption when used for non-academic reasons. Middle and high school students are not permitted to use cell phones during class unless it is for academic purposes, under direct supervision of a classroom teacher. Students may have access to cell phones during their designated lunch and non-class times, provided they are not used in a manner that is disruptive to the school environment. Failure to comply with this rule will result in confiscation of the cell phone. See Confiscation of Items.

LEAVING SCHOOL GROUNDS
Students must remain on school grounds during the entire school day. Take note, students are not allowed to sign-out of school for the purposes of going to lunch. All students who leave school grounds without permission will be subject to disciplinary action.

High School students shall be subject to the following consequences for leaving school grounds without permission:

- First Offense: 1 day ISS\(^{20}\)
- Second Offense: 3 days ISS
- Third Offense: More serious consequences including additional ISS, OSS or referral for possible alternative placement.

LOCKERS
Lockers are school property and may be inspected by school authorities. Lockers may be periodically checked by the police and canine corps. High school students wishing to use lockers may sign up in the front office.

SCHOOL-SPONSORED ACTIVITIES
School sponsored activities include field trips, social activities, conventions, workshops, academic competitions, and any other related functions recognized by the school that are held on or off the campus. Students who participate or attend are representatives of their individual schools, as well as Kingsport City Schools in general, and will conduct themselves as such. Students who violate regulations at these activities are subject to disciplinary action as defined in the Student Code of Conduct. If the school provides transportation to an activity, the student must return via the school transportation or may only be released or signed out with prior written approval from a parent/ guardian or adult immediate family member in person. During an assigned Out-of-School Suspension (OSS), expulsion, or while attending alternative school, students may not attend or participate in any school sponsored activity, including prom and graduation. The school medication policy applies to medication use during school-sponsored activities.

\(^{20}\) In-School Suspension
Parents or legal guardians shall be notified concerning clubs and organizations available to students attending the school. A full listing of these clubs and organizations can be found at www.k12k.com. The list shall include:

- The names of the clubs and organizations, including any abbreviations or acronyms
- The mission and purpose of the clubs and organizations
- All financial requirements associated with membership in the club or organization

No school shall permit a student to become a member or participate in any activities of a club or organization if the parent or legal guardian of such student has provided written communication prohibiting such student from such membership or participation. In order to be valid, the written communication shall be signed and dated by the parent or legal guardian.

SEARCHES
Tennessee law authorizes the principal and his/her designee to conduct personal searches of students and visitors on school property, including school buses, if the principal has reasonable suspicion that the student or visitor is in possession of illegal drugs, weapons or other items not allowed by the school rules or state statute. The law extends to cover the search of all automobiles driven to the school by students or visitors. All automobiles, electronic devices, lockers, backpacks, purses or other items brought onto school grounds are subject to search by school officials, police and police drug or bomb-sniffing dogs at any time.

STUDENT DISCIPLINARY HEARING AUTHORITY
The Board of Education authorizes the creation and utilization of a Student Disciplinary Hearing Authority for the purpose of hearing certain student discipline cases. In situations where a student is suspended from school for more than ten (10) days, an appeal may be made to the Student Disciplinary Hearing Authority. An appeal may be filed by the parent or guardian, the student, or any employee holding a teaching license (if requested by the student). The appeal must be filed within five (5) days after the beginning of the suspension.

STUDENT RIGHTS AND RESPONSIBILITIES

THE RIGHT TO DUE PROCESS
Each student has the right to an education. Any disciplinary measure that deprives him/her of this right must be applied only after careful study. The student has responsibilities that are inseparable from and inherent to these rights. One such responsibility is obedience to school procedures, rules and regulations. After-school detention (ASD), Before-school detention (BSD), In-school suspension (ISS), Out-of-school suspension (OSS) and expulsions are measure that may be used when a student fails to meet responsibilities or denies others of their rights.

AFTER-SCHOOL DETENTION (ASD)
Students may be assigned after school detention for disciplinary offenses described in the Code of Conduct. The student must be on time and bring appropriate school work. Failure to arrive on time and/or bring appropriate school work will result in further disciplinary action.

BEFORE-SCHOOL DETENTION (BSD)
In addition to after-school detention, schools may also offer before-school detention.

LUNCH DETENTION (LD)
In addition to before- and after-school detention, students at Dobyns-Bennett High School may be assigned to lunch detention during their assigned lunch period. Students will be allowed to eat lunch, but will only be allowed to purchase food items from Line 1 and will be required to sit in a designated and supervised area outside of the cafeteria.
IN-SCHOOL SUSPENSION (ISS)
Students may be assigned in-school suspension for disciplinary offenses as described in the Code of Conduct. Failure to use time wisely could result in additional ISS time or OSS.

OUT-OF-SCHOOL, SHORT-TERM SUSPENSION (OSS)
Students may be suspended for ten days or less for good and sufficient cause as outlined in the student Code of Conduct. Students may not participate in school events for the duration of an out-of-school suspension. Students are not allowed on school property during an out-of-school suspension.

