Principal's message

Great things are happening at Whitcomb. This is the best way I can describe what is going on with the Wildcats. We are receiving absolutely wonderful students from both GHS and surrounding districts, and molding them into very fine young adults. There is still much to do though, and every person on campus is doing everything possible to see to it that we continue to work magic with our students. This is a very busy year for all of us here at Whitcomb High School. We are in the beginning stages of our self-report for WASC. We are still over a year away from our 4-day WASC visit from the state, but we are working very hard as a school and staff to really examine the many programs on campus and how we can improve on them. This is not an easy task, but one that will prove to be most beneficial for our students and teachers.

We take great pride in providing a challenging curriculum that will benefit the individuality of each student. We continue to work very closely with the comprehensive high school to maintain consistency with our class offerings. We like to maintain a flexible class schedule and smaller class sizes for our students. Being able to access teachers in a smaller environment goes a long way toward increasing student success. We are now in our second year of having one full-time counselor to meet the academic, career and social/emotional needs of our student body. The consistency provided from this position has had an incredibly positive outcome for all students. Odyssey Ware (credit recovery) licenses have increased, giving more students the opportunity to make up credits toward graduation. A variety of ROP classes were put into place for our students, and teachers are working diligently to assist all students toward overall academic excellence.

At Whitcomb, we are doing everything possible to make the high school experience a positive one for our students. The Leadership class, school-wide assemblies, and various activities are part of the overall high school experience that we provide for our students. A magical prom, senior grad night, and an outstanding graduation ceremony are just a couple of the highlights for our seniors before we will bid farewell to them in May. All of this is made possible through the incredible support of our parents, PTSA, district personnel and our outstanding community. Without these folks, none of this would be possible.

Sincerely,
Ron Letourneau, Principal
Whitcomb High School

Mission Statement

Our mission at Whitcomb High School is to provide a challenging California State Standards based curriculum within a safe, caring and personalized environment that will enable all students to reach their educational and lifelong goals. Whitcomb will continue to focus on the technological needs, as well as enhancing the critical thinking and problem solving skills of our students to better prepare them for life beyond high school.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

Whitcomb High School, formerly Gordon School, was built in 1958 as a K-8 facility, which included 22 classrooms, a cafeteria, an administrative office, and a library. WHS moved to this location in 1979 and uses nine classrooms. The remaining classrooms are used by the District for other programs.

The facility is maintained in a manner that assures that it is clean, safe, and functional as determined pursuant to an interim evaluation instrument developed by the Office of Public School Construction.

The state requires districts to report general information about the safety, cleanliness, and adequacy of school facilities, including the condition and cleanliness of the school grounds, buildings, and restrooms. Additional information about the condition of WHS may be obtained from the District Business Office. During the 2018-19 school year, the safety inspection was completed on June 20, 2019 and the findings are listed on the next page.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	16	33	67	67	50	50
Math	0	0	56	59	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

Whitcomb High School has an extremely active Parent Teacher Student Association (PTSA) that provides support for all our students and the entire faculty/staff. Whitcomb High School may very well be the only alternative school in the valley with a PTSA. The PTSA meets quarterly and continues to seek the assistance and participation of all parents, students, family and friends of education. The PTSA volunteers continue to assist with numerous volunteer hours and financial assistance, so that all students will be given the opportunity to experience various activities throughout the year. Last year, the PTSA volunteers worked over 3,450 hours for the school. The PTSA holds its annual Ladies Night Out fundraiser on the Whitcomb campus each year, with a great deal of the proceeds coming back to the students for various activities. Our incredibly talented PTSA President, Anna Fiaoni can be reached through the Whitcomb High School main office at 626-852-4550.

Our School Site Council is also a very valuable group here at Whitcomb. Parents are encouraged to seek membership on this committee in hopes of offering good guidance and possible solutions as to how we can best spend our budget money provided to us. Being a member of the school site council is just another opportunity for parents to be involved with everything that goes on at Whitcomb.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

School/District safety and disaster plans are evaluated annually and are available for review in the school office. The District has distributed specially designed emergency cards to be used in case of a disaster. Earthquake, disaster, lock-down, and fire drills are practiced regularly. The PTA provides minimal food, water, and medical supplies for disaster preparedness.

Suspensions and Expulsions for the School	2016-17	2017-18	2018-19
Suspensions Rate	21.3	11.9	10.5
Expulsions Rate	0.0	0.0	0.0

Expulsions Rate	0.1	0.1	0.1

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Support Staff

The Glendora Unified School district provides a district psychologist for testing, case studies and intervention. A district nurse and a health technician are available to all students as well as a speech/language pathologist to those students who qualify for the program. A library technician assists students in the library/media center. Whitcomb High School has a full-time academic/guidance counselor. The counselor actively monitors student progress toward the goals of their individual plans. All students are aware of their status in regard to academic progress and success toward graduation. The counselor also provides college and career guidance for the students.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

Staff training is ongoing in the Glendora Unified School District. The district calendar includes two orientation days prior to the start of the school year in August, one staff development day in Fall, and one staff development days in Spring. Staff development is ongoing and takes place throughout the year, by use of academic coaches, release time for teacher self-selected learning and collaboration, in-class coaching, and use of weekly early-out and late-start days. Professional Development is planned by a joint committee of teachers and administrators, using student achievement and other data, including teacher needs assessments and state requirements.

Career Technical Education Programs

Whitcomb High School collaborates with the East San Gabriel Valley ROP to offer career-technical classes that students can take as single electives, or as pathways. These courses include Algebra for Business and Technology applications and Early Childhood Education. The Early Childhood Education course is articulated with Citrus College and Mt. San Antonio College. Students enrolled in the on-campus Early Childhood Education Class participate in hands-on child care assignments through worksite partnerships with Options Headstart Preschool, LACOE Preschool, Stanton Elementary School, and Foothill Christian School.

Off campus, ROP offers many classes that lead to job skills that include the areas of health, cosmetology, animal science, emergency technician, law enforcement, child care, apparel marketing, and more. These programs provide rigorous coursework that follows the CTE standards. These programs also offer certificates of completion and some lead to state or national certification in their areas.

At the community college level, students have the opportunity to take a variety of CTE and Tech Prep programs ranging from Automotive to Cosmetology. Whitcomb High School partners with Citrus College on a variety of levels, ranging from concurrent high school enrollment and application workshops to scholarships, tutoring, and more.
