Chess is fun and can be learned quickly and easily. Studies have found that chess helps improve test results in reading, science, and math, and produces growth in critical cognitive skills. Beyond academia, chess influences social behavior including self esteem, respect for others, patience, and good sportsmanship. And did we mention: **it's FUN!**

Boards and sets are provided for our classes. Enrollments are accepted in the order received. *For siblings, the first child is full price; additional siblings are half price. Also, some reduced fees are available to low-income families upon request.*

*Note: The first parent to volunteer to assist the chess class will receive **free chess for their child this session.** No chess experience necessary! Please contact the BCS office to sign up: **510-843-0150** or send an email to programs@berkeleychessschool.org.*