LONG-TERM SUSPENSION/EXPULSIONS
The principal (in accordance with Tennessee State Laws) shall have the right to suspend any student for longer terms (remainder of the term or the year), for good and sufficient reasons at his/her discretion. Except in an emergency, the student will be advised of the nature of his/her misconduct, questioned about it and allowed to give an explanation. The principal will give written or actual notice to the parent/guardian and the student concerning the suspension and the right to appeal the decision to suspend for more than ten (10) days. All appeals must be filed, orally or in writing, within five (5) days after receipt of the notice (See state law T.C. A. 49-6-3401).

NOTE: Students may not make-up work missed during an expulsion.

REMAND TO ALTERNATIVE SCHOOL
In lieu of long-term suspension/expulsion, students with multiple or excessive disciplinary violations may be remanded to alternative school as deemed appropriate.

THE RIGHT TO FREE SPEECH AND EXPRESSION
Students who have facts and opinions on topics should be allowed to express them in print as well as through conversation. However, student editors and writers must observe the same legal responsibilities as those imposed upon conventional newspapers and news media. No student shall distribute at school any publication that:
- Is obscene to minors according to current legal definition
- Is libelous, according to current legal definitions
- Creates a material and/or substantial disruption of the normal school activity

THE RIGHT TO PERSONAL PROPERTY
Students have a right to be secure in their person and possessions; however, the principal or his/her designee is authorized to conduct a search of a student if there is a reasonable suspicion to believe that the student has in his/her possession any item which is against school rules or state laws. All property is subject to search under the legal authorization of reasonable suspicion.

SOCIAL CLUBS
Social clubs are not sanctioned by Kingsport City Schools.

UNACCEPTABLE USE

DRUG USE
Drug-Free Schools21 - Students will not consume, possess, use, sell, distribute or be under the influence of illegal drugs or alcoholic beverages in school buildings or on school grounds at any time, in school vehicles or buses, or at any school-sponsored activity, function or event whether on or off school grounds. This includes but is not limited to abuse of inhalants and prescription drugs.

21 BOE Policy 6.307
Disciplinary sanctions will be imposed on students who violate standards of conduct required by the Drug-Free Schools policy 6.307. Such sanctions will be consistent with local, state and federal laws, up to and including suspension/expulsion as well as referral for prosecution. Completion of an appropriate rehabilitation program may also be recommended.

Information about drug and alcohol counseling and rehabilitation programs will be made available through the school office.

**TOBACCO USE**

Tobacco-Free Schools\(^2\) - Students shall not be allowed, at any time, to use or possess tobacco on school property or while they participate in any class or activity in which they represent the school system. Tobacco products, vapor products, or other illegal substances possessed by students will be confiscated, submitted to the SRO, and destroyed, per order from local juvenile court.

Adults including staff, those involved in adult programs or other activities, and spectators – are not permitted to use tobacco in the buildings of the system, or on school buses, during school hours. The use of tobacco products by KCS employees while supervising students is prohibited.

Smoking is prohibited in any public seating area and public restrooms on school grounds, including, but not limited to, bleachers used for sporting events. It is the intent of the Board that there be a “no smoking” policy within the fenced-in perimeters of school grounds. Smoking includes but is not limited to: cigarettes, cigars, pipes, and other devices that produce smoke, and also includes gases, particles, or vapors. Smoking also includes simulated smoking such as an electronic cigarette, including e-cigarette, e-cigar, e-pipe, or under any other product name.

**WEAPONS IN SCHOOL**

In an effort to ensure a safe environment for students and employees, all persons are prohibited from the following conduct at all times on school premises, in any school vehicle, or at any school-sponsored activity:

- Known possession or use of objects commonly used or designed to inflict bodily harm and/or to intimidate other people.
- Use of any object as a weapon to inflict or threaten bodily harm and/or intimidate, coerce or harass. This includes objects not necessarily designed to be a weapon.

School personnel will take appropriate action to secure the health and safety of students during any altercation involving violence and/or the use of a weapon. Incidents involving weapons are to be reported immediately to an appropriate administrator.

State law makes it an offense for a person eighteen (18) years of age or older, including a parent or other legal guardian, to know that a minor or student is in illegal possession of a firearm and fail to prevent such possession or fail to report it to the appropriate school or law enforcement officials. The law applies to student possession of a firearm in or on the premises of a public or private school, in a school's athletic stadium, other facility or building where school-sponsored athletic events are conducted, including, but not limited to: public parks, playgrounds, or civic centers.

Take note, not only are weapons prohibited on students’ person, but weapons are prohibited in student vehicles that are driven to school.

As required by the Gun-Free Schools Act of 1994, any student who is determined to have brought a firearm to school will be expelled from the regular school program for at least one calendar year. This action may be modified on a case-by-case basis by the Superintendent.
